American Sermons (LOA #108) The Pilgrims to Martin Luther King Jr. *A comprehensive anthology collects fifty-eight sermons from each period of American history, showing the development of this neglected literary form from Colonial times to powerful sermons of the Civil Rights Movement* **Martin Luther King Jr.** *Teacher Created Materials* *Highlights the life and achievements of the Baptist pastor who became a driving force behind the African American civil rights movement.* **My Life with Martin Luther King, Jr** *Puffin* *An inside look at the life and work of the noted civil rights leader, from the viewpoint of his wife Coretta Scott King* **Martin Luther King Jr** *Paw Prints* **Where Do We Go from Here?** *Xlibris Corporation* *As the characters go through their daily journeys, each one finds themselves often pondering the question: Where do we go from here? Some will realize the answer to that question, while others will be left to figure out which way to turn next. Interwoven in this novel are issues and lessons related to friendship, love, death, family secrets, betrayal, heartbreak and pure bliss. Set in the suburbs of Maryland and the Washington Metropolitan area, you'll take a ride through the characters' lives that will touch your heart and leave you wanting more.* **The Martin Luther King, Jr. Companion Quotations from the Speeches, Essays, and Books of Martin Luther King, Jr.** *Macmillan* *Quotations by the civil rights leader cover such issues as race, justice, and human dignity* **Judgment Days Lyndon Baines Johnson, Martin Luther King, Jr., and the Laws that Changed America** *Houghton Mifflin Harcourt* *Publisher Description* **The Domestication of Martin Luther King Jr.** *Clarence B. Jones, Right-Wing Conservatism, and the Manipulation of the King Legacy* *Wipf and Stock Publishers* *Clarence B. Jones, close King advisor and draft speechwriter, has done much to reinforce a conservative hijacking of King's image with the publication of his controversial books What Would Martin Say? (2008) and Behind the Dream (2011). King emerges from Jones's books not as a prophetic radical who attacked systemic racial injustice, economic exploitation, and wars of aggression, but as a fiercely conservative figure who would oppose affirmative action and illegal immigration. The Domestication of Martin Luther King Jr. offers a critique of Jones's work and the larger effort on the part of right-wing conservatives to make King a useful symbol, or the sacred aura, in a protracted campaign to promote their own agenda for America. This work establishes the need to rethink King's legacy of ideas and activism and its importance for our society and culture.* **To Redeem the Soul of America The Southern Christian Leadership Conference and Martin Luther King, Jr** *University of Georgia Press* *To Redeem the Soul of America looks beyond the towering figure of Martin Luther King, Jr., to disclose the full workings of the organization that supported him. As Adam Fairclough reveals the dynamics within the Southern Christian Leadership Conference he shows how Julian Bond, Jesse Jackson, Wyatt Walker, Andrew Young, and others also played a hand in the triumphs of Selma and Birmingham and the frustrations of Albany and Chicago. Joining a charismatic leader with an inspired group of activists, the SCLC built a bridge from the black proletariat to the white liberal elite and then, finally, to the halls of Congress and the White House.* **Freedom's Distant Shores American Protestants and Post-colonial Alliances with Africa** *Baylor University Press* *This volume examines relations between U.S. Protestants and Africa since the end of colonial rule. It draws attention to shifting ecclesiastical and socio-political priorities, especially the decreased momentum of social justice advocacy and the growing missionary influence of churches emphasizing spiritual revival and personal prosperity. The book provides a thought-provoking assessment of U.S. Protestant involvements with Africa, and it proposes forms of engagement that build upon ecclesiastical dynamism within American and African contexts.* **Ethical Prophets along the Way Those Hall of Famers** *Wipf and Stock Publishers* *The Hebrew prophets of ancient Israel strove to convey God's point of view to the people and the powers at a time when injustice, deceit, malfeasance, and crushing the poor and the oppressed was prominent—much like today! The prophets spoke courageously and emphatically about God's profound and unrelenting concern and compassion for human beings. Much influenced by the theology of prophecy developed by Rabbi Abraham Joshua Heschel, this book discusses the nature, meaning, and relevance of ethical prophecy at a time when democracy—in the United States of America and elsewhere—is under vicious assault from the religious and secular right and authoritarian politicians who openly flirt with and support murderous dictators, sexism, homophobia, racial bigotry, anti-Semitism, and hatred of Muslims both in word and practice. An examination of the contributions of eight powerful personalities from the period of American slavery through the post-civil rights era—Angelina Grimké, Ida B. Wells, Abraham J. Heschel, James Baldwin, Malcolm X, Martin Luther King Jr., Óscar Romero, and Alice Walker—offers a recipe for addressing this state of affairs.* **The Life and Death of Martin Luther King Jr.** *The Rosen Publishing Group, Inc* *The upheaval and unrest of the civil rights era paved the way for great leaders. Martin Luther King Jr. emerged as one of the most important voices in American history, leading the fight for equality and justice for the black community. Readers learn how a boy who attended segregated schools in Atlanta rose to become a prominent national figure who lead protest marches, met with presidents, won a Nobel Peace Prize, and inspired a nation. They will discover how Dr. King rallied thousands to the cause of equality, and, in doing so,*

became a household name, and a treasured national icon. **Crashing into the Third Heaven A Thorn in the Flesh** [WestBowPress](#) Two ten-year-old Irish American girls take the reader on a journey beginning in 1955, when they are challenged by Salvie Baldwin to learn about the historic 1954 US Supreme Court decision declaring segregated schools unconstitutional. After a tragic fall on a track field, sixteen-year-old Erin O'Hara is told that she must make a life-or-death decision to have surgery to save her left leg and her life. Desperately ill and weary from the fight to hang on, she thinks of what she and her best friend, Lily McCarey, have learned about the courage of the Negroes in fighting for fair independence and acceptance, as they are in the middle of America's civil rights movement. They have both been clinging to that shifty rope bridge called faith. It is now 1963 and the worst is yet to come. Joy O'Hara, Erin's mother, keeps her ambitious husband and three daughters within her sight, delivering unconditional love. In her wisdom, she hires Mayleen Watson, a good woman, to look after her children and her home. But her true intent is to help her racially prejudiced husband move to a place of honest acceptance, while keeping her children colorblind. Mayleen, who swore she would never work for a white family, takes them into her heart and, when necessary, delivers tough love through sass and laughter. While representing Colorado in the 1963 America's Junior Miss Pageant, Erin's beliefs are sorely tested but reinforced by divine miracles. As life spins ahead, it is discovered that deeply held faith in God is the bedrock of everyone's salvation. *Crashing into the Third Heaven* is a testament to the power of faith, courage, and forgiveness. First-time novelist Janis Baker lays down a foundation of strong, believable characters who exemplify the capabilities of women while under fire. **The ... Eloquent and passionate, reasoned and sensitive. "AT THE first National Conference on Christian Education of the United Church of Christ, held at Purdue University in the summer of 1958, Martin Luther King presented two notable devotional addresses. Moved by the dear and persuasive quality of his words, many of the 3000 delegates to the conference urged that the meditations be made available in book form. They wanted the book for their own libraries and they were eager to share Dr. King's vital messages with fellow Christians of other denominations. "In the resolute struggle of American Negroes to achieve complete acceptance as citizens and neighbors the author is recognized as a leader of extraordinary resourcefulness, valor, and skill. His concern for justice and brotherhood and the nonviolent methods that he advocated and uses, are based on a serious commitment to the Christian faith. "As his meditations in this book suggest, Dr. King regards meditation and action as indivisible functions of the religious life. When we think seriously in the presence of the Most High, when in sincerity we "go up to the mountain of the Lord," the sure event is that "he will teach us of his ways, and we will walk in his paths" (Isaiah 2: 3)." **Encyclopedia of Black Studies** [SAGE](#) Articles presents an analysis of the key individuals, events, and issues that are important to African Americans. **The Words of Martin Luther King, Jr** Reissued with a new cover in trade paperback format in the Newmarket "Words Of" series, this perennial classic--over 200,000 copies sold--belongs in every home, school and library. Throughout his brief life, Martin Luther King communicated vision, passion, and inspiration. This timeless volume, authorized by the estate of Martin Luther King, includes highlights from the legendary civil rights leader's speeches, sermons, and writings selected by his wife Coretta Scott King, who contributes an impressive introduction on Dr. King's life and legacy. The stirring book contains approximately 120 quotations, focusing on seven areas of concern: The Community of Man, Racism, Civil Rights, Justice and Freedom, Faith and Religion, Nonviolence, and Peace. Also included is a detailed chronology of Dr. King's life and its involvement in the civil rights movement in our time. **African American Lives** [OUP USA](#) Features portraits of some six hundred noteworthy African Americans representing a wide variety of fields of endeavor. **Why We Can't Wait** [CRC Press](#) Martin Luther King's policy of non-violent protest in the struggle for civil rights in the United States during the second half of the twentieth century led to fundamental shifts in American government policy relating to segregation, and a cultural shift in the treatment of African Americans. King's 1964 book *Why We Can't Wait* creates strong, well-structured arguments as to why he and his followers chose to wage a nonviolent struggle in the fight to advance freedom and equality for black people following 'three hundred years of humiliation, abuse, and deprivation.' The author highlights a number of reasons why African Americans must demand their civil rights, including frustration at the lack of political will to tackle racism and inequality. Freedoms gained by African nations after years of colonial rule, as well as the US trumpeting its own values of freedom and equality in an ideological war with the Soviet Union, also played their part. King dealt with the counter-argument that civil rights for blacks would be detrimental to whites in America by explaining that racism is a disease that deeply penetrates both the white and the black psyche. His reasoning dictated that the brave act of nonviolent mass protest would provoke the kind of thinking that would eventually eliminate racism, and give birth to equality for all of 'God's children.' **Exploring the Power of Nonviolence Peace, Politics, and Practice** [Syracuse University Press](#) The new millennium finds humanity situated at critical crossroads. While there are many hopeful signs of cross-cultural engagement and democratic dialogue, it is equally the case that the challenges of warfare and injustice continue to plague nations and communities around the globe. Against this backdrop, there exists a powerful mechanism for transforming crises into opportunities: the philosophy and practice of nonviolence. The expert authors brought together in this volume collectively deploy the essential teachings of nonviolence across a spectrum of contemporary issues. From considering the principles of the French Revolution and encouraging peace through natural resource management to exploring multiculturalism and teaching peace in the elementary classroom, this work is broad in scope yet detailed in its approach to the fundamental principles of

nonviolence. **Why We Can't Wait** Penguin UK 'Lightning makes no sound until it strikes' This is the momentous story of the Civil Rights movement, told by one of its most powerful and eloquent voices. Hansen, author of *The Dream: Martin Luther King, Jr., and the Speech That Inspired a Nation* "I have a dream"—no words are more widely recognized, or more often repeated, than those called out from the steps of the Lincoln Memorial by Martin Luther King, Jr., in 1963. King's speech, elegantly structured and commanding in tone, has become shorthand not only for his own life but for the entire civil rights movement. In this new exploration of the "I Have a Dream" speech, Eric J. Sundquist places it in the history of American debates about racial justice—debates as old as the nation itself—and demonstrates how the speech, an exultant blend of grand poetry and powerful elocution, perfectly expressed the story of African American freedom. This book is the first to set King's speech within the cultural and rhetorical traditions on which the civil rights leader drew in crafting his oratory, as well as its essential historical contexts, from the early days of the republic through present-day Supreme Court rulings. At a time when the meaning of the speech has been obscured by its appropriation for every conceivable cause, Sundquist clarifies the transformative power of King's "Second Emancipation Proclamation" and its continuing relevance for contemporary arguments about equality. "The ['I Have a Dream'] speech and all that surrounds it—background and consequences—are brought magnificently to life . . . In this book he gives us drama and emotion, a powerful sense of history combined with illuminating scholarship."—*The New York Times Book Review (Editor's Choice)* **Interfaith Activism** Abraham Joshua Heschel and Religious Diversity Wipf and Stock Publishers Abraham Joshua Heschel was the towering religious figure of American Jewry in the twentieth century. In *Interfaith Activism*, Harold Kasimow, who is known for his work on Heschel and on interfaith dialogue between Jews and members of other faiths, presents a selection of his essays on Heschel's thought. Topics include Heschel's perspective on the different religious traditions, Heschel's three pathways to God, his deep friendship with Maurice Friedman and Martin Luther King Jr., and his surprising affinity to the great Hindu Vedantist Swami Vivekananda and to Pope Francis. A new essay examines Heschel's struggle with the Holocaust. Since the late 1950s, when Kasimow was Heschel's student, he has wrestled with Heschel's claim that "in this eon, diversity of religions is the will of God" and Heschel's belief that there must be dialogue "between the river Jordan and the River Ganges." **Martin Luther King "Now is the time" - His Dream to Influence Education Today** Springer This book explores the significance of Dr Martin Luther King Jr. 'I have a dream' speech and the continued legacy to education and academia demonstrated through the study of his life, achievements, works and ultimate assassination, which are included in social studies and history as part of the curriculum. There are lessons to be learned from his speech about access, success and progression to and from education at all levels. The influence of religion is a key feature that is manifested through social inclusion and tolerance which if considered from an academic perspective results in achievement. From peaceful demonstration and humble engagement with authorities, King made a mark that would be referenced 50 years later in all areas of academia from teaching young people about his life and achievements to equality, rights and tolerance, reflected throughout this book. The impact of prejudice, discrimination and segregation addressed by King's campaign which through adversity resulted in the passing of the Civil Rights Bill in the USA supported the non-political rights of all citizens is discussed. All of these concepts influence perception and realistic possibilities in the quest for people from all walks of society to access and benefit from education, which is explored. What motivated King to speak out and selflessly address the rights of the underprivileged, Black and White putting at risk his liberty and ultimately his life? King's speech is considered and associated with current issues faced by the people that are socially excluded. The struggle for social equality is considered with a focus on the impact of exclusion from education that demonstrates the need for a dream that gives hope to current and future generations that suggests that education can be accessed and lead to academic success. **The Dream King How the Dream of Martin Luther King, Jr. Is Being Fulfilled to Heal Racism in America** Newtype The Dream King is the astonishing true story of two men whose lives are woven together by history and the hidden hand of God. - Learn about the nation's hidden history and the unknown heroes who overcame injustice. - Discover how your life is an important part of a much bigger story. - Be equipped to be a countercultural dreamer and change the world around you. **To Shape a New World Essays on the Political Philosophy of Martin Luther King, Jr.** Harvard University Press A cast of distinguished contributors engage critically with Martin Luther King's understudied writings on labor and welfare rights, voting rights, racism, civil disobedience, nonviolence, economic inequality, poverty, love, just-war theory, virtue ethics, political theology, imperialism, nationalism, reparations, and social justice **Imprisoned Intellectuals America's Political Prisoners Write on Life, Liberation, and Rebellion** Rowman & Littlefield These essays, by writer-activists incarcerated because of their political beliefs and acts, offer some controversial and thought-provoking theories of contemporary social change and liberation movements. Just listen to the everyday talk that emerges in public spaces, suggests Melissa Harris-Lacewell. And listen this author has--to black college students talking about the Million Man March and welfare, to Southern, black Baptists discussing homosexuality in the church,

to black men in a barbershop early on a Saturday morning, to the voices of hip-hop music and Black Entertainment Television. Using statistical, experimental, and ethnographic methods *Barbershops, Bibles, and B.E.T* offers a new perspective on the way public opinion and ideologies are formed at the grassroots level. The book makes an important contribution to our understanding of black politics by shifting the focus from the influence of national elites in opinion formation to the influence of local elites and people in daily interaction with each other. Arguing that African Americans use community dialogue to jointly develop understandings of their collective political interests, Harris-Lacewell identifies four political ideologies that constitute the framework of contemporary black political thought: Black Nationalism, Black Feminism, Black Conservatism and Liberal Integrationism. These ideologies, the book posits, help African Americans to understand persistent social and economic inequality, to identify the significance of race in that inequality, and to devise strategies for overcoming it. **The Papers of Martin Luther King, Jr., Volume VI Advocate of the Social Gospel, September 1948 March 1963** [Univ of California Press](#) Initiated by The King Center in association with Stanford University.

Portraits of Peace Searching for Hope in a Divided America [Broadleaf Books](#) Frustrated with an increasingly polarized social landscape, award-winning photographer John Noltner set out on a 40,000-mile road trip across the United States to rediscover the common humanity that connects us. Through the real-world stories of ordinary citizens who choose, in the midst of difficult circumstances, to pursue healing, reconciliation, and community building, we discover a glimmer of hope that something better is possible. *Portraits of Peace* offers a promising road map to a peaceful future as a pluralistic society. **Martin Luther King Jr** [Heinemann Educational Books](#)

Modern Money Theory A Primer on Macroeconomics for Sovereign Monetary Systems [Springer](#) This second edition explores how money 'works' in the modern economy and synthesises the key principles of Modern Money Theory, exploring macro accounting, currency regimes and exchange rates in both the USA and developing nations. **Acts of Conscience Christian Nonviolence and Modern American Democracy** [Columbia University Press](#) In response to the massive bloodshed that defined the twentieth century, American religious radicals developed a modern form of nonviolent protest, one that combined Christian principles with new uses of mass media. Greatly influenced by the ideas of Mohandas Gandhi, these "acts of conscience" included sit-ins, boycotts, labor strikes, and conscientious objection to war. Beginning with World War I and ending with the ascendance of Martin Luther King Jr., Joseph Kip Kosek traces the impact of A. J. Muste, Richard Gregg, and other radical Christian pacifists on American democratic theory and practice. These dissenters found little hope in the secular ideologies of Wilsonian Progressivism, revolutionary Marxism, and Cold War liberalism, all of which embraced organized killing at one time or another. The example of Jesus, they believed, demonstrated the immorality and futility of such violence under any circumstance and for any cause. Tracing the rise of militant nonviolence across a century of industrial conflict, imperialism, racial terror, and international warfare, Kosek recovers radical Christians' remarkable stance against the use of deadly force, even during World War II and other seemingly just causes. His research sheds new light on an interracial and transnational movement that posed a fundamental, and still relevant, challenge to America's political and religious mainstream.
