**West of Eden Eden Book 1 Hachette UK** *In this brilliant acclaimed novel dinosaurs still rule the Earth. The cosmic catastrophe that ended the Age of the Dinosaurs 65 million years ago never happened. The evolution of the great reptiles continued, climaxing with the Yilanè, the most intelligent and advanced race on Earth. But when the onset of a new Ice Age forces them to cross the ocean to explore and colonize a vast continent, they clash violently with a savage new breed of mammal that they have never before encountered. Mammals that walk erect, hunt and use crude stone tools - and weapons . . .* **Return to Eden Eden Book 3 Hachette UK** *THE TRILOGY CONCLUDES... In West of Eden and Winter in Eden, Harry Harrison, an acknowledged master of imaginative fiction, broke new ground with his most ambitious project to date. He brought to vivid life the world as it might have been, where dinosaurs survived, where their intelligent descendants, the Yilanè, challenged humans for mastery of the Earth, and where the human Kerrick, a young hunter of the Tanu tribe, grew among the dinosaurs and rose to become their most feared enemy. Now, in Return to Eden, Harrison brings the epic trilogy to a stunning conclusion. After Kerrick rescues his people from the warlike Yilanè, they must regroup and consider their future. They find a safe haven on an island and there begin to rebuild their shattered lives. But with fierce predators stalking the forests, how long can these unarmed human outcasts hope to survive? They need weapons, but they only effective weapons lie in the hands of the technologically superior Yilanè. The small band of humans has no choice but to confront their face head-on. And, of course, Kerrick cannot forget Vaintè, his implacable Yilantè enemy. She's been cast out from her kind, under sentence of death, but how long will her banishment last? For her strange attraction to Kerrick has turned into a hatred even more powerful than her inbred instincts - an obsession that compels her to hunt down Kerrick and kill him. In a world completely unlike her*

own, two great cultures struggling for mastery of the Earth face the same problem that faces us today: how to coexist on the same planet completely unlike ourselves - or mutually perish. **Harry Harrison An Annotated Bibliography Wildside Press LLC** The definitive Harry Harrison bibliography, with lengthy annotations and a special bonus--the Harrison story written for Harlan Ellison's unpublished "Last Dangerous Visions" anthology. **Winter in Eden Tor Books** A new ice age threatens Earth. Facing extinction, the dinosaurs must employ their mastery of biology to reconquer human territory swiftly. Desperately, Kerrick launches an arduous quest to rally a final defense for humankind. With his beloved wife and young son, he heads north to the land of the whale hunters, east into the enemy's stronghold, and south to a fateful reckoning with destiny. Warring kings rule over the British Isles, but the Church rules over the kings. Powerful bishops and black-robed priests fill their cathedrals with gold, while threatening all who oppose them with damnation. But there are those who do not fear the priests, and they are the dreaded Vikings of Scandinavia. Among these Northern invaders, those who follow the Way of the Gods of Asgard carry the Hammer of Thor as their emblem, and they are sworn to increase mankind's knowledge and strength by conquest and by craft. And as Viking warlords cast hungry eyes upon a weak and divided Britain, the Way collides with the Church, launching an all-out war between The Hammer and the Cross. At the center of this bloody conflict is Shef, bastard son of a Norse raider and a captive English lady. A smith and a warrior, he is driven by strange visions that seem to come from Odin himself. Torn by divided loyalties, Shef alone dares to imagine new weapons and tactics with which to carve out a kingdom - and threaten the holy power of Rome itself! **Science Fiction, Fantasy & Horror To be Continued An Annotated Guide to Sequels Greenwood Publishing Group** Main entries by author, then series. Title and subject index also included. **A Transatlantic Tunnel, Hurrah! Tor Books** Bill, the Galactic Hero **Hachette UK** Bill was a peaceful farm boy until he was lured by the martial music of a passing recruitment sergeant, drugged, and made to enlist in the Empire Space Corps. His basic training is sheer hell, but somehow he manages to stay alive and achieve the rank of Fusetender 6th Class in the process. En route to an engagement with the lizard-like Chingers, Bill's spaceship is involved in a supreme contest and by accident Bill is the man who saves the ship and wins the day. A grateful Galaxy awards him its highest accolade, the Purple Dart, to be presented by the Emperor himself on the fabulous aluminium-covered capital planet, Helior. And then his adventures really start to take off in the most bizarre and nastily surprising ways... **One Step from Earth Macmillan** What if we could transfer objects, even people, across the galaxy in the blink of an eye? What hidden secrets would it reveal? What deadly dangers would it conceal? Will any part of human life be the same when the vastness of the Universe lies only ONE STEP FROM EARTH? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. **A Rebel in Time Hachette UK** Colonel McCulloch was up to no good. That was becoming very clear indeed. He had stashed away a quarter of a million dollars in gold, and was a prime suspect in a couple of murder cases. But secret agent Troy Harman can find no trace of his whereabouts. McCulloch has vanished into thin air.

When Harman visits the research station where McCulloch worked as security chief, he realises the awful truth. To follow McCulloch, to try to put an end to his insane mission - Troy Harman has to embark on a strictly one-way trip . . . **A Stainless Steel Rat Is Born The Stainless Steel Rat Book 6 Hachette UK** Young Jim diGriz has but one ambition in life - to become a master criminal, perhaps the greatest that his backwater homeworld, Bit O'Heaven, has ever seen. So that he can learn the ropes, he has to mix with the right people - or rather the wrong people. And for this kind of on-the-job training the best place to meet the worst villains is in prison. But even for a customer as slippery as Jim, getting behind bars isn't easy. So Jim does a bank job, very badly, with the avowed intention of getting himself nicked . . . **The Stainless Steel Rat Wants You! The Stainless Steel Rat Book 4 Hachette UK** Slippery Jim di Griz - the Stainless Steel Rat - is still recovering from his efforts to save his beloved Angelina from the notorious Interstellar Internal and External Revenue when he is called upon to perform the impossible. Saving the galaxy. But can he pull it off? The galaxy is being attacked by every kind of alien race - untold billions of tentacled, slimy, green, clawed mutations - and time is running out. Aided and abetted by his wife Angelina and his teenage sons, James and Bolivar, Jim infiltrates the nerve centre of the enemy council chambers. But he hasn't reckoned on the grey men and their commitment to a 'holy crusade' to destroy mankind - permanently! **The Post Office Directory of Durham and Northumberland Stars & Stripes Forever A Novel of Alternate History Del Rey** On November 8, 1861, a U.S. navy warship stopped a British packet and seized two Confederate emissaries on their way to England to seek backing for their cause. England responded with rage, calling for a war of vengeance. The looming crisis was defused by the peace-minded Prince Albert. But imagine how Albert's absence during this critical moment might have changed everything. For lacking Albert's calm voice of reason, Britain now seizes the opportunity to attack and conquer a crippled, war-torn America. Ulysses S. Grant is poised for an attack that could smash open the South's defenses. In Washington, Abraham Lincoln sees a first glimmer of hope that this bloody war might soon end. But then disaster strikes: English troops have invaded from Canada. With most of the Northern troops withdrawn to fight the new enemy, General William Tecumseh Sherman and his weakened army stand alone against the Confederates. Can a divided, bloodied America defeat England, or will the United States cease to exist for all time? **Books in Polish Or Relating to Poland The Technicolor Time Machine Hachette UK** L M Greenspan, the head of ailing Climactic Studios, gave producer, Barney Hendrickson, five days to get a major movie in the can - and Climactic out of it. Impossible? Not with Professor Hewett's miraculous presto chango time machine, the answer to Hollywood producer's prayer. Nipping back to AD 1,000 with a whole film crew and two glam stars, Barney sets out to prove that the Vikings discovered America five hundred years before Columbus - and to film the event in glorious Technicolour. But it's not as easy as it sounds, as they realise when history lets them down and their Viking Columbus fails to show up in the New World. **Hard Reading Learning from Science Fiction Oxford University Press** An exploration of politics and the role of the 'soft sciences' in Science Fiction. **A Stainless Steel Rat is Born Spectra Captive Universe Hachette UK** The valley was isolated in time and space, a land of barbarous science and human sacrifice. Coatlice the

Dreadful stalked the night, her twin serpent heads dealing death to taboo-breakers. Citallatonac the First Priest sacrificed anyone believed to be possessed by the gods. Chimal rebelled: he wanted to escape the atavistic confines of his lost civilisation, to venture into the unknown world beyond the valley, a world of hope, and nightmare, too. **The Death of Grass Penguin UK** A thought experiment in future-shock survivalism' Robert MacFarlane 'Gripping ... of all science fiction's apocalypses, this is one of the most haunting' Financial Times WITH AN INTRODUCTION BY ROBERT MACFARLANE A post-apocalyptic vision of the world pushed to the brink by famine, John Christopher's science fiction masterpiece *The Death of Grass* includes an introduction by Robert MacFarlane in Penguin Modern Classics. At first the virus wiping out grass and crops is of little concern to John Custance. It has decimated Asia, causing mass starvation and riots, but Europe is safe and a counter-virus is expected any day. Except, it turns out, the governments have been lying to their people. When the deadly disease hits Britain, society starts to descend into barbarism. As John and his family try to make it across country to the safety of his brother's farm in a hidden valley, their humanity is tested to its very limits. A chilling psychological thriller and one of the greatest post-apocalyptic novels ever written, *The Death of Grass* shows people struggling to hold on to their identities as the familiar world disintegrates - and the terrible price they must pay for surviving. John Christopher (1922-2012) was the pen name of Samuel Youd, a prolific writer of science fiction. His novels were popular during the 1950s and 1960s, most notably *The Death Of Grass* (1956), *The World in Winter* (1962), and *Wrinkle in the Skin* (1965), all works depicting ordinary people struggling in the midst of apocalyptic catastrophes. In 1966 he started writing science-fiction for adolescents; *The Tripods* trilogy, the *Prince in Waiting* trilogy (also known as the *Sword of the Spirits* trilogy) and *The Lotus Caves* are still widely read today. If you enjoyed *The Death of Grass*, you might like John Wyndham's *The Day of the Triffids*, also available in Penguin Modern Classics. **The Stainless Steel Rat for President The Stainless Steel Rat Book 5 Hachette UK** You can't keep a good rat down, not one as slippery as Jim di Griz, alias the Stainless Steel Rat. And you can't keep his nose out of trouble either. Jim and the lethal, luscious Angelina owe themselves a honeymoon and Paraiso-Aqui looks like the place. Settled long ago by voyagers from the southern continent of Earth (or Dirt as it was known) Paraiso is warm and easy. But all is not well in paradise. The serpentine tyrant General Julio Zapilote is about to sail back into office in another rigged election, and the chance to scupper him is just too good for Jim to miss. Corruption, bribery, graft and chicanery - for the Rat it's just like coming home. **Eden's Fall Image Comics** Top Cow combines three of its most provocative titles (*THINK TANK*, *THE TITHE*, *POSTAL*) in an unflinching fable of revenge and consequence. FBI Agent James Miller (*THE TITHE*) follows a sociopath into the off-the-grid town of Eden, Wyoming, on a personal mission of vengeance. The price of this vigilante justice will be paid in blood, and both Eden and James Miller will never be the same. Collects *EDEN'S FALL* #1-3, *THINK TANK* #1, *POSTAL* #1, *THE TITHE* #1 **British Books in Print Prehistoric Monsters The Real and Imagined Creatures of the Past That We Love to Fear McFarland** Over centuries, discoveries of fossil bones spawned legends of monsters such as giants and dragons. As the field of earth sciences matured during the 19th century, early fossilists gained understanding of prehistoric creatures

such as Tyrannosaurus, Triceratops and Stegosaurus. This historical study examines how these genuine beasts morphed in the public imagination into mythical, powerful engines of destruction and harbingers of cataclysm, taking their place in popular culture, film, and literature as symbols of "lost worlds" where time stands still. **Stars and Stripes Triumphant Stars and Stripes Book 3 Hachette UK** The Stars and Stripes trilogy is the story of the war that never was, but might so easily have happened: the war of the 1860s between the United States of America and the British Empire. It began with an ill-considered seizure of a British ship, escalated with an ill-considered letter to Abraham Lincoln, and continued with an ill-starred invasion of the territory of the USA by an incensed British government. The first modern war - with iron-clad ships, rapid-firing guns, trenches, mass armies and massive casualties, was taking place, not between the industrial northern states and the agricultural southern ones, but between the two great English-speaking nations. Who happened also to be the two most powerful nations on the planet. In the stunning conclusion to this series, the Irish become involved and a most surprising ending is the culmination of the ill-fated war. **Out of Eden An Odyssey of Ecological Invasion Macmillan** In this search for both scientific answers and ecological authenticity, the author tours the front lines of ecological invasion in the company of world-class scientists to explore the disparity between what is nature and what is natural. **The Chronology of Seeker The Sunrise Years iUniverse** This is a spiritual mystery and safari scorching adventure involving the main character, and anti hero Seeker Barrington who although being battered, traumatized and bruised about in many situations has a source of help beyond the power of any enemy he faces. After becoming a born again Christian he is far from helpless; and all those around him are forever changed by the experiences of having encountered first hand Seeker's utterly momentous source of perseverance, courage and strength. Seeker finds out every time he prays to God in Jesus name he can call upon arc angels that will save him from the numerous evil people's plots, dilemmas and utterly colossal savage beastly leviathans and monsters he faces eventually in the story. God is with Seeker in every way, day, and in every circumstance. All Seeker has to do is to agree to seek out to do God's will and God takes care of the rest. **Olderr's Fiction Index Fire in the Stone Prehistoric Fiction from Charles Darwin to Jean M. Auel Wesleyan University Press** The genre of prehistoric fiction contains a surprisingly large and diverse group of fictional works by American, British, and French writers from the late nineteenth century to the present that describe prehistoric humans. Nicholas Ruddick explains why prehistoric fiction could not come into being until after the acceptance of Charles Darwin's theories, and argues that many early prehistoric fiction works are still worth reading even though the science upon which they are based is now outdated. Exploring the history and evolution of the genre, Ruddick shows how prehistoric fiction can offer fascinating insights into the possible origins of human nature, sexuality, racial distinctions, language, religion, and art. The book includes discussions of well-known prehistoric fiction by H.G. Wells, Jules Verne, J.-H. Rosny Aîné, Jack London, William Golding, Arthur C. Clarke, and Jean M. Auel and reminds us of some unjustly forgotten landmarks of prehistoric fiction. It also briefly covers such topics as the recent boom in prehistoric romance, notable prehistoric fiction for children and young adults, and the most entertaining movies

featuring prehistoric humans. The book includes illustrations that trace the changing popular images of cave men and women over the past 150 years. **City of Saints and Madmen Pan Macmillan** From the author of *Annihilation*, now a major motion picture on Netflix. From Jeff VanderMeer, an author praised by writers such as Laren Beukes, China Miéville and Michael Moorcock, *City of Saints and Madmen* is by turns sensuous and terrifying. This collection of four linked novellas is the perfect introduction to VanderMeer's vividly imagined world. In the city of Ambergris, a would-be suitor discovers a sunlit street can become a killing ground in the blink of an eye. An artist receives an invitation to a beheading and finds himself enchanted. And a patient in a mental institution is convinced he's imagined a city called Ambergris, invented its every last detail, and that he's really from a place called Chicago. Ambergris is a cruelly beautiful metropolis – a haven for artists and thieves, for composers and murderers. And once there, anything can happen. These tales of Ambergris include the World Fantasy Award-winning novella, *The Transformation of Martin Lake*. **The Animal Fable in Science Fiction and Fantasy McFarland** Though animal stories and fables stretch back into the antiquity of ancient India, Persia, Greece and Rome, the reasons for writing them and their resonance for readers (and listeners) remain consistent to the present. This work argues that they were essential sources of amusement and instruction—and were also often profoundly unsettling. Such authors in the realm of the animal fable as Tolkien, Freud, Voltaire, Bakhtin, Cordwainer Smith, Karel Čapek, Vladimir Propp, and many more are discussed. **Seeds of Eden R. R. Bowker** Visions of decapitated corpses, pools of blood, and a masked executioner have haunted Evey's dreams for as long as she can remember. Torn between life in the waking world and dreams of the dead, she discovers her normal existence is nothing more than an illusion. As time passes, she is led to question the confines of her own sanity. What sins could she possibly have committed to warrant such a curse? The answers Evey has longed for surface with the sudden arrival of a familiar stranger. Conrad's mystifying appearances in her nightmares only seems to draw her closer to him, and the attraction she feels for him is undeniable. But when he confesses that their fates have been intertwined for centuries and the secrets of her past are revealed, Evey realizes that answers sometimes only lead to more complicated questions. Did one bite of forbidden fruit precipitate the Fall of Man? Or was a much more sinister force at work? Either way, the choices made in the Garden of Eden won't go unpunished. If Evey and Conrad are to keep history from repeating itself, then the two of them must outrun a great darkness before it can claim their lives again. **American Book Publishing Record BPR annual cumulative The British Library General Catalogue of Printed Books, 1986 to 1987 Olderr's Young Adult Fiction Index Kelly's directory of Newcastle, Gateshead, Sunderland, North and South Shields, and suburbs Coincidence and Counterfactuality Plotting Time and Space in Narrative Fiction U of Nebraska Press** In *Coincidence and Counterfactuality*, a groundbreaking analysis of plot, Hilary P. Dannenberg sets out to answer the perennial question of how to tell a good story. While plot is among the most integral aspects of storytelling, it is perhaps the least studied aspect of narrative. Using plot theory to chart the development of narrative fiction from the Renaissance to the present, Dannenberg demonstrates how the novel has evolved over time and how writers have developed increasingly complex narrative

strategies that tap into key cognitive parameters familiar to the reader from real-life experience. ø Dannenberg proposes a new, multidimensional theory for analyzing time and space in narrative fiction, then uses this theory to trace the historical evolution of narrative fiction by focusing on coincidence and counterfactuality. These two key plot strategies are constructed around pivotal moments when characters' life trajectories, or sometimes the paths of history, converge or diverge. The study's rich historical and textual scope reveals how narrative traditions and genres such as romance and realism or science fiction and historiographic metafiction, rather than being separated by clear boundaries are in fact in a continual process of interaction and cross-fertilization. In highlighting critical stages in the historical development of narrative fiction, the study produces new readings of works by pinpointing the innovative role played by particular authors in this evolutionary process. Dannenberg's original investigation of plot patterns is interdisciplinary, incorporating research from narrative theory, cognitive approaches to literature, social psychology, possible worlds theory, and feminist approaches to narrative. **The Stainless Steel Rat Joins The Circus The Stainless Steel Rat Book 10**

**Hachette UK** 'Set a thief to catch a thief' goes the old saying. And when you are the richest man in the Universe and someone is systematically robbing your various banks blind you'd better set the best thief ever to catch your thief. After all, even at four million credits a day plus expenses, you can afford him. Enter Slippery Jim DiGriz. And that's how it all began for Slippery Jim and his wife, the ever deadly Angelina; persuaded from a life of stockmarket dabbling and picnicking by the hover tanks, hard cash and outright flattery of undoubtedly the richest and probably the oldest man alive; Imperatrix Von Kaiser-Czarski. It would have seemed rude to not take the job and after barely four weeks (at four million a day) of watching the latest in computers (courtesy of son James) sift through the available evidence Jim has his first lead. Each time one of Kaiser Czarski's banks is robbed there is a circus in town. And as Jim knows full well, you don't find out about a circus by going to it. You join it... **Lifeboat** Science fiction-roman.
