DIE DESIGN HANDBOOK

THE CHARTIST MOVEMENT

Manchester University Press "Chartism was a Victorian era working class movement for political reform in Britain between 1838 and 1848. It takes its name from the People's Charter of 1838. The term "Chartism" is the umbrella name for numerous loosely coordinated local groups, often named "Working Men's Association," articulating grievances in many cities from 1837. Its peak activity came in 1839, 1842 and 1848. It began among skilled artisans in small shops, such as shoemakers, printers, and tailors. The movement was more aggressive in areas with many

distressed handloom workers, such as in Lancashire and the Midlands. It began as a petition movement which tried to mobilize "moral force", but soon attracted men who advocated strikes, General strikes and physical violence, such as Feargus O'Connor and known as "physical force" chartists."--Wikipedia

EXPLORING OMNICHANNEL RETAILING

While omnichannel has already been recognized as an emerging retail trend, the articles in this book fill an important gap in research on the topic. Providing readers with essential insights on the omnichannel strategy and its implementation, the book will also stimulate academic discussion on this emerging trend.

The grounds are beautiful and it's fun to explore the sprawling house with its creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they're not going back to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...
