**KEY=RELIGIONS - RYAN COHEN**

---

## Introduction to World Religions

*Fortress Press* **A leading textbook for world religion, this new edition is designed to help students in their study and research of the world's religious traditions. Known and valued for its balanced approach and its respected board of consulting editors, this text addresses ways to study religion, provides broad coverage of diverse religions, and offers an arresting layout with rich illustrations. The second edition has new and extended primary source readings, a stronger section on the Religions of South Asia, additional maps, a new full-color, student-friendly format, and more.**

## A Critical Introduction to the Study of Religion

*Taylor & Francis* **A Critical Introduction to the Study of Religion introduces the key concepts and theories from religious studies that are necessary for a full understanding of the complex relations between religion and society. The aim is to provide readers with an arsenal of critical concepts for studying religious ideologies, practices, and communities. This thoroughly revised second edition has been restructured to clearly emphasize key topics including: Essentialism Functionalism Authority Domination. All ideas and theories are clearly illustrated, with new and engaging examples and case studies throughout, making this the ideal textbook for students approaching the subject area for the first time.**

## World Religions in Practice

## A Comparative Introduction

*John Wiley & Sons* **A new and expanded edition of a highly successful textbook on world religions with a comparative approach which explores how six major religions are lived and expressed through their customs, rituals and everyday practices. A new edition of this major textbook, exploring the world's great religions through their customs, rituals and everyday practices by focusing on the 'lived experience' This comparative study is enriched and broadened with the inclusion of a sixth religion, Daoism Takes a thematic, comparative and practical approach; each chapter explores a series of key themes including birth, death, ethics, and worship across all six religions at each time Broadens students' understanding by offering an impartial discussion of the similarities and differences between each religion Includes an increased range of student-friendly features, designed to allow students to engage with each religion and extend their understanding**

## A Concise Introduction to World Religions

*Oxford University Press, USA* **A Concise Introduction to World Religions, second edition, is a contributed volume that examines the development of major global faith traditions and movements. Based on the best-selling two-volume set World Religions: Eastern and World Religions: Western Traditions, this text explores the origins, central teachings, divisions and branches, rituals and practices, influences on culture, and responses to modern challenges for each tradition in an accessible and engaging style.**

## Introduction to Religious Studies

*University Press of America* **Focusing solely on well-known religions is an approach that impoverishes religious studies. Rather, this book introduces the diverse religious experience of Africans, Native Americans, and the indigenous peoples of Australia, providing a comprehensive introduction to the study of religion and broadening the horizons of religious studies students.**

## Studying Religion

## An Introduction

*Routledge* **Widely used as a primer, a text and a provocation to critical thinking, 'Studying Religion' aims to develop students' skills. The book clearly explains the methods and theories employed in the study of religion. Essays are offered on a range of topics: from the history and functions of religion to public discourse on religion and the classification of religions. The works of key scholars - from Karl Marx, Ludwig Wittgenstein and Rudolf Otto to Mircea Eliade, James G. Frazer, and Sigmund Freud - are analysed and explored. 'Studying Religion' represents a shift away from the traditional focus of describing the exotic or curious religious 'Other' to an examination of how religious behaviours and institutions are studied. The book will be invaluable to students of religious studies.**

## An Introduction to African Religion (2nd Edition)

*East African Publishers*

## Religions of India

## An Introduction

*Routledge* **India is a highly diverse country, home to a wide array of languages, religions, and cultural traditions. Analyzing the dynamic religious traditions of this democratic nation sheds light on the complex evolution from India's past to today's modern culture. Written by leading experts in the field, Religions of India provides students with an introduction to India's vibrant religious faiths. To understand its heritage and core values, the beginning chapters introduce the indigenous Dharmic traditions of Hinduism, Jainism, Buddhism, and Sikhism, while the later chapters examine the outside influences of Zoroastrianism, Judaism, Christianity, and Islam. These chapters are designed for cross-religious comparison, with the history, practices, values, and worldviews of each belief system explained. The final chapter helps students relate what they have learnt to religious theory, preparing the way for future study. This thoroughly revised second edition combines solid scholarship with clear and lively writing to provide students with an accessible and comprehensive introduction to religion in India. This is the ideal textbook for students approaching religion in Asia, South Asia, or India for the first time. Features to aid study include: discussion questions at the end of each chapter, images, a glossary, suggestions for further reading, and an Companion Website with additional links for students to further their study.**

## What is Religion?

*Routledge* **Religious belief is one of the most pervasive and ubiquitous characteristics of human society. Religion has shadowed and illuminated human lives since primitive times, shaping the world views of cultures from isolated tribes to vast empires. Starting from the premise that religion is a concept which can be analysed and compared across time and cultures, What is Religion? brings the most up-to-date scholarship to bear on humankind's most enduring creation. The book opens with a brief history of the idea of religion, then divides the study of religion into four essential topics - types, representations, practices, and institutions - and concludes with a final, eye-opening chapter on religion today. Packed with case studies from a wide range of religions, past and present, What is Religion? offers a very current, comprehensive, yet intellectually challenging overview of the history, theories, practices, and study of religion. Accessible, wide-ranging, engaging, and short, What is Religion? is written primarily for undergraduate students in the study of religion, but it will also be invaluable for students of anthropology, history, psychology, sociology, and theology as well as anyone interested in how and why humans came and continue to be religious.**

## The World's Religions

*Cambridge University Press* **The World's Religions** offers a fascinating insight into a wide range of faiths, their history and their followers. In the richly illustrated new edition of this popular book, religions are described through their symbols, rituals, followers, architecture and art. References, statistics, maps and pictures have been updated and added. The text has been thoroughly revised to highlight recent developments, such as the spread of Islam, African-American and Hispanic-American religious experience, and women priests.

## Christianity as a World Religion

### An Introduction

*Bloomsbury Publishing* Now in its second edition, **Christianity as a World Religion** locates Christianity within its global context. Structured by geographical region, it covers Asia, Africa, Europe, Latin America and the Caribbean, North America, and Oceania. It deals with four dimensions of Christianity in each context: Christian history, churches and society, interreligious relations, and distinctive worship and theology. Study questions and further reading suggestions are provided in each chapter. Fully updated throughout, this second edition now includes: - A new chapter covering Christianity in Oceania - Further analysis of the early growth of Christianity in Asia and Africa - Coverage of research trends in migration, theologies of prosperity, and the role of local agents in evangelization - Coverage of global interconnections and networks, new movements, global Catholicism, Christian political engagement and persecution of Christian communities - A thorough revision of the conclusion, including reflection on the discipline of world Christianity and its implications for theology - 40 images and maps - Chapter summaries - Extra resources online including a timeline and weblinks - New text design and layout, making the text more student-friendly and accessible **Christianity as a World Religion** is ideal for courses on World Christianity, Christianity as a Global Religion, the History of Christianity and contemporary Christian theology.

## Cengage Advantage Books: Ways to the Center: An Introduction to World Religions

*Cengage Learning* Striving to be the most student-friendly textbook in this field, **WAYS TO THE CENTER: AN INTRODUCTION TO WORLD RELIGIONS**, Seventh Edition, weaves together rich historical, cultural, and theological detail into structural and philosophical sections that analyze each of the world's major religions in terms of its views on nature, society, self, and ultimate reality. The readily accessible text is designed for today's students and places a premium on the development of critical thinking. Combining both historical and systematic analyses, the book takes as its focus the theme of personal centeredness--a primary goal of each featured religion. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

## World Religions

### A Guide to the Essentials

*Baker Academic* This masterful survey of world religions presents a clear and concise portrait of the history, beliefs, and practices of Eastern and Western religions. The new edition contains added material and has been revised throughout. The authors, both respected scholars of world religions, have over fifty years of combined teaching experience. Their book is accessibly written for introductory classes, can be easily adapted for one- or two-semester courses, and presents a neutral approach for broad classroom use. Pedagogical aids include further reading suggestions, photographs, sidebars, and pronunciation guides. An 800-question bank of multiple-choice test questions is available to professors through Baker Academic's Textbook eSources.

### Introducing Islam

*Routledge* Just what is Islam and what does it mean to be a Muslim in the world today? Since the events of 9/11 and 7/7, Islam has become one of the most controversial and misunderstood religions in the world. **Introducing Islam** encourages students to put aside their preconceptions and explore this fascinating religion. William Shepard traces the history of Islam from its origins in the life and career of Mohammed, through its classical expressions, to its interactions with the West in the modern world. A chapter is devoted to each major topic, including The Quran, Islamic law, Islamic theology, and the Sufi movement, as well as community rituals and Islamic art and culture. There is a survey of modern developments and four chapters are dedicated to individual countries, Turkey, Iran, Egypt and Indonesia. Fully revised and updated, the second edition of this core textbook adds crucial material on contemporary issues such as women in Islam and democratization and human rights. Illustrated throughout, the book also includes learning objectives, a glossary of key Arabic terms, comprehensive further reading lists and critical thinking boxes, helping students to critically engage with the material in each chapter. Further teaching and learning resources are available on the companion website at [www.routledge.com/cw/shepard](http://www.routledge.com/cw/shepard). This book continues to be essential reading for students of Islam worldwide.

## Introducing World Religions-the EBook

*JBE Online Books*

## Religion and Society in Twentieth-century Britain

*Pearson Education* Providing a comprehensive account of religion in British society and culture between 1900 and 2000, this book traces how Christian Puritanism and respectability framed the people amidst world wars, economic depressions, and social protest.

## After World Religions

### Reconstructing Religious Studies

*Routledge* **The World Religions Paradigm** has been the subject of critique and controversy in Religious Studies for many years. **After World Religions** provides a rationale for overhauling the World Religions curriculum, as well as a roadmap for doing so. The volume offers concise and practical introductions to cutting-edge Religious Studies method and theory, introducing a wide range of pedagogical situations and innovative solutions. An international team of scholars addresses the challenges presented in their different departmental, institutional, and geographical contexts. Instructors developing syllabi will find supplementary reading lists and specific suggestions to help guide their teaching. Students at all levels will find the book an invaluable entry point into an area of ongoing scholarly debate.

## An Introduction to International Relations and Religion

*Routledge* Not so very long ago it seemed reasonable to assert that the influence of religion on global politics was on the wane. As the Western world became increasingly secular and the process of globalisation deepened, it seemed inevitable - on the surface at least - that the voice of religion was to be heard softly if it was to be heard at all. This has now changed, and changed perhaps irrevocably. As Jeff Haynes argues in this thought-provoking and important new book, various religious 'actors' are now significantly involved in international relations and have become a crucial influence on policy in a post-Westphalian world. **International Relations and Religion** guides the reader through the complex issues at the heart of this topic with clarity and insight. This updated second edition starts with a close reading of the many theoretical and analytical concepts - notably Huntington and the clash of civilisations - that have grown up around this area and then concludes with a summary of the issues under discussion and attempts to put into context what it means to live in a world that is increasingly shaped by a whole host of diverse religious groups. Essential reading for students of International Relations and Politics.

## Neighboring Faiths

### A Christian Introduction to World Religions

*InterVarsity Press* Winfried Corduan describes the beliefs and real-life practices of the world's religions, including Judaism, Islam, Hinduism, Buddhism, Jainism, Sikhism, Native American religions and Baha'i. This edition has been thoroughly revised and expanded, with a new chapter on Islam after 9/11 and additional material throughout.

## An Introduction to Religious and Theological Studies, Second Edition

*Wipf and Stock Publishers* **An Introduction to Religious and Theological Studies** walks students through topical issues to be encountered in the study of the Abrahamic religions: Judaism, Christianity, and Islam as these religions encounter other religions in the context of the wider ecumenism. The text is written from a Christian point of view and aims at

helping students understand that to be Christian is to be ecumenical. African Traditional Religions (ATRs) has been included in this survey to provide background for the religious traditions and cultures of peoples of Africa as Christianity moves inexorably southward. The book has been written with undergraduate general education students in mind--including meeting the needs of those in seminaries and theological institutes.

## An Introduction to Christianity

*Cambridge University Press* Focusing on the ways in which Christianity has understood, embodied and related to power, Linda Woodhead examines the key figures, events and ideas spanning over two thousand years of Christian history. Woodhead considers the religion in its material as well as its spiritual dimensions and explores its interactions with society through money, politics, force, gender and the family, as well as non-Christian cultures and societies.

## Religion: The Basics

*Routledge* From the local to the global level, religion is - more than ever - an important and hotly debated part of modern life in the twenty-first century. From silver rings to ringtones and from clubs to headscarves, we often find the cultural role and discussion of religion in unexpected ways. Now in its second edition, *Religion: The Basics* remains the best introduction to religion and contemporary culture available. The new edition has been fully revised and updated, and includes new discussions of: the study of religion and culture in the twenty-first century texts, films and rituals cognitive approaches to religion globalization and multiculturalism spirituality in the West popular religion. With new case studies, linking cultural theory to real world religious experience and practice, and guides to further reading, *Religion: The Basics* is an essential buy for students wanting to get to grips with this hotly debated topic.

## Major Religions

*Wiley-Blackwell* This new introduction to the world's major religions provides a comprehensive survey of the major traditions with selected primary readings. Assuming no prior knowledge of the subject, *The Major Religions* will be the ideal introduction for students on shorter courses at college and university.

## Religious Education in the Secondary School

## An introduction to teaching, learning and the World Religions

*Routledge* *Religious Education in the Secondary School* is a comprehensive, straightforward introduction to the effective teaching of Religious Education in the secondary classroom. Acknowledging the highly valuable yet often misunderstood contribution of RE, this text shows how the subject can be taught in a way that explores the impact of religion on the lives of people and society, engaging pupils and preparing them to become individuals who celebrate and respect diversity. It is illustrated throughout with ideas for teaching at different key stages and offers expert chapters introducing you to both the World Religions and the core aspects of effective teaching and learning. With an emphasis on developing an understanding of the importance - and different ways - of meeting the learning needs of all pupils, key chapters cover: -Understanding different pedagogies of RE -Spirituality and RE -Tips on effective planning and assessment -An approach to teaching across the Key Stages -Core subject knowledge in Buddhism, Christianity, Hinduism, Islam, Judaism and Sikhism Written by an experienced teacher, teacher educator and examiner, *Religious Education in the Secondary School* is a succinct compendium and has a real classroom applicability offering all trainee RE teachers, as well as those teaching Religious Education as specialists or non-specialists a wealth of support and inspiration.

## World Religions

## An Indispensable Introduction

*Thomas Nelson* An essential introduction to eight of the world's major religions. Gerald R. McDermott explains what you need to understand about major world religions in order to engage people of other faiths while better understanding your own Christian faith and practice. McDermott offers an overview of the central beliefs of Christianity, Judaism, Islam, Hinduism, Buddhism, Confucianism, Daoism, and Shinto. Each chapter includes explanations of traditions and rituals. McDermott discusses major figures within each religion. Features include: Insights from members of each religious community Glossary of important terms

## Routledge Handbook of Religion and Politics

*Routledge* From the United States to the Middle East, Asia and Africa, religion has become an increasingly important factor in political activity and organisation. This Handbook provides a definitive global survey of the interaction of religion and politics. Featuring contributions from an international team of experts, it examines the political aspects of all the world's major religions, including such crucial contemporary issues as religious fundamentalism, terrorism, the war on terror, the 'clash of civilizations' and science and religion. Four main themes addressed include: the World religions and politics religion and governance religion and international relations religion, security and development. References at the end of each chapter guide the reader towards the most up-to-date information on various topics. In addition, large amounts of information make this book an indispensable source of information for students, academics and the wider public interested in the dynamic relationship between politics and religion.

## An Introduction to Religion and Politics

## Theory and Practice

*Routledge* *An Introduction to Religion and Politics* offers a comprehensive overview of the many theories of religion and politics, and provides students with an accessible but in-depth account of the most significant debates, issues and methodologies. Fox examines the ways in which religion influences politics, analyses the current key issues and provides a state of the art account of religion and politics, highlighting the diversity in state religion policies around the world. Topics covered include: Secularism and secularization Religious identity Religious worldviews, beliefs, doctrines and theologies Religious legitimacy Religious institutions and mobilization Rational and functional religion Religious fundamentalism Conflict, violence and terror This work combines theoretical analysis with data on the religion policies of 177 governments, showing that while most of the world's government support religion and many restrict it; true neutrality on the issue of religion is extremely rare. Religion is becoming an inescapable issue in politics. This work will be essential reading for all students of religion and politics, and will also be of great interest to those studying related subjects such as comparative politics, international relations and war and conflict studies.

## Norton Anthology of World Religions

## Christianity

*W. W. Norton & Company*

This magisterial Norton Anthology, edited by world-renowned scholars, offers a portable library of more than 1,000 primary texts from the world's major religions. To help readers encounter strikingly unfamiliar texts with pleasure; accessible introductions, headnotes, annotations, pronouncing glossaries, maps, illustrations and chronologies are provided. For readers of any religion or none, *The Norton Anthology of World Religions* opens new worlds that, as Miles writes, invite us "to see others with a measure of openness, empathy, and good will..."

Unprecedented in scope and approach, *The Norton Anthology of World Religions: Christianity* brings together over 150 texts from the Apostolic Era to the New Millennium. The volume features Jack Miles's illuminating General Introduction—"How the West Learned to Compare Religions"—as well as Lawrence S. Cunningham's "The Words and the Word Made Flesh," a lively primer on the history and core tenets of Christianity.

## Religion: a Very Short Introduction

*Oxford University Press, USA* Religion plays a central role in human experience. Billions of people around the world practice a faith and act in accordance with it. Religion shapes how they enter the world and how they leave it - how they eat, dress, marry, and raise their children. It affects law, economy, and government. It sanctifies injustice and combats it. Beginning with the first signs of religion among ancient humans and concluding with a look at modern citizens and contemporary trends, leading scholar Thomas Tweed examines this powerful and enduring force in human society. *Religion: A Very Short Introduction* offers a concise non-partisan overview of religion's long history and its complicated role in the world today.

## Introduction to World Religions

### Communities and Cultures

*Abingdon Press* Religious communities are dynamic groups that continue to address relevant concerns

### An Introduction to International Relations and Religion

*Routledge* Not so very long ago it seemed reasonable to assert that the influence of religion on global politics was on the wane. As the Western world became increasingly secular and the process of globalisation deepened, it seemed inevitable - on the surface at least - that the voice of religion was to be heard softly if it was to be heard at all. This has now changed, and changed perhaps irrevocably. As Jeff Haynes argues in this thought-provoking and important new book, various religious 'actors' are now significantly involved in international relations and have become a crucial influence on policy in a post-Westphalian world. *International Relations and Religion* guides the reader through the complex issues at the heart of this topic with clarity and insight. This updated second edition starts with a close reading of the many theoretical and analytical concepts - notably Huntington and the clash of civilisations - that have grown up around this area and then concludes with a summary of the issues under discussion and attempts to put into context what it means to live in a world that is increasingly shaped by a whole host of diverse religious groups. Essential reading for students of International Relations and Politics.

### World Religions in War and Peace

*McFarland & Company Incorporated Pub* Too often through the ages various religions, while preaching amity, have also promoted an us versus them attitude--the Greeks and the barbarians, Jews and the goyim, Muslims and infidels, Christians and pagans. In this volume, the origin, main teachings, and development of the major religions are described. The involvement of each religion in war and the contribution each has made or might make to world peace are discussed. Chapters on Judaism, Christianity, Islam, Hinduism, Jainism, Sikhism, Buddhism, Taoism, Confucianism, Shinto, and traditional faiths.

### Introducing Japanese Religion

*Routledge* Now in its Second Edition, *Introducing Japanese Religion* is the ideal resource for undergraduate students. This edition features new material on folk and popular religion, including shamanism, festivals, and practices surrounding death and funerals. Robert Ellwood also updates the text to discuss recent events, such as religious responses to the Fukushima disaster. *Introducing Japanese Religion* includes illustrations, lively quotations from original sources, learning goals, summary boxes, questions for discussion, suggestions for further reading, and a glossary to aid study and revision. The accompanying website for this book is available at [www.routledge.com/cw/ellwood](http://www.routledge.com/cw/ellwood).

## Introduction to World Religions

### Third Edition

*Fortress Press* This leading textbook for world religion is designed to help students in their study and research of the world's religious traditions. Known and valued for its balanced approach and its respected board of consulting editors, this text addresses ways to study religion, provides broad coverage of diverse religions, and offers an arresting layout with rich illustrations. Introductory sections on understanding religion and the religions of antiquity lay the foundation for the study of the numerous religious traditions highlighted in the volume, including indigenous religions, Hinduism, Buddhism, Jainism, Judaism, Christianity, Islam, Sikhism, and Chinese, Korean, and Japanese religions. The user-friendly content is enhanced by charts of religious festivals, historic timelines, updated maps of the world's religions, and a useful glossary. Both historical overviews and modern perspectives for each religion are included. This third edition has several updates, including a new design, a new section on women and religion, and a newly revised section on religions in today's world.

## Alternative Religions

### A Sociological Introduction

*Ashgate Pub Limited* Alternative religions attract great public, academic and government interest in our apparently post-Christian society. Yet how did all the 'alternatives' develop, what are their beliefs and practices and how significant are their impact in terms of the world's religions and society? This book presents a comprehensive introduction to the major forms of alternative religions: Cults, Sects, New Religious Movements, the New Age, Fundamentalism, Penecostalism, Ethnic Religions and Quasi Religions. Stephen Hunt presents sociological insights into the rise of alternative religions, their beliefs and practices, their impact, who joins them and why, and how they are being classified and could be re-classified in the future. Public and legal controversies surrounding some alternative religions, such as the so-called 'dangerous cults', are also explored. Offering a broad introduction to alternative religions, this book offers students added insights into contemporary themes such as secularisation, post-modernity, links between religion, healing and human potential, and changes in our global culture.

## Introduction to African Religion

### Yearbook of International Religious Demography 2018

*BRILL* The Yearbook of International Religious Demography presents an annual snapshot of the state of religious statistics around the world (past, present, and future) in sets of tables and scholarly articles spanning social science, demography, history, and geography.

## A Critical Introduction to Religion in the Americas

### Bridging the Liberation Theology and Religious Studies Divide

*NYU Press* A Critical Introduction to Religion in the Americas argues that we cannot understand religion in the Americas without understanding its marginalized communities. Despite frequently voiced doubts among religious studies scholars, it makes the case that theology, and particularly liberation theology, is still useful, but it must be reframed to attend to the ways in which religion is actually experienced on the ground. That is, a liberation theology that assumes a need to work on behalf of the poor can seem out of touch with a population experiencing huge Pentecostal and Charismatic growth, where the focus is not on inequality or social action but on individual relationships with the divine. By drawing on a combination of historical and ethnographic sources, this volume provides a basic introduction to the study of religion and theology in the Latino/a, Black, and Latin American contexts, and then shows how theology can be reframed to better speak to the concerns of both religious studies and the real people the theologians' work is meant to represent. Informed by the dialogue partners explored throughout the text, this volume presents a hemispheric approach to discussing lived religious movements. While not dismissive of liberation theologies, this approach is critical of their past and offers challenges to their future as well as suggestions for preventing their untimely demise. It is clear that the liberation theologies of tomorrow cannot look like the liberation theologies of today.

## An Introduction to Islam

*Cambridge University Press* A revised and updated edition of Waines' wide-ranging account of the history and theology of Islam.

## Science and Religion

### A New Introduction

*John Wiley & Sons* Now thoroughly updated to reflect the latest debates, this popular textbook introduces readers to the central questions in the field of science and religion. Ideally suited to those who have little or no prior knowledge in either area, it incorporates numerous student-friendly features, including maps, summaries, and historical references, resulting in the most up-to-date introduction to the study of religion and the natural sciences available. Examines the historical, theological, philosophical and scientific aspects of the interaction between religion and science Fully updated to reflect current, cutting-edge debates on scientific atheism and the limits of scientific method, and discussions about the relationship between science and religion in major world faiths Includes a historical component to enable readers to orientate themselves within the subject Takes a topic based

approach which fits into the existing structure of most courses, and includes explanatory material not found in other works of this kind, making it highly accessible for those with little scientific or religious background knowledge Incorporates illustrations, tables, maps, summaries and questions for a lively and engaging approach to the subject Written by world-renowned theologian, Alister McGrath; author of bestselling books such as Dawkins' God, and an acknowledged expert in the field of science and religion
