UNCOVERING YOU 9

LIBERATION

THE MEANING OF SUCCESS

Cambridge University Press The Meaning of Success: Insights from Women at Cambridge makes a compelling case for a more inclusive definition of success. It argues that in order to recognise, reward and realise the talents of both women and men, a more meaningful definition of success is needed. Practical ways of achieving this are explored through interviews with female role models at the University of Cambridge. First-person stories bring alive the achievements and challenges women experience in their working lives, and the effect gender has on careers. The book stimulates a debate about how to bring about a more inclusive working environment.

SCARLET AND BLACK

SLAVERY AND DISPOSSESSION IN RUTGERS HISTORY

Rutgers University Press The 250th anniversary of the founding of Rutgers University is a perfect moment for the Rutgers community to reconcile its past, and acknowledge its role in the enslavement and debasement of African Americans and the disfranchisement and elimination of Native American people and culture. Scarlet and Black documents the history of Rutgers's connection to slavery, which was neither casual nor accidental—nor unusual. Like most early American colleges, Rutgers depended on slaves to build its campuses and serve its students and faculty; it depended on the sale of black people to fund its very existence. Men like John Henry Livingston, (Rutgers president from 1810–1824), the Reverend Philip Milledoler, (president of Rutgers from 1824–1840), Henry Rutgers, (trustee after whom the college is named), and Theodore Frelinghuysen, (Rutgers's seventh president), were among the most ardent anti-abolitionists in the mid-Atlantic. Scarlet and black are the colors Rutgers University uses to represent itself to the nation and world. They are the colors the athletes compete in, the graduates and administrators wear on celebratory occasions, and the colors that distinguish Rutgers from every other university in the United States. This book, however, uses these colors to signify something else: the blood that was spilled on the banks of the Raritan River by those dispossessed of their land and the bodies that labored unpaid and in bondage so that Rutgers could be built and sustained. The contributors to this volume offer this history as a usable one—not to tear down or weaken this very renowned, robust, and growing institution—but to strengthen it and help direct its course for the future. The work of the Committee on Enslaved and Disenfranchised Population in Rutgers History. Visit the project's website at <http://scarletandblack.rutgers.edu>

CAPITAL IN THE TWENTY-FIRST CENTURY

Harvard University Press The main driver of inequality—returns on capital that exceed the rate of economic growth—is again threatening to generate extreme discontent and undermine democratic values. Thomas Piketty's findings in this ambitious, original, rigorous work will transform debate and set the agenda for the next generation of thought about wealth and inequality.

HOLOCAUST EDUCATION

CONTEMPORARY CHALLENGES AND CONTROVERSIES

UCL Press Teaching and learning about the Holocaust is central to school curriculums in many parts of the world. As a field for discourse and a body of practice, it is rich, multidimensional and innovative. But the history of the Holocaust is complex and challenging, and can render teaching it a complex and daunting area of work. Drawing on landmark research into teaching practices and students' knowledge in English secondary schools, Holocaust Education: Contemporary challenges and controversies provides important knowledge about and insights into classroom teaching and learning. It sheds light on key challenges in Holocaust education, including the impact of misconceptions and misinformation, the dilemmas of using atrocity images in the classroom, and teaching in ethnically diverse environments. Overviews of the most significant debates in Holocaust education provide wider context for the classroom evidence, and contribute to a book that will act as a guide through some of the most vexed areas of Holocaust pedagogy for teachers, teacher educators, researchers and policymakers.

UNCOVERING YOU 5

CONFESSIONS

I am mentally exhausted. I am at my wit's end. I am in the dark, again, with no end in sight. But just when all hope seems lost, a light appears at the end of the tunnel. A confession... that breaks me from the stranglehold of hopelessness and despair. An admission... that brings new dimensions to the man who is shrouded in secrecy. Stonehart's revelation can never change what he's done to me. But can it be enough to make a difference in how I see him? As old questions are answered, new ones arise: Is it possible for a man to change? Is it possible for him to repent for all his sins? And, perhaps most important of all: Is it possible for me to forgive?

GLOBALIZING AMERICAN STUDIES

University of Chicago Press The essays collected here offer a comparative, multilingual, or multisited approach to ideas and representations of America. The contributors explore unexpected perspectives on the international circulation of American culture.

THE UNINHABITABLE EARTH

A STORY OF THE FUTURE

Penguin UK **SUNDAY TIMES AND THE NEW YORK TIMES BESTSELLER** 'An epoch-defining book! Matt Haig 'If you read just one work of non-fiction this year, it should probably be this' David Sexton, Evening Standard Selected as a Book of the Year 2019 by the Sunday Times, Spectator and New Statesman A Waterstones Paperback of the Year and shortlisted for the Foyles Book of the Year 2019 Longlisted for the PEN / E.O. Wilson Literary Science Writing Award It is worse, much worse, than you think. The slowness of climate change is a fairy tale, perhaps as pernicious as the one that says it isn't happening at all, and if your anxiety about it is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible, even within the lifetime of a teenager today. Over the past decades, the term "Anthropocene" has climbed into the popular imagination - a name given to the geologic era we live in now, one defined by human intervention in the life of the planet. But however sanguine you might be about the proposition that we have ravaged the natural world, which we surely have, it is another thing entirely to consider the possibility that we have only provoked it, engineering first in ignorance and then in denial a climate system that will now go to war with us for many centuries, perhaps until it destroys us. In the meantime, it will remake us, transforming every aspect of the way we live-the planet no longer nurturing a dream of abundance, but a living nightmare.

NEVER LET GO

CreateSpace Inspired by true events...The first day of college gives every girl a chance to reinvent herself.I go and screw mine up by meeting the most gorgeous guy I've seen in five years while talking to my cat.But Andrew Crouner is far from judgmental. By the end of our interaction, he has me smitten by his easy manner and kind smile. And from the way his eyes linger on me before he leaves, I start to think that maybe I've caught his attention, too.I let myself believe that luck may finally be on my side. That is, until I stumble on my roommate, and her overnight guest: Spencer Ashford.Lean, tattooed, and sexy as sin. Spencer is exactly the type I need to avoid. I would have no trouble with that... were it not for his swift and inexplicable interest in me.Suddenly, I go from a girl with next-to-no experience with boys to one caught in the crosshairs of two completely different men.Andrew's interest is wholesome and sweet. Spencer's is edgy and raw. My choice should be easy. But there are always complications, and sometimes, matters of the heart take the least expected turns.

SLAVERY AND THE BRITISH COUNTRY HOUSE

In 2007 English Heritage commissioned initial research into links with transatlantic slavery or its abolition amongst families who owned properties now in its care. This was part of the commitment by English Heritage to commemorate the bicentenary of the abolition of the British transatlantic slave trade with work that would make a real difference to our understanding of the historic environment in the longer term. The research findings and those of other scholars and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet undertaken.

MECHANISMS OF INSULIN ACTION

Springer Science & Business Media More than 18 million people in the United States have diabetes mellitus, and about 90% of these have the type 2 form of the disease. This book attempts to dissect

the complexity of the molecular mechanisms of insulin action with a special emphasis on those features of the system that are subject to alteration in type 2 diabetes and other insulin resistant states. It explores insulin action at the most basic levels, through complex systems.

CAPITALISM AND DESIRE

THE PSYCHIC COST OF FREE MARKETS

Columbia University Press Despite creating vast inequalities and propping up reactionary world regimes, capitalism has many passionate defenders—but not because of what it withholds from some and gives to others. Capitalism dominates, Todd McGowan argues, because it mimics the structure of our desire while hiding the trauma that the system inflicts upon it. People from all backgrounds enjoy what capitalism provides, but at the same time are told more and better is yet to come. Capitalism traps us through an incomplete satisfaction that compels us after the new, the better, and the more. Capitalism's parasitic relationship to our desires gives it the illusion of corresponding to our natural impulses, which is how capitalism's defenders characterize it. By understanding this psychic strategy, McGowan hopes to divest us of our addiction to capitalist enrichment and help us rediscover enjoyment as we actually experienced it. By locating it in the present, McGowan frees us from our attachment to a better future and the belief that capitalism is an essential outgrowth of human nature. From this perspective, our economic, social, and political worlds open up to real political change. Eloquent and enlivened by examples from film, television, consumer culture, and everyday life, *Capitalism and Desire* brings a new, psychoanalytically grounded approach to political and social theory.

AGEING WITH SMARTPHONES IN IRELAND

WHEN LIFE BECOMES CRAFT

UCL Press There are not many books about how people get younger. It doesn't happen very often. But *Ageing with Smartphones in Ireland* documents a radical change in the experience of ageing. Based on two ethnographies, one within Dublin and the other from the Dublin region, the book shows that people, rather than seeing themselves as old, focus on crafting a new life in retirement. Our research participants apply new ideals of sustainability both to themselves and to their environment. They go for long walks, play bridge, do yoga and keep as healthy as possible. As part of Ireland's mainstream middle class, they may have more time than the young to embrace green ideals and more money to move to energy-efficient homes, throw out household detritus and protect their environment. The smartphone has become integral to this new trajectory. For some it is an intimidating burden linked to being on the wrong side of a new digital divide. But for most, however, it has brought back the extended family and old friends, and helped resolve intergenerational conflicts through facilitating new forms of grandparenting. It has also become central to health issues, whether by Googling information or looking after frail parents. The smartphone enables this sense of getting younger as people download the music of their youth and develop new interests. This is a book about acknowledging late middle age in contemporary Ireland. How do older people in Ireland experience life today? Praise for *Ageing with Smartphones in Ireland* 'An innovative and thorough description and analysis of how one small piece of technology has changed the way Irish people live their lives.' Tom Inglis, Professor Emeritus of Sociology in University College Dublin

INTRODUCING QUALITATIVE RESEARCH IN PSYCHOLOGY

ADVENTURES IN THEORY AND METHOD

Open University Press "...a textbook much to be recommended...not only locates developments in how psychology has come to be seen in a clearly explained philosophical framework, but provides detailed accounts of a rich sample of current qualitative methodologies. The hard question of choice among methods is tackled 'up front', so that the strengths and weaknesses of each research practice are clearly presented...The device of establishing an epistemological standard and presenting each method in relation to it is original and helps to make clear how these seemingly disparate ways of investigation...can be brought together. The addition of substantial case studies in the use of qualitative methodologies as appendices is just what is needed...The clarity and detail of the exposition throughout is a model for books of this kind." - Rom Harre, Linacre College, Oxford and Georgetown University * Why use qualitative research in psychology? * How is qualitative research in psychology carried out? * What are the major debates and unresolved issues surrounding this form of research? *Introducing Qualitative Research in Psychology* introduces students to the rationale behind qualitative research methods and provides clear guidance on how to carry out basic qualitative research. It describes and illustrates six distinct approaches to qualitative research in psychology, including grounded theory, interpretative phenomenology, case studies, discursive psychology, Foucauldian discourse analysis, and memory work. Each chapter introduces a different approach and its procedures and techniques for gathering and analysing data, setting out its advantages and disadvantages and discussing ways of writing up research. Useful features in support of the learning process include further reading at the end of each chapter and boxed discussions of the controversies surrounding each method. In addition, examples of work carried out by undergraduates, provided in three appendices, illustrate how qualitative research methods can be applied in practice within the real-world constraints of an undergraduate course. *Introducing Qualitative Research in Psychology* is an invaluable resource for students at all levels who are new to qualitative research. It is particularly suited to the needs of research methods courses and for use in support of student research projects.

BUSINESS ETHICS

SUCCESSFUL PUBLIC POLICY

LESSONS FROM AUSTRALIA AND NEW ZEALAND

ANU Press In Australia and New Zealand, many public projects, programs and services perform well. But these cases are consistently underexposed and understudied. We cannot properly 'see'—let alone recognise and explain—variations in government performance when media, political and academic discourses are saturated with accounts of their shortcomings and failures, but are next to silent on their achievements. *Successful Public Policy: Lessons from Australia and New Zealand* helps to turn that tide. It aims to reset the agenda for teaching, research and dialogue on public policy performance. This is done through a series of close-up, in-depth and carefully chosen case study accounts of the genesis and evolution of stand-out public policy achievements, across a range of sectors within Australia and New Zealand. Through these accounts, written by experts from both countries, we engage with the conceptual, methodological and theoretical challenges that have plagued extant research seeking to evaluate, explain and design successful public policy. Studies of public policy successes are rare—not just in Australia and New Zealand, but the world over. This book is embedded in a broader project exploring policy successes globally; its companion volume, *Great Policy Successes* (edited by Paul 't Hart and Mallory Compton), is published by Oxford University Press (2019).

EVERYDAY DISCOURSES OF MENSTRUATION

CULTURAL AND SOCIAL PERSPECTIVES

Springer Menstruation is a topic which is both everyday and sensitive. From Leviticus to Pliny, to twentieth-century debates around 'menotoxin', to advertising and 'having the painters in', Victoria Newton's book offers a lively and innovative exploration of the social and cultural dimensions of menstruation. Through in-depth interviews with men and women, the book explores the many different ways in which this sensitive topic is spoken about in British culture. Looking specifically at euphemism, jokes, popular knowledge, everyday experience and folklore, the book provides original insights into the different discourses acting on the menstruating body and encourages debate about how these help to shape our everyday attitudes towards menstruation.

FROM PURITANISM TO POSTMODERNISM

A HISTORY OF AMERICAN LITERATURE

Routledge Widely acknowledged as a contemporary classic that has introduced thousands of readers to American literature, *From Puritanism to Postmodernism: A History of American Literature* brilliantly charts the fascinating story of American literature from the Puritan legacy to the advent of postmodernism. From realism and romanticism to modernism and postmodernism it examines and reflects on the work of a rich panoply of writers, including Poe, Melville, Fitzgerald, Pound, Wallace Stevens, Gwendolyn Brooks and Thomas Pynchon. Characterised throughout by a vibrant and engaging style it is a superb introduction to American literature, placing it thoughtfully in its rich social, ideological and historical context. A tour de force of both literary and historical writing, this Routledge Classics edition includes a new preface by co-author Richard Ruland, a new foreword by Linda Wagner-Martin and a fascinating interview with Richard Ruland, in which he reflects on the nature of American fiction and his collaboration with Malcolm Bradbury. It is published here for the first time.

ENGLISH COLLOCATION IN USE. PER LE SCUOLE SUPERIORI

Ernst Klett Sprachen GmbH Collocations are combinations of words which frequently appear together. Using them makes your English sound more natural. Presents and explains approximately 1,500 word combinations in typical contexts using tables, charts, short texts and dialogues.

THE SHADOW WAND

Harlequin The New York Times bestselling series! HER WORLD-ALTERING SECRET CAN'T BE HIDDEN MUCH LONGER Elloren Gardner hides the most powerful secret in all Erthia—she is the Black Witch of Prophecy, and destined to triumph...or be used as the ultimate weapon of destruction. Separated from everyone she loves, isolated and hunted, Elloren must turn to the last person she can trust—her fastmate, Commander Lukas Grey. With the Mage forces of Gardneria poised to conquer all of Erthia, Elloren has no choice but to ally with Lukas and combine their power to keep herself out of the hands of Gardnerian leader Marcus Vogel...the holder of the all-consuming Shadow Wand. With just weeks to train to become a warrior, and no control over her magic, Elloren finds unexpected allies among those under orders to kill her. It's time to step up. To fight back. And to forge onward through the most devastating loss yet. Critics are raving about Laurie Forest's incredible debut, *The Black Witch*: "Forest uses a richly imagined magical world to offer an uncompromising condemnation of prejudice and injustice." —Booklist, starred review "Exquisite character work, an elaborate mythology, and a spectacularly rendered universe make this a noteworthy debut, which argues passionately against fascism and xenophobia." —Publishers Weekly, starred review "This briskly paced, tightly plotted novel enacts the transformative power of education, creating engaging characters set in a rich alternative universe with a complicated history that can help us better understand our own." —Kirkus Reviews, starred review Books in The Black Witch Chronicles: *The Black Witch* *The Iron Flower* *The Shadow Wand* *The Demon Tide* *Wandfated* (ebook novella)* *Light Mage* (ebook novella)* * Also available in print in *The Rebel Mages* anthology

EYES TO SEE

RECOGNIZING GOD'S COMMON GRACE IN AN UNSETTLED WORLD

InterVarsity Press When we encounter suffering or tragedy, we wonder: Where is God? If God exists, then why doesn't he show himself? Tim Muehlhoff unpacks the doctrine of common grace and offers examples from contemporary culture to uncover how God is present and working in ordinary, everyday places. Discover how God cares for our troubled world as he gives you eyes to see.

DIGITAL SOCIOLOGY

Routledge We now live in a digital society. New digital technologies have had a profound influence on everyday life, social relations, government, commerce, the economy and the production and dissemination of knowledge. People's movements in space, their purchasing habits and their online communication with others are now monitored in detail by digital technologies. We are increasingly becoming digital data subjects, whether we like it or not, and whether we choose this or not. The sub-discipline of digital sociology provides a means by which the impact, development and use of these technologies and their incorporation into social worlds, social institutions and concepts of selfhood and embodiment may be investigated, analysed and understood. This book introduces a range of interesting social, cultural and political dimensions of digital society and discusses some of the important debates occurring in research and scholarship on these aspects. It covers the new knowledge economy and big data, reconceptualising research in the digital era, the digitisation of higher education, the diversity of digital use, digital politics and citizen digital engagement, the politics of surveillance, privacy issues, the contribution of digital devices to embodiment and concepts of selfhood and many other topics. Digital Sociology is essential reading not only for students and academics in sociology, anthropology, media and communication, digital cultures, digital humanities, internet studies, science and technology studies, cultural geography and social computing, but for other readers interested in the social impact of digital technologies.

OF PLYMOUTH PLANTATION, 1620-1647

Rutgers University Press The Pilgrim leader's classical account of the founding of the Plymouth colony and the events of its early years

CHRISTMAS ON MAIN STREET

Penguin 'Tis the season to fall in love in this heartwarming collection of four small town Christmas romance stories. In "Christmas in Shelter Bay," New York Times bestselling author JoAnn Ross returns to Shelter Bay, where Kelli has long tried to keep her feelings for her friend Cole a secret. But when the local matchmakers conspire to send them to a secluded lakeside cabin, the two friends soon discover that a little love will keep them warm. TV producer Nathaniel Ravelle knows the Bayberry Island mermaid legend is a joke— how could a statue grant a wish for true love? But when a Christmas Nor'easter lands him in close quarters with local Annie Parker, they see magic at work in matters of the heart in New York Times bestselling author Susan Donovan's "A Seaside Christmas." In LuAnn McLane's "Mistletoe on Main Street," Clint isn't sure how to rekindle his romance with high school sweetheart Ava—until his father bows out of playing Santa at the annual Cricket Creek holiday parade and Clint gets the chance to make this Christmas one to remember. And in Alexis Morgan's "The Christmas Gift", business is booming at Bridey Roke's pastry shop. Everyone in town stops in to sample her holiday treats. But in her spare moments, she's perfecting a special recipe to charm the handsome new neighbor—who has his own surprise gift for her come Christmas Eve!

SCARLET AND BLACK (3 VOLUME SET)

The 250th anniversary of the founding of Rutgers University is a perfect moment for the Rutgers community to reconcile its past, and acknowledge its role in the enslavement and debasement of African Americans and the disfranchisement and elimination of Native American people and culture. Scarlet and Black, Volume One documents the history of Rutgers's connection to slavery, which was neither casual nor accidental--nor unusual. Like most early American colleges, Rutgers depended on slaves to build its campuses and serve its students and faculty; it depended on the sale of black people to fund its very existence. Scarlet and Black, Volume Two continues the work of the Committee on Enslaved and Disenfranchised Population in Rutgers History. This latest volume includes an introduction to the period from the end of the Civil War through WWII, a study of the first black students at Rutgers and New Brunswick Theological Seminary, and profiles of the earliest black women to matriculate at Douglass College. Scarlet and Black, Volume Three concludes this groundbreaking documentation and includes essays about Black and Puerto Rican students' experiences; the development of the Black Unity League; the Conklin Hall takeover; the divestment movement against South African apartheid; anti-racism struggles during the 1990s; and the Don Imus controversy and the 2007 Scarlet Knights women's basketball team. Scarlet and black are the colors Rutgers University uses to represent itself to the nation and world. They are the colors the athletes compete in, the graduates and administrators wear on celebratory occasions, and the colors that distinguish Rutgers from every other university in the United States. This body of work, however, uses these colors to signify something else: the blood that was spilled on the banks of the Raritan River by those dispossessed of their land and the bodies that labored unpaid and in bondage so that Rutgers could be built and sustained. The contributors to these volumes offer this history as a usable one--not to tear down or weaken this very renowned, robust, and growing institution--but to strengthen it and help direct its course for the future. To learn more about the work of the Committee on Enslaved and Disenfranchised Population in Rutgers History, visit the project's website at <http://scarletandblack.rutgers.edu>.

THE HEPATOCYTE REVIEW

Springer Science & Business Media It is thirty years since the technique of high-yield preparation of isolated hepatocytes, by collagenase perfusion of the liver, was published. The original method described by Berry and Friend has undergone many minor modifications by other workers, and the two-step procedure introduced by Seglen in 1976 has become the most frequent way to prepare hepatocyte suspensions. An important development introduced by Bissell in 1973 was the use of the cells as the first step in monolayer culture. The availability of the isolated hepatocyte preparation as cells in suspension or culture has undoubtedly facilitated research on the liver. This was emphasised in our book, published (with Dr. Greg Barritt) in 1990, which described in detail methods of preparation and the properties of the isolated hepatocytes. It also discussed the usefulness of the preparation for the study of intermediary and xenobiotic metabolism, calcium ion transport, and the growth and differentiation of hepatocytes in culture. The book also touched briefly on a range of specialised techniques, including peri fusion, subcellular fractionation, transplantation, cryopreservation and measurement of intracellular pH. Although standard procedures for the manipulation of hepatocytes have not changed a great deal in ten years, they have undoubtedly been refined. This applies particularly to hepatocyte culture techniques, cryopreservation, and even to preparation of hepatocyte suspensions, where it is now feasible to use purified enzymes. There is also much more emphasis on the use and study of human hepatocytes, particularly in the field of pharmacology and therapeutics.

WINE OF VIOLENCE

Sourcebooks, Inc. With a Foreword by Sharon Kay Penman. It's summer 1270, and England is as weary as its aging king, Henry III. The Simon de Montfort rebellion is over, and in the small priory of Tyndall on the remote East Anglian coast, the monks and nuns of the Order of Fontevraud long to return to their tranquil routine. But then the young, inexperienced Eleanor of Wynethorpe is appointed their new prioress. It's a political move and not popular. The day after she takes up her office, a brutally murdered monk is found in the cloister gardens. Then Brother Thomas arrives. Sent to investigate the Order's shaky finances, the young priest is also paying the price for a crime that could see him burn. As Thomas battles to accept his new life, Eleanor, struggling to gain the respect of her terrified and resentful flock, must cope with violence, lust, and greed to find a vicious killer.

TRUTH AND VISION IN KATHERINE ANNE PORTER'S FICTION

University of Georgia Press My stories are fragments of a larger plan, Katherine Anne Porter once wrote. And on another occasion she praised a critic who perceived that all her work, from the very beginning, was part of an "unbroken progression, all related." In Truth and Vision in Katherine Anne Porter's Fiction, Darlene Unrue examines the encompassing themes that underlie Porter's shorter fiction and that combined to create the haunting events of her complex metaphorical novel, Ship of Fools. Porter believed that men and women are compelled toward discovering the truth about their existence, but that the nature of our world makes those truths difficult to discern. In her writing, Unrue finds, Porter explored not only this basic human need to confront the truth, but also the bewilderment and suffering that are so often the results of failing to fulfill that need. Often in Porter's fiction the movement toward truth is obstructed by the hollow beliefs and illusions that abound in the world--by the seductions of ideology and dogmatic religion, by romantic love or the vision of a golden past. Clinging to such illusions, using them to lend a false coherence to their lives, Porter's characters are led away from the hard realization that truth requires accepting the existence of the unknowable at the center of life, and that what is knowable lies within themselves. Drawing on essays, reviews, letters, and notes, as well as on the intricate fabric of the fiction, this study traces Porter's pursuit of the truth through the creation of a body of fiction in which, from fragments of life, she could assemble an honest vision of the world.

A COMPREHENSIVE HISTORY OF NORWICH

Good Press "A Comprehensive History of Norwich" by A. D. Bayne. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

THE EX-BOYFRIEND'S HANDBOOK

Simon and Schuster "It's not me - it's you. You've let yourself go, so I'm letting you go too." When Edward Middleton hears those words from Jane, his girlfriend of the past ten years, he knows he's in serious trouble. Determined to get her back, Edward must learn how to make women fancy him again. But what makes for a good boyfriend nowadays? Right now, he's the kind of man who puts the 'ex' into 'sexy'. One thing is certain: if he's to be Jane's Mr Right, he needs to turn himself into a bit of all right. From Atkins and Botox, Edward begins working his way through the makeover alphabet. But can cuddly Teddy really become sexy Eddie? Can he rise from the ranks of discarded exes? Or has his journey of self-discovery taken him in a different direction entirely?

Pluto Press (UK) Explosive inside account of why the West has failed to build peace in Afghanistan.

RESTORING LANDS - COORDINATING SCIENCE, POLITICS AND ACTION

COMPLEXITIES OF CLIMATE AND GOVERNANCE

Springer Science & Business Media Environmental issues, vast and varied in their details, unfold at the confluence of people and place. They present complexities in their biophysical details, their scope and scale, and the dynamic character of human action and natural systems. Addressing environmental issues often invokes tensions among battling interests and competing priorities. Air and water pollution, the effects of climate change, ecosystem transformations—these and other environmental issues involve scientific, social, economic, and institutional challenges. This book analyzes why tackling many of these problems is so difficult and why sustainability involves more than adoption of greener, cleaner technologies. Sustainability, as discussed in this book, involves knowledge flows and collaborative decision processes that integrate scientific and technological methods and tools, political and governance structures and regimes, and social and community values. The authors synthesize a holistic and adaptive approach to rethinking the framework for restoring healthy ecosystems that are the foundation for thriving communities and dynamic economies. This approach is that of collective action. Through their research and practical experiences, the authors have learned that much wisdom resides among diverse people in diverse communities. New collaborative decision-making institutions must reflect that diversity and tap into its wisdom while also strengthening linkages among scientists and decision makers. From the pre-publication reviews: “Finally, we have a book that explains how science is irrelevant without people. It’s people who decide when and how to use science, not scientists. This book gives us a roadmap for how to really solve complex problems. It involves hard work, and creating new relationships between scientists and the public that don’t typically exist in our society.” -John M. Hagan, Ph.D. President, Manomet Center for Conservation Sciences

POWER TO THE PEOPLE

THE REPORT OF POWER : AN INDEPENDENT INQUIRY INTO BRITAIN'S DEMOCRACY : THE CENTENARY PROJECT OF THE JOSEPH ROWNTREE CHARITABLE TRUST AND THE JOSEPH ROWNTREE REFORM TRUST

Deals with social sciences/politics. This work is the final report of the Power Inquiry - an independent inquiry into the state of Britain's democracy.

THE SAGE ENCYCLOPEDIA OF CLASSROOM MANAGEMENT

SAGE Publications A teacher’s ability to manage the classroom strongly influences the quality of teaching and learning that can be accomplished. Among the most pressing concerns for inexperienced teachers is classroom management, a concern of equal importance to the general public in light of behavior problems and breakdowns in discipline that grab newspaper headlines. But classroom management is not just about problems and what to do when things go wrong and chaos erupts. It’s about how to run a classroom so as to elicit the best from even the most courteous group of students. An array of skills is needed to produce such a learning environment. The SAGE Encyclopedia of Classroom Management raises issues and introduces evidence-based, real-world strategies for creating and maintaining well-managed classrooms where learning thrives. Students studying to become teachers will need to develop their own classroom management strategies consistent with their own philosophies of teaching and learning. It is hoped that this work will help open their eyes to the range of issues and the array of skills they might integrate into their unique teaching styles. Key Features: 325 signed entries organized in A-to-Z fashion across two volumes Reader's Guide grouping related entries thematically References/Further Readings and Cross-References sections Chronology in the back matter Resource Guide in the appendix This encyclopedia is an excellent scholarly source for students who are pursuing a degree or position in the field of education. The SAGE Encyclopedia of Classroom Management is an ideal source for all academic and public libraries.

WRITING EMOTIONS

THEORETICAL CONCEPTS AND SELECTED CASE STUDIES IN LITERATURE

transcript Verlag After a long period of neglect, emotions have become an important topic within literary studies. This collection of essays stresses the complex link between aesthetic and non-aesthetic emotional components and discusses emotional patterns by focusing on the practice of writing as well as on the impact of such patterns on receptive processes. Readers interested in the topic will be presented with a concept of aesthetic emotions as formative both within the writing and the reading process. Essays, ranging in focus from the beginning of modern drama to digital formats and theoretical questions, examine examples from English, German, French, Russian and American literature. Contributors include Angela Locatelli, Vera Nünning, and Gesine Lenore Schiewer.

QUEERNESS IN PLAY

Springer Queerness in Play examines the many ways queerness of all kinds—from queer as ‘LGBT’ to other, less well-covered aspects of the queer spectrum—intersects with games and the social contexts of play. The current unprecedented visibility of queer creators and content comes at a high tide of resistance to the inclusion of those outside a long-imagined cisgender, heterosexual, white male norm. By critically engaging the ways games—as a culture, an industry, and a medium—help reproduce limiting binary formations of gender and sexuality, Queerness in Play contributes to the growing body of scholarship promoting more inclusive understandings of identity, sexuality, and games.

BUILDING AND EQUIPPING THE GARDEN AND SMALL FARM WORKSHOP

COLOUR FORECASTING

John Wiley & Sons The colour forecasting process is a major driving force in the fashion and textile industries but is complex, highly intuitive and little understood. This textbook for students of fashion and design discusses the development of the various driving forces of fashion, when colour forecasting began and how it has developed to its present day state. Colour terminology and some of the more subjective tools used by colour forecasters are explained, and their strengths and weaknesses are compared. Also, a model is given of the colour forecasting process and this is discussed in detail. Finally, readers are shown how forecasting methodologies are used to develop 'colour stories'.

TROPIC OF CANCER (HARPER PERENNIAL MODERN CLASSICS)

HarperCollins UK Miller’s groundbreaking first novel, banned in Britain for almost thirty years.
