THE PSYCHE IN CHINESE MEDICINE E-BOOK

TREATMENT OF EMOTIONAL AND MENTAL DISHARMONIES WITH ACUPUNCTURE AND CHINESE HERBS

Elsevier Health Sciences THE PSYCHE IN CHINESE MEDICINE comprehensively discusses the treatment of mental-emotional disorders with both acupuncture and herbal medicine. Suitable for practitioners and students of Chinese medicine it discusses first the aetiology, pathology and diagnosis of mental disorders. It explores the nature of the Mind (Shen), Ethereal Soul (Hun), Corporeal Soul (Po), Intellect (Yi) and Will-Power (Zhi) and then presents the diagnosis and treatment of the most common psychological disorders with both acupuncture and Chinese herbs in detail. Specific chapters focus on the treatment of common conditions including depression, anxiety, insomnia, panic attacks, bipolar disorder and Attention Deficit Hyperactivity Disorder. Each condition is illustrated with case histories from the author's 35 years-long practice. Comprehensive discussion of the nature of the Shen, Hun, Po, Yi and Zhi in Chinese medicine The first detailed description of the nature and functions of the Hun (Ethereal Soul) and how that relates to conditions such as depression, bipolar disorders and Attention Deficit Hyperactivity Disorder An entire chapter dedicated to the functions of acupuncture points in the treatment of mental-emotional disorders Case studies that offer realistic insights and understanding to the range of diagnostic and treatment choices the practitioner can make Attractive

THE NURSING PROCESS

ASSESSING, PLANNING, IMPLEMENTING, EVALUATING

Die Schritte des Pflegeprozesses werden in den einzelnen Kapiteln ausführlich dargestellt, dabei wird unterschieden zwischen Inhalten des Assessment und Art und Weise der Erhebung; diese Einteilung wird bei der Erstellung der Planung beibehalten. Im Kapitel "Implementing a plan of care" beziehen sich die Ausführungen auf notwendige Kompetenzen der Pflegekraft sowie auf Rahmenbedingungen der Arbeit (Pflegesystem). Die Evaluation des Pflegeprozesses befasst sich mit der Frage, was, wie, wann usw. überprüft werden soll. Hier liegt das Augenmerk auf der Frage, wie festgelegte Ziele überprüft werden können.

HEALTHCARE

MARKET DYNAMICS, POLICIES AND STRATEGIES IN EUROPE

Walter de Gruyter GmbH & Co KG Emerging challenges related to socio-demographics and economics require new approaches for academics, politicians, hospital management, clinical staff, public institutions, and firms doing business in the healthcare industries. This book provides valuable insights for understanding modern and complex healthcare market configurations in Europe.

UNDERSTANDING THE THEORY AND DESIGN OF ORGANIZATIONS

This revision showcases some of today's most current examples and research alongside time-tested principles. Readers see how many of today's well-known organizations thrive amidst a rapidly changing, highly competitive international environment. Proven and new learning features provide opportunities for readers to apply concepts and refine personal business skills and insights.

ADVANCES IN PSORIASIS

A MULTISYSTEMIC GUIDE

Springer It has become increasingly clear that psoriatic disease, both of the skin and joints, can be a significant diagnostic and therapeutic challenge for the physician and a debilitating illness for the patient. Genetic and immunologic advances have

increased our understanding of the pathophysiology of psoriasis and psoriatic arthritis and there is a need for practically oriented evidence based references to describe the management options open to clinicians. The speed at which developments are occurring in the field also necessitates a novel approach to keeping up with these changes in practice and the need is for a reference that that be updated regularly as the subject requires. Psoriasis is an incredibly fast-moving discipline within dermatology. Guidelines, treatment options and management all change at incredible speed. There is a requirement to provide a comprehensive reference resource to provide practical, user friendly information for the dermatology profession to aid in the decision-making process. Psoriasis is a graphical subdiscipline of medicine and therefore this will have copious illustrations. As a fast moving discipline the emphasis must be on annual updates to ensure that readers are kept up to date on the important areas of development.

PSYCHIATRISCHE BEGUTACHTUNG

EIN PRAKTISCHES HANDBUCH FÜR ÄRZTE UND JURISTEN

Elsevier Health Sciences Das Buch wird den höchsten Ansprüchen von Gutachern in der forensischen Psychiatrie gerecht und bietet: die gesamte psychiatrische Begutachtung in einem Band kein unnötiger Ballast - übersichtlich die wichtigsten Fakten zur psychiatrischen Krankheitslehre Vorschläge und Muster für Formulierungen, zum Teil neue Kasuistiken Skalen und Instrumente zum Einschätzen z.B. von Alkoholabhängigkeit, Prognosekriterien Neu mit der 7. Auflage: Begutachtung im Bereich des Extremismus (Ausweitung des Maßregelrechts bei extremistischen Straftätern) Aktualisierung sämtlicher Inhalte im Hinblick auf medizinische und juristische Standards Trauma-assoziierte Störungen Ausführlichere Darstellung einzelner Störungen: Autismus, ADHS, Schlaf und Delinquenz Kästen mit Hinweisen zur ICD-11 An Gutachter in der forensischen Psychiatrie werden hohe Anforderungen gestellt: Sie brauchen fundiertes psychiatrisches Fachwissen, sichere Kenntnisse der aktuellen Gesetzeslage und hohe Sicherheit in der Beurteilung von Probanden. Es geht meist um komplexe Fragestellungen sowie Prognosen für zukünftige Entwicklungen. Gutachter müssen sich - zunehmend auch von Öffentlichkeit und Politik - kritisch beurteilen lassen und ständig an ihrer Methode feilen. Umso wichtiger ist, stets die aktuelle Auflage des „Venzlaff“ zur Hand zu haben.

E-VOTING CASE LAW

A COMPARATIVE ANALYSIS

Routledge E-voting is the use of electronic means in the casting of the vote at political elections or referendums. This book provides an overview of e-voting related case-law worldwide and explains how judicial decisions impact e-voting development. With contributions by renowned experts on thirteen countries, the authors discuss e-voting both from controlled environments, such as voting machines in polling stations, and uncontrolled ones, including internet voting. Each chapter examines a group of country-specific leading judicial decisions on e-voting

and their likely impact on its future development. Reference is made to emerging standards on e-voting such as the Recommendation Rec(2004)11 of the Council of Europe, the only international instrument on e-voting regulation, and to other countries' case-law. The work provides a broader, informative and easily accessible perspective on the historical, political and legal aspects of an otherwise very technical subject, and contributes to a better understanding of the significance of case law and its impact in shaping e-voting's future development. The book will be significantly useful to anyone with an interest in e-voting, in particular decision makers and officials, researchers and academia, as well as NGOs and providers of e-voting solutions.

GOLOSA

ESSENTIALS OF ECONOMICS

McGraw-Hill Europe Building on the tremendous success of their best-selling *Economics*, Brue, McConnell, and Flynn have revised their one-semester approach in *Essentials of Economics*, 3e to provide a fresh alternative for the survey course. The result is a patient, substantive treatment of micro and macro topics appropriate for the introductory economics student, and fully integrated in the digital environment to provide instant remediation and feedback through McGraw-Hill's innovative assessment tool *Connect Plus Economics*. McGraw-Hill's adaptive learning component, *LearnSmart*, provides assignable modules that help students master core concepts in the course.

SHUT UP AND SPEAK!

ESSENTIAL GUIDELINES FOR PUBLIC SPEAKING IN SCHOOL, WORK, AND LIFE

iUniverse Why does your mouth suddenly go dry, your throat tighten, your face get hot, and your knees buckle when you have to address a group of people? The old story goes that more people are afraid of public speaking than they are of death. So people at a funeral would prefer to be the person in the casket than the person delivering the eulogy! Shut up and speak means that you must stop dwelling on how difficult or frightening public speaking is. Shut up and speak means that you can't become a better public speaker simply by studying communications theory or relying on public speaking folk wisdom. This book gives you the guidance to "shut up" by tuning out all of the interference that doesn't help you become a better public speaker and to "speak" by throwing yourself whole-heartedly into speech-making.

EXPERIMENTS IN ETHICS

Harvard University Press In the past few decades, scientists of human nature—including experimental and cognitive psychologists, neuroscientists, evolutionary theorists, and behavioral economists—have explored the way we arrive at moral judgments. They have called into question commonplaces about character and offered troubling explanations for various moral intuitions. Research like this may help explain what, in fact, we do and feel. But can it tell us what we ought to do or feel? In *Experiments in Ethics*, the philosopher Kwame Anthony Appiah explores how the new empirical moral psychology relates to the age-old project of philosophical ethics. Some moral theorists hold that the realm of morality must be autonomous of the sciences; others maintain that science undermines the authority of moral reasons. Appiah elaborates a vision of naturalism that resists both temptations. He traces an intellectual genealogy of the burgeoning discipline of "experimental philosophy," provides a balanced, lucid account of the work being done in this controversial and increasingly influential field, and offers a fresh way of thinking about ethics in the classical tradition. Appiah urges that the relation between empirical research and morality, now so often antagonistic, should be seen in terms of dialogue, not contest. And he shows how experimental philosophy, far from being something new, is actually as old as philosophy itself. Beyond illuminating debates about the connection between psychology and ethics, intuition and theory, his book helps us to rethink the very nature of the philosophical enterprise.

INTERNATIONAL ECONOMICS

HarperCollins College A new edition of a standard textbook intended for students at the undergraduate or higher level with minimal prior coursework in economics. Solidly covers current developments in international economics and minimizes mathematics. Annotation copyright by Book News, Inc., Portland, OR

SAY IT WITH PRESENTATIONS: HOW TO DESIGN AND DELIVER

SUCCESSFUL BUSINESS PRESENTATIONS

SPSS 16.0 GUIDE TO DATA ANALYSIS

The SPSS 16.0 Guide to Data Analysis is a friendly introduction to both data analysis and SPSS, the world's leading desktop statistical software package. Easy-to-understand explanations and in-depth content make this guide both an excellent supplement to other statistics texts and a superb primary text for any introductory data analysis course. With the SPSS 16.0 Guide to Data Analysis, you get a jump-start on describing data, testing hypotheses, and examining relationships using SPSS. Author Marija Noru is incorporates a wealth of data, including the General Social Survey and studies of Internet usage, opinions of the criminal justice system, marathon running times, library patronage, and the importance of manners. These data files are supplied with the book and are used throughout the examples and expanded chapter exercises. This unique combination of examples, exercises, and contemporary data gives you hands-on experience in analyzing data and makes learning about data analysis and statistical software relevant, unintimidating, and even fun! Data CD-ROM included.

MASTERING IMPORT AND EXPORT MANAGEMENT

AMACOM With billions of dollars generated annually, importing and exporting is a potentially lucrative arena for growth—and a bewildering tangle of rules and regulations. Packed with hundreds of cost-effective strategies, ready-to-use forms, and valuable checklists, the second edition of Mastering Import & Export Management explains how to efficiently—and legally—navigate the complex world of international trade. From the big picture of pinpointing the best markets to the nitty-gritty of packing a container, this sweeping guide examines how to spot potential risks, apply quality control procedures, prepare documentation accurately, and more. This revised and updated edition addresses how best to handle recent crises like the earthquakes and tsunami in Japan, the economic downturn, or political instability in countries like Egypt, Tunisia, Bahrain, and Libya. It also covers every new compliance and security regulation, as well as evolving best practices, including: • C-TPAT guidelines • Incoterms • In-house compliance programs • Freight cost-reduction tips • Beefed-up TSA regulations • Improved technology options • President Obama's new export initiatives. It's an indispensable resource for today's complex and changing global marketplace.

ONE HEALTH, 2ND EDITION

THE THEORY AND PRACTICE OF INTEGRATED HEALTH APPROACHES

CABI One Health, the concept of combined veterinary and human health, has now expanded beyond emerging infectious diseases and zoonoses to incorporate a wider suite of health issues. Retaining its interdisciplinary focus which combines theory with practice, this new edition illustrates the contribution of One Health collaborations to real-world issues such as sanitation, economics, food security and vaccination programmes. It includes more non-infectious disease issues and climate change discussion alongside revised case studies and expanded methodology chapters to draw out implications for practice. Promoting an action-based, solutions-oriented approach, *One Health: The Theory and Practice of Integrated Health Approaches* highlights the lessons learned for both human and animal health professionals and students.

SET YOUR VOICE FREE

HOW TO GET THE SINGING OR SPEAKING VOICE YOU WANT

Hachette UK Language and the way that people communicate has evolved over time, now you can learn how to effectively use your voice in the most effective way possible in order to get your message across. Every time we open our mouths, we have an effect on ourselves and the way others perceive us. The ability to speak clearly and confidently can make or break a presentation, an important meeting, or even a first date. Now, with the advent of Skype, YouTube, podcasting, Vine, and any number of reality talent competitions, your vocal presence has never been more necessary for success or more central to achieving your dreams. Roger Love has over 30 years of experience as one of the world's leading authorities on voice. Making use of the innovative techniques that have worked wonders with his professional clients, Love distills the best of his teaching in *Set Your Voice Free*, and shares exercises that will help readers bring emotion, range, and power to the way they speak. This updated edition incorporates what he's learned in the last 15 years as the Internet and talent competitions have completely changed the role your voice plays in your life. These are the new essentials for sounding authentic, persuasive, distinctive, and real in a world that demands nothing less.

DATA COLLECTION

PLANNING FOR AND COLLECTING ALL TYPES OF DATA

John Wiley & Sons Data Collection Data Collection is the second of six books in the Measurement and Evaluation Series from Pfeiffer. The proven ROI Methodology--developed by the ROI Institute--provides a practical system for evaluation planning, data collection, data analysis, and reporting. All six books in the series offer the

latest tools, most current research, and practical advice for measuring ROI in a variety of settings. Data Collection offers an effective process for collecting data that is essential to the implementation of the ROI Methodology. The authors outline the techniques, processes, and critical issues involved in successful data collection. The book examines the various methods of data collection, including questionnaires, interviews, focus groups, observation, action plans, performance contracts, and monitoring records. Written for evaluators, facilitators, analysts, designers, coordinators, and managers, Data Collection is a valuable guide for collecting data that are adequate in quantity and quality to produce a complete and credible analysis.

MANAGEMENT ACCOUNTING FOR DECISION MAKERS

JOB INTERVIEWS FOR DUMMIES

For Dummies Appearance. Performance skills. Confidence. All are winning - and attainable - traits that will help you land the job you want. You can acquire these skills by perusing Job Interviews For Dummies. This revised edition incorporates a multitude of updates and covers all the bases in getting employers to say, You're the one! Written for all job seekers - new entrants, midlevel people, very experienced individuals, and technical and non-technical job seekers - Job Interviews For Dummies is packed with the building blocks of show-stopping interviews. These range from strategies and techniques to sample dialogue and research tips. Interviewing for a job is kind of like a stage performance, and if you want metaphorical standing ovations, then follow the guidelines offered in these pages. In this book, you'll explore the basics of interviewing, from how to dress to how to answer all sorts of questions - questions about you, your interest in the company, your experience, your education and training, your skills, your age, and questions they shouldn't ask but sometimes do anyway. You'll also uncover information about Practicing for your interview, and why it's so important Recognizing the mind games of job testing Wooing reviewers who give you references Identifying various interviewing scenarios you should expect Answering questions to sell yourself. Understanding the new interviewing technology, such as telephone interviews and

video transmissions. On the stress scale, interviewing for a job ranks with making speeches before a vegetable-throwing crowd. Stress is such a big issue that some interviewees take tranquilizers or beta blockers to reduce it. A better way exists: Master the job-interviewing process. Get the winning ways down pat, and you'll have a special kind of insurance the rest of your working days. This guide can help.
