21ST CENTURY BUSINESS: INTRO TO BUSINESS

Cengage Learning The 21ST CENTURY BUSINESS SERIES is an innovative instructional program providing instructors with the greatest flexibility to deliver business content using a modular format. Instructors can create their own business courses by combining several Learner Guides in the Series to form one-semester or two-semester courses. The individual Learner Guides can also be used as enhancements to more traditional business courses or to tailor new courses to meet emerging needs. The design and content of each Learner Guide in the 21ST CENTURY BUSINESS SERIES is engaging yet easy for students to use. The content focuses on providing opportunities for applying 21st skills while enabling innovative learning methods that integrate the use of supportive technology and creative problem solving approaches in today's business world. The Introduction to Business Learner Guide covers today's most relevant business topics such as how business has been affected by the global economic crisis and recovery as well as global environmental issues. The roles of marketing and human resources management are also incorporated into this Learner Guide. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

AN INTRODUCTION TO COMMUNITY DEVELOPMENT

Routledge Beginning with the foundations of community development, An Introduction to Community Development offers a comprehensive and practical approach to planning for communities. Road-tested in the authors' own teaching, and through the training they provide for practicing planners, it enables students to begin making connections between academic study and practical know-how from both private and public sector contexts. An Introduction to Community Development shows how planners can utilize local economic interests and integrate finance and marketing considerations into their strategy. Most importantly, the book is strongly focused on outcomes, encouraging students to ask: what is best practice when it comes to planning for communities, and how do we accurately measure the results of planning practice? This newly revised and updated edition includes: increased coverage of sustainability issues, discussion of localism and its relation to community development, quality of life, community well-being and public health considerations, and content on local food systems. Each chapter provides a range of reading materials for the student, supplemented with text boxes, a chapter outline, keywords, and reference lists, and new skills based exercises at the end of each chapter to help students turn their learning into action, making this the most user-friendly text for community development now available.

WHAT CAN I DO NOW?

Infobase Publishing Guides students on the path to a career working in the business and finance industry. Job profiles include accountants and auditors, business managers, franchise owners, and human resources workers.

HEALTH RECORDS AND THE LAW

Jones & Bartlett Learning This fifth edition of *Health Records and the Law* addresses the substantial changes brought about by the Health Insurance Portability and Accountability Act (HIPAA) and the growth of network information systems, with discussion of state laws affecting the use and disclosure of patient data. The text also discusses the highly complex interplay of federal and state privacy laws. In addition to the considerable new material concerning HIPAA and its regulations, this edition addresses the challenging area of how patient information may be used in connection with medical research and the impact that the Health Information Technology for Economic and Clinical Health (HITECH) Act is having on public health monitoring and surveillance.
