## THE BEDFORD HANDBOOK

---

Macmillan Higher Education **What habits are common among good college writers? Good college writers are curious, engaged, reflective, and responsible. They read critically. They write with purpose. They tune into their audience. They collaborate and seek feedback. They know credible evidence makes them credible researchers. They revise. The Bedford Handbook, based on surveys with more than 1,000 first-year college students, fosters these habits and offers more support than ever before for college reading and writing. New writing guides support students as they compose in an ever-wider variety of genres, including multimodal genres. New reading support encourages students to become active readers. Retooled research advice emphasizes inquiry and helps writers cite even the trickiest digital sources confidently and responsibly. Best of all, the Handbook remains a trusted companion for students because it is accessible, comprehensive, and authoritative. Instructors benefit, too: A substantially revised Instructor's Edition includes Nancy Sommers's personal mentoring—more than 100 new concrete tips for teaching with the handbook. Finally, integrated digital content is easily assignable and helps students practice and apply the handbook's lessons.**

## **RECITATIF**

---

Random House **'Toni Morrison was the lodestar who inspired us'** Bernadine Evaristo Twyla and Roberta have known each other since they were eight years old, when they were thrown together as roommates in a girls'

shelter. Inseparable then, they lose touch as they grow older, only to meet again later at a diner, a grocery store and then at a protest. The two women are seemingly at opposite ends of every problem but, despite their conflict, the deep bond their shared experience has forged between them is undeniable. Recitatif keeps Twyla's and Roberta's races ambiguous throughout the story. We know that one is white and one is black, but which is which? And who is right about the race of the woman the girls tormented at the orphanage? This story is a masterful exploration of what keeps us together and what keeps us apart, of race and the relationships that shape our lives. Now with a new introduction by Zadie Smith, it is as radically compelling and relevant today as it was when first written nearly forty years ago. 'Toni Morrison is the greatest chronicler of the American experience that we have ever known' Tayari Jones 'Her work is an act of giving her community back to itself, so that people - African-Americans but the diaspora as well - can see and witness themselves' Diana Evans
