The objectives are then summarized at the end of the chapter. Chapter-Opening Previews are charts that visually represent the chapter's outline. Each of these chapter "road maps" establishes the chapter's key concepts and their relationship to one another. Four different icons identify four different points of view: Management Perspective, Ethics Perspective, Investor Perspective, International Perspective. Accounting equation analyses, with cash-flow effects, appear in the margin next to key journal entries to help students understand the impact of an accounting transaction on the financial statements and cash flow. Before You Go On Review It/Do It questions serve as learning checks at the end of major text sections. Solutions show how problems should be solved. Throughout each chapter, Decision Toolkits summarize the key features of the decision tools discussed in the prior section.
