Forensic Ecology: A Practitioner's Guide provides a complete handbook covering all aspects of forensic ecology. Bringing together the forensic applications of anthropology, archaeology, entomology, palynology and sedimentology in one volume, this book provides an essential resource for practitioners in the field of forensic science, whether crime scene investigators, forensic science students or academics involved in the recovery and analysis of evidence from crime scenes. Forensic Ecology: A Practitioner's Guide includes information not only on the search, location, recovery and analysis of evidence, but includes sampling strategies for diatom analysis, pollen and soils samples and entomology and provides guides for good practice. Each chapter provides background information on each discipline and is structured according to pre-scene attendance (what questions should the scientist ask when receiving a call? What sort of preparation is required?), scene attendance (including protocols at the scene, sampling strategies, recording), scientific examination of analysis of the evidence up to the stages and guidelines for witness statement and presenting evidence in court. The book is written by specialists in all fields with a wealth of experience who are current forensic practitioners around the world. It provides an essential and accessible resource for students, academics, forensic practitioners and police officers everywhere. Five Marys Family Style Recipes and Traditions from the Ranch Sasquatch Books Following up on her popular cookbook, Five Marys Ranch Raised, Mary Heffernan reveals family life on the ranch through the traditions, crafts, and meals they share together throughout the year. Arranged around 17 themed menus for favorite family events and activities, Five Marys Family Style takes the reader on a journey through the seasons and customs that drive life on the ranch. Readers will discover the Heffernan family's Thanksgiving and Christmas traditions, menus for a cozy fireside dinner, a summer cookout, a pack-ahead picnic, or an end-of-week taco fiesta featuring more than 75 rustic, hearty recipes. Sprinkled throughout the book are simple, crafty DIY projects that Mary and her four daughters have fun making together, including indigo-dyed tea towels, flower-filled holiday table runners, and hand-rolled beeswax candles. Along the way, Mary shares stories of life on the ranch as well as the faithful traditions and strong connections she maintains with her extended family. Lush photography captures the expansive beauty of the ranch, the animals, including dogs, cats, and horses, and of course, Mary and her beloved husband and ranching co-partner, Brian. **Mother Hunger How Adult Daughters Can Understand and Heal from Lost Nurturance, Protection, and Guidance Hay House, Inc An insatiable need for sex and love. Periods of overeating or starving. A pattern of unstable and painful relationships. Does this sound painfully familiar? Trauma counselor Kelly McDaniel has seen these traits over and over in clients who feel trapped in cycles of harmful behaviors-and are unable to stop. Many of us find ourselves stuck in unhealthy habits simply because we don't see a better way. With Mother Hunger, McDaniel helps women break the cycle of destructive behavior by taking a fresh look at childhood trauma and its lasting impact. In doing so, she destigmatizes the shame that comes with being under-mothered and misdiagnosed. McDaniel offers a healing path with powerful tools that include therapeutic interventions and lifestyle changes in service to healthy relationships. The constant search for mother love can be a lifelong emotional burden, but healing begins with knowing and naming what we are missing. McDaniel is the first clinician to identify Mother Hunger, which demystifies the search for love and provides the compass that each woman needs to end the struggle with achy, lonely emptiness, and come home to herself.**

**Auto Repair For Dummies John Wiley & Sons Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save**

on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.
