The Japanese Lover

A Novel

Simon and Schuster From New York Times and internationally bestselling author Isabel Allende, an exquisitely crafted love story and multigenerational epic that sweeps from San Francisco in the present-day to Poland and the United States during the Second World War. The Japanese Lover is a tender story that explores issues of race and identity, abandonment and reconciliation, and centers on two women: elderly, enigmatic Alma and her caretaker, the younger, devoted Irina, who is hiding a dark past. With an intricate, gripping plot that takes readers inside the US internment camps where Japanese Americans were imprisoned during the war, the novel captures both the horrifying acts and the beautiful deeds of which mankind is capable. Here is Isabel Allende at her masterful best.

La utopía del oprimido

Los derechos de la naturaleza y el buen vivir en el pensamiento crítico, el derecho y la literatura

Ediciones AKAL Las alternativas radican en el imaginario, no en la fantasía. Así lo demuestra Ramiro Ávila Santamaría, doctor en Sociología jurídica y docente universitario, quien ofrece la utopía como herramienta de transformación. A diferencia del deber ser, que sólo corre en un sentido de exigencia, la utopía es ambidiestra: surge del imaginario —la médula humana, de la cultura— para plantear nuevas posibilidades sociales y luego volver a nosotros para cuestionarnos. ¿Pueden la cosmovisión de los pueblos y las luchas sociales abreviar a la política, al derecho, al pensamiento crítico? El método utópico, como se demuestra en estas páginas, puede aplicarse para describir y explicar la realidad, los fenómenos sociales e incluso para analizar cualquier forma de representación. A través de él se hace posible cuestionar toda utopía —incluida la del capitalismo y sus ideas de progreso o desarrollo— para proponer alternativas posibles en las que todos los órdenes de la vida en sociedad sean incluidos. Este recorrido no inicia en la teoría aceptada, sino en el pensamiento kichwa, en la Sinfonía inconclusa de Schubert y con personajes como Don Quijote o Pedro Páramo, para abrir el análisis jurídico al arte y a conceptos críticos surgidos desde América Latina, con Bolívar Echeverría y Aníbal Quijano, entre otros. La creación de un nuevo paradigma de mundo demandará más creación y menos prescripción; más imaginación y menos límites inclusivos. Esto es lo que propone la utopía del oprimido.

A World for Julius

A Novel

Univ of Wisconsin Press **Julius was born in a mansion on Salaverry Avenue, directly across from the old San Felipe Hippodrome. Life-size Disney characters and cowboy movie heroes romp across the walls of his nursery. Out in the carriage house, his great-grandfather's ornate, moldering carriage takes him on imaginary adventures. But Julius's father is dead, and his beautiful young mother passes through her children's lives like an ephemeral shooting star. Despite the soft shelter of family and money, hard realities overshadow Julius's expanding world, just as the rugged Andes loom over his home in Lima. This lyrical, richly textured novel, first published in 1970 as *Un mundo para Julius*, opens new territory in Latin American literature with its focus on the social elite of Peru. In this postmodern novel Bryce Echenique incisively charts the decline of an influential, centuries-old aristocratic family faced with the invasion of foreign capital in the 1950s. Winner of the Outstanding Translation Award of the American Literary Translators Association and the Columbia University Translation Center Award.**

Vector Mechanics for Engineers

Dynamics, New Media Version with Problems Supplement

McGraw-Hill Science, Engineering & Mathematics **Since their publication nearly 40 years ago, Beer and Johnston's Vector Mechanics for Engineers books have set the standard for presenting statics and dynamics to beginning engineering students. The New Media Versions of these classic books combine the power of cutting-edge software and multimedia with Beer and Johnston's unsurpassed text coverage. The package is also enhanced by a new problems supplement. For more details about the new media and problems supplement package components, see the "New to this Edition" section below.**

Apuntes sobre Nicaragua

Upside Down

A Primer for the Looking-Glass World

Metropolitan Books **From the winner of the first Lannan Prize for Cultural Freedom, a biting funny, kaleidoscopic vision of the first world through the eyes of the third Eduardo Galeano, author of the incomparable Memory of Fire Trilogy, combines a novelist's intensity, a poet's lyricism, a journalist's fearlessness, and the strong judgments of an engaged historian. Now his talents are richly displayed in Upside Down, an eloquent, passionate, sometimes hilarious exposé of our first-world privileges and assumptions. In a series of lesson plans and a "program of study" about our beleaguered planet, Galeano takes the reader on a wild trip through the global looking glass. From a master class in "The Impunity of Power" to a seminar on "The Sacred Car"--with tips along the way on "How to Resist Useless Vices" and a declaration of "The Right to Rave"--he surveys a world unevenly divided between abundance and deprivation, carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, Upside Down makes us see the world anew and even glimpse how it might be set right. "Galeano's outrage is tempered by intelligence, an ineradicable sense of humor, and hope." -Los Angeles Times, front page**

Introduction to Botany

Benjamin-Cummings Publishing Company **Introduction to Botany's** comprehensive coverage captures readers' attention by showing them why plants are a fascinating and essential part of their everyday lives. The clear, concise text focuses on four major themes—plants and people, conservation biology, evolution, and biotechnology—and gives readers practical and relevant information about the world of botany. Thematic boxes throughout each chapter further highlight the relationship between plants and readers' lives. Nabors' clear and engaging writing style keeps students interested in the science without ever becoming encyclopedic. Plants & people, conservation biology, evolution, and biotechnology. For college instructors, students, and anyone interested in plant biology or botany.

Atonement

Vintage Canada **From the Booker Prize winning author of Amsterdam, a brilliant new novel. On the hottest day of the summer of 1935, thirteen-year-old Briony Tallis sees her sister Cecilia strip off her clothes and plunge into the fountain in the garden of their country house. Watching her is Robbie Turner, son of the Tallis's cleaning lady, whose education has been subsidized by Cecilia's and Briony's father, and who, like Cecilia, has recently come down from Cambridge. By day's end, their lives will be changed - irrevocably. Robbie and Cecilia will have crossed a boundary they had not imagined at its start. And Briony will have witnessed mysteries, seen an unspeakable word, and committed a crime for which she will spend the rest of her life trying to atone... Brilliant and utterly enthralling in its depiction of love and war and class and childhood and England, An Atonement is a profound - and profoundly moving - exploration of shame and forgiveness, of atonement and of the possibility of absolution.**
