THE STORY OF A CHRISTIAN COMMUNITY IN NAZI GERMANY

Wipf and Stock Publishers *Here for the first time in print is the story of a small group who dared to confront Adolf Hitler and the Third Reich with the love of Jesus Christ. Although "less than a gnat to an elephant," in Arnold's words, they believed that as God's ambassadors love could overcome hatred-even of Adolf Hitler himself. CULTURE COUNTS

FAITH AND FEELING IN A WORLD BESIEGED

Encounter Books *What is culture? Why should we preserve it, and how? In this book renowned philosopher Roger Scruton defends*

Western culture against its internal critics and external enemies, and argues that rumours of its death are seriously exaggerated. He shows our culture to be a continuing source of moral knowledge, and rebuts the fashionable sarcasm which sees it as nothing more than the useless legacy of 'dead white European males'. He is robust in defence of traditional architecture and figurative painting, critical of the fashionable relativists and urgent in his plea for our civilization, which more than ever stands in need of the self-knowledge and self-confidence that are the gift of serious culture.

SIEGE WARFARE IN THE ANCIENT WORLD

Osprey Publishing *The great warleaders and generals, including Darius, Alexander the Great, Hannibal and Julius Caesar successfully used siegecraft to gain their objectives. As siege tactics became integral to success in war, generals employed the minds of engineers and scientists to develop tactics, and offensive and defensive technology to give them the edge over their enemies. The mathematician Archimedes was famously and very practically involved in the defense of Syracuse in 213-12 BC. Soldiers became highly skilled combat engineers. The book tracks the amazing developments in siege warfare through a period of nine centuries and includes details of the evolution of the artillery of the era - spear- and stone-firing catapults. Full-color artwork, many drawings and plans, photographs of archeological finds and reconstructions support expert but accessible text in this fascinating study of a less familiar facet of the ancient art of war.*

FALSE PROPHETS AND PREACHERS

HENRY GRESBECK'S ACCOUNT OF THE ANABAPTIST KINGDOM OF MÜNSTER

Penn State Press *In February 1534, a radical group of Anabaptists, gripped with apocalyptic fervor, seized the city of Münster and established an idealistic communal government that quickly deteriorated into extreme inequality and theocratic totalitarianism. In response, troops hired by the city's prince-bishop laid siege to the city. Fifteen months later the besieged inhabitants were starving, and, in the dead of the night, five men slipped out. Separated from his fellow escapees, Henry Gresbeck gambled with his life by approaching enemy troops. Taken prisoner, he collaborated with the enemy to devise a plan to recapture Münster, and later recorded the only eyewitness account of the Anabaptist kingdom of Münster. Gresbeck's account, which attempts to explain his role in the bizarre events, disappeared into the archives and was largely ignored for centuries. Before now, Gresbeck's account was only available in a heavily edited German copy adapted from inferior manuscripts. Christopher S. Mackay, who previously produced the only modern translation of the main Latin account of these events, has adhered closely to Gresbeck's own words to produce the first complete and accurate English translation of this important primary source.*

THOUGH AN ARMY BESIEGE ME...

Xulon Press "THOUGH AN ARMY BESIEGE ME..." On April 18, 1996 in Guatemala City, a group of masked, armed men entered my house to steal and destroy. They took my youngest son, who was six years old at the time, and his father. They were held for several weeks in exchange for a significant amount of money. Those were days of great pain and suffering, but they were also days in which we really came to know that God Almighty exists, and He is always aware of our heartache. We live in a world of sin and injustice, a world that chooses to follow its own course. We suffer the consequences of sin, on both a large and small scale, on a daily basis. No one is exempt. Suffering affords us the opportunity to understand that our intelligence, ability, or power becomes useless, and there is only one way out: to look to the One who overcame the world, the One who does have the power. The way out can seem impossible, but in His time, God always clears a new path. The great things that God did in the life of my family cannot be put away in a drawer, gather dust, and be forgotten. The same God who did great things during those painful days in 1996 can do miracles today in your life, if you will just believe. MARIA SPILLARI currently lives with her three children in the United States. Maria has actively served in women's, youth, and children's ministries for nearly 20 years in the churches that she has belonged to in Guatemala and in the United States. Her passion is teaching about the Word of God. www.mariaspillari.com-coming soon in English!

LIFE UNDER FIRE ON A SARAJEVO STREET

Granta Books For four centuries, Logavina Street was a quiet residential road in a city known for its ethnic tolerance and cosmopolitan charm. Muslims, Christians, Serbs and Croats lived easily together, sharing an identity as Bosnians. Then the war tore their lives apart. Often without heat, water, food or electricity, they evaded daily sniper fire and witnessed horrific deaths. Neighbours and friends turned into deadly enemies. In this intimate eyewitness account, Barbara Demick weaves together the stories of ten families from Logavina Street, brilliantly illuminating one of the pivotal events of the twentieth century, and describes how, twenty years later, they are coping with the war's consequences. .

A NEW HISTORY

History PressLtd *In 1480 the Ottoman Turkish army and artillery that had defeated the Byzantine Empire arrived on Rhodes to attack the walled headquarters of the Crusading military order, the Knights Hospitaller. After a siege of three months during which time the Turks bombarded the walls daily with gunpowder weapons they withdrew, defeated. In 1522 they returned and, after a six-month siege, captured Rhodes but were unable to defeat the Hospitallers who were allowed to leave with their lives, arms and religious emblems. This book uniquely uses the eyewitness accounts, surviving guns and extant walls to tell the story of these two sieges, and the efforts made by the Hospitallers to adapt their fortifications and artillery to defy the most powerful military power in the world. In doing so it rewrites the history of fortifications and gunpowder artillery during the Renaissance.*
