The Million Dollar Deception A Novel *Simon and Schuster* Wealthy entrepreneur Nate Kenny sets out to destroy a rival he originally had hired to seduce his wife, an endeavor with unforeseen deadly consequences. **RM Johnson Million Dollar Series E-Book Box Set Million Dollar Divorce, Million Dollar Deception, Million Dollar Demise *Simon and Schuster*** The most beloved, thrilling, and bestselling series from RM Johnson, the Million Dollar books, now in one collection—featuring Johnson’s well-known cast of characters engaging in a tableau of backstabbing, duplicitous, vengeful behavior that only he could paint with such riveting depth. Includes: **Million Dollar Divorce, Million Dollar Deception, and Million Dollar Demise** **The Million Dollar Demise A Novel *Simon and Schuster*** In the final installment of his immensely popular Million Dollar trilogy, the #1 Essence bestselling author delivers a juicy and shocking conclusion that his throngs of fans will never forget. • **The scandalous end: RM Johnson’s eagerly anticipated denouement lures us back into the tragic, soap operatic love triangle that has riveted readers since *The Million Dollar Divorce*. The tension and suspense are ramped up to an all- new high in an ending to the series that will not disappoint.** • **Fan favorite: The Million Dollar series had Johnson’s fans raving and begging for more. The Million Dollar Divorce was a terrific success and *The Million Dollar Deception* is exceed- ing expectations out of the gate. As the track record clearly shows, this is a saga that readers have sunk their teeth into.** • **The author at his best: Picking up where *The Million Dollar Deception* left off, Johnson’s well-known cast of char- acters are at it again, engaging in a tableau of backstabbing, duplicitous, vengeful behavior that only he could paint with such riveting depth.** **The Million Dollar Deception A Novel *Simon and Schuster*** Almost five years after his critically acclaimed novel *The Million Dollar Divorce*, Essence bestselling author RM Johnson returns with the sequel that fans have been waiting for...and in *The Million Dollar Deception*, Nate Kenny, Lewis Waters, and Monica Kenny still have not buried the hatchet. When readers last closed the book on Nate Kenny, his scheming had backfired, and he not only lost a great fortune in a messy divorce but his wife ended up with the very man he paid off to seduce her into infidelity. Now, four years later, it's time for payback. Meanwhile, Monica Kenny has a decision to make -- stay with and marry Lewis Waters, the younger man she knows may not be right for her? Or leave him, venture out on her own, and face the possibility of falling for another man who may leave her as her ex-husband did, because she cannot bear children? Lewis Waters recognizes that he's in a much better position than he ever was, now that he's with Monica. She takes care of him and his daughter and provides them with financial stability; but Lewis fears she is also starting to notice the pair's fundamental differences. In an attempt to repair the relationship, Lewis vows that he'll never return to his former thuggish life -- he intensifies life in the bedroom and promises to finish school and start a successful real estate business. But Nate is prepared to use all his cunning, expertise, and money to destroy Lewis, and take Monica back. Unbeknownst to all three, there will be life and death repercussions. A stirring saga of romance, loyalty, and friendship, *The Million Dollar Deception* is an explosive escapade of betrayal, sex, and suspense that will leave you breathless for the next, and final, installment. **No One in the World A Novel *Simon and Schuster*** Follows the experiences of a gay social climber and his career-criminal brother, who reunite thirty years after being separated as children. **The Million Dollar Demise A Novel** The main players in the soap-opera-style love triangle from *The Million Dollar Deception* and *The Million Dollar Divorce* continue their back-stabbing, duplicitous, and greed-marked relationships toward an unexpected conclusion. **By a best-selling author. Deceit and Devotion *Simon and Schuster*** "A page-turning urban drama revolving around a family and the interconnected branches of its extended world"-- **Why Men Fear Marriage The Surprising Truth Behind Why So Many Men Can't Commit *Simon and Schuster*** R.M. Johnson, #1 Essence bestselling author of *The Million Dollar Divorce* offers an enlightening perspective to the question that has baffled millions of women for decades. Johnson’s fiction writing has been described as "powerful and bold...from the heart, thought-provoking, and life-changing" (Eric Jerome Dickey), and he expertly allows female readers access to the male perspective. Now, in *Why Men Fear Marriage*, his first foray into nonfiction, his insight illuminates a topic that has increased in intensity and relevance in recent decades. *Why Men Fear Marriage* sheds important light on several issues behind men’s inability to commit. Johnson explains why men cling to their single status and offers tips for identifying whether or not a man is truly interested in marriage. This helpful guide equips women with the tools to distinguish between someone who is Mr. Right, as opposed to Mr. Right Now, and helps women to see situations the way that men often see them. Informative and engaging, *Why Men Fear Marriage* is a bold and much-needed discussion of an issue that deeply touches millions of people, regardless of race or gender. **The Harris Family A Novel *Simon and Schuster*** Julius Harris struggles to bring his family back together, but his three sons, all busy with their own concerns and problems, continue to feel the repercussions of their father's abandonment and their fatherless childhoods. **The Publishers Weekly *The Million Dollar Divorce* A Novel** The "Essence" bestselling author of

"Dating Games" and "The Harris Family" delivers a provocative new novel about the lowdown schemes and broken dreams that follow a fractured marriage. *Love Frustration A Novel Simon and Schuster* Have you ever been frustrated because you are in love with someone you can't have? Jayson Abrahms wants nothing more than to settle down. Thankfully, in less than a week he will marry Faith Sheppard, the love of his life. But there is one issue -- Jayson's best friend, Asha Mills. Not only is she gorgeous, but Asha and Jayson also used to be lovers. Concerned about Asha's intentions, Faith delivers an ultimatum, forcing Jayson to make the toughest decision of his life: Either Asha goes, or Faith will. Jayson cannot bring himself to end the friendship. When he lies to Faith and tells her Asha is out of the picture, he never expects Faith to learn his secret, but when she does, she decides to get even. Jayson, still believing that things are as they should be, plans to meet Faith at a hotel room for her surprise party. Instead, it is Jayson who receives a horrible shock. He soon learns that not just Faith has been harboring secrets; Asha turns out to be a very different woman from the one he fell in love with years ago. *Sexy and real, Love Frustration candidly confronts what happens when people have what they don't want and love what they can't have. The Million Dollar Destiny Final chapter of The Million Dollar series. Strengthening Forensic Science in the United States A Path Forward National Academies Press* Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators. *2008 African American Booklist Book Review Index 2009 Cumulation Book Review Index Cumulation Book Review Index* provides quick access to reviews of books, periodicals, books on tape and electronic media representing a wide range of popular, academic and professional interests. The up-to-date coverage, wide scope and inclusion of citations for both newly published and older materials make *Book Review Index* an exceptionally useful reference tool. More than 600 publications are indexed, including journals and national general interest publications and newspapers. *Book Review Index* is available in a three-issue subscription covering the current year or as an annual cumulation covering the past year. *Dating Games A Novel Simon and Schuster* Planning on returning to school to become a nurse, single mother Livvy decides to move to a smaller apartment and emancipate her twin teenage daughters, the ambitious pre-med student Hennessey and the thieving Alize. 30,000 first printing. *The Harris Men Pocket Books* RM Johnson's extraordinary debut is a stirring family portrait that resonates with emotion and wit, as a father faces death--and the three sons he abandoned so many years before. *Do You Take This Woman? A Novel Simon and Schuster* Pete and Wayne find their life-long friendship tested by a shared attraction to Carla, who ends her engagement to an unfaithful Wayne but continues their affair in spite of her subsequent marriage to Pete. *The Harris Men Simon and Schuster* RM Johnson's extraordinary debut is a stirring family portrait that resonates with emotion and wit, as a father faces death -- and the three sons he abandoned so many years before. "Mr. Harris, I'm sorry, but you have cancer." Although devastated to learn he has just one year to live, fifty-five-year-old Julius Harris has always known that the day would come when he would pay for walking out on his wife and three children twenty years earlier. Now, with a sudden and passionate determination to make his family whole again, Julius begins trying to find a way back to his sons. Caleb, the youngest, struggling to support a son and make his way in a relentless world, couldn't care less about his own absentee father. Middle son Marcus can't abide even his father's memory, which gets in the way of his committing to the one woman who has turned his life around. And Austin, Julius' eldest child, so adores what he remembers of his father that he's following in his footsteps, abandoning his wife and children just as Julius had done. Inspired by RM Johnson's own fragile family history, *The Harris Men* is his poignant exploration of the increasing problem of absentee fathers -- and of the compromises made by the families they leave behind. As the Harris men grapple with their fears and their choices, Johnson gets to the very heart of what it means to be a man. *Citizens' Wealth Why (and How) Sovereign Funds Should be Managed by the People for the People Yale University Press* A wide-ranging analysis of a powerful but controversial new economic tool that has rapidly eclipsed the size of the hedge fund market In 2006, Chile teemed with protesters after finance minister Andrés Velasco invested budget surpluses from the nation's historic copper boom in two Sovereign Wealth Funds. A year later, when prices plummeted and unemployment soared, Chile's government was able to stimulate recovery by drawing on the funds. State-owned investment vehicles that hold public funds in a wide range of assets, Sovereign Wealth Funds enable governments to access an unprecedented degree of wealth. Consequently, more countries are seeking to establish them. Looking at Chile, China, Australia, Singapore, and numerous other examples, including a comparative analysis of Britain and Norway's use of oil revenues, Angela Cummine tackles the key ethical questions surrounding their use, including: To whom does the wealth belong? How should the funds be managed, invested, and distributed? With sovereign funds--and media attention--continuing to grow, this is an invaluable look at a hotly debated economic issue. *Self-Insight Roadblocks and Detours on the Path to Knowing Thyself Psychology Press* People base thousands of choices across a lifetime on the views they hold of their skill and moral character, yet a growing body of research in psychology shows that such self-views are often misguided or misinformed. Anyone who has dealt with others in the classroom, in the

workplace, in the medical office, or on the therapist's couch has probably experienced people whose opinions of themselves depart from the objectively possible. This book outlines some of the common errors that people make when they evaluate themselves. It also describes the many psychological barriers - some that people build by their own hand - that prevent individuals from achieving self-insight about their ability and character. The first section of the book focuses on mistaken views of competence, and explores why people often remain blissfully unaware of their incompetence and personality flaws. The second section focuses on faulty views of character, and explores why people tend to perceive they are more unique and special than they really are, why people tend to possess inflated opinions of their moral fiber that are not matched by their deeds, and why people fail to anticipate the impact that emotions have on their choices and actions. The book will be of great interest to students and researchers in social, personality, and cognitive psychology, but, through the accessibility of its writing style, it will also appeal to those outside of academic psychology with an interest in the psychological processes that lead to our self-insight. *An Introduction to Forensic Linguistics Language in Evidence Routledge* Overview of the interface of language and the law, illustrated with authentic data and contemporary case studies. Topics include collection of evidence, discourse, courtroom interaction, legal language, comprehension and forensic phonetics. *Markets for Cybercrime Tools and Stolen Data Hackers' Bazaar Rand Corporation* Criminal activities in cyberspace are increasingly facilitated by burgeoning black markets. This report characterizes these markets and how they have grown into their current state to provide insight into how their existence can harm the information security environment. Understanding these markets lays the groundwork for exploring options to minimize their potentially harmful influence. *The Killing of Osama Bin Laden Verso Books* Electrifying investigation of White House lies about the assassination of Osama bin Laden In 2011, an elite group of US Navy SEALs stormed an enclosure in the Pakistani city of Abbottabad and killed Osama bin Laden, the man the United States had begun chasing before the devastating attacks of 9/11. The news did much to boost President Obama's first term and played a major part in his reelection victory of the following year. But much of the story of that night, as presented to the world, was incomplete, or a lie. The evidence of what actually went on remains hidden. At the same time, the full story of the United States' involvement in the Syrian civil war has been kept behind a diplomatic curtain, concealed by doublespeak. It is a policy of obfuscation that has compelled the White House to turn a blind eye to Turkey's involvement in supporting ISIS and its predecessors in Syria. This investigation, which began as a series of essays in the London Review of Books, has ignited a firestorm of controversy in the world media. In his introduction, Hersh asks what will be the legacy of Obama's time in office. Was it an era of "change we can believe in" or a season of lies and compromises that continued George W. Bush's misconceived War on Terror? How did he lose the confidence of the general in charge of America's forces who acted in direct contradiction to the White House? What else do we not know? *Three Thousand Years of Chinese Painting Yale University Press* Written by a team of eminent international scholars, this book is the first to recount the history of Chinese painting over a span of some 3000 years. *Educational Research Quantitative, Qualitative, and Mixed Approaches SAGE Publications* Assuming no prior knowledge, Educational Research by R. Burke Johnson and Larry Christensen offers a comprehensive, easily digestible introductory research methods text for undergraduate and graduate students. Readers will develop an understanding of the multiple research methods and strategies used in education and related fields; how to read and critically evaluate published research; and the ability to write a proposal, construct a questionnaire, and conduct an empirical research study on their own. Students rave about the clarity of this best seller and its usefulness for their studies, enabling them to become critical consumers and users of research. *The Palgrave Handbook of Deceptive Communication Springer* Deception and truth-telling weave through the fabric of nearly all human interactions and every communication context. The Palgrave Handbook of Deceptive Communication unravels the topic of lying and deception in human communication, offering an interdisciplinary and comprehensive examination of the field, presenting original research, and offering direction for future investigation and application. Highly prominent and emerging deception scholars from around the world investigate the myriad forms of deceptive behavior, cross-cultural perspectives on deceit, moral dimensions of deceptive communication, theoretical approaches to the study of deception, and strategies for detecting and deterring deceit. Truth-telling, lies, and the many grey areas in-between are explored in the contexts of identity formation, interpersonal relationships, groups and organizations, social and mass media, marketing, advertising, law enforcement interrogations, court, politics, and propaganda. This handbook is designed for advanced undergraduate and graduate students, academics, researchers, practitioners, and anyone interested in the pervasive nature of truth, deception, and ethics in the modern world. *On Color Yale University Press* Our lives are saturated by color. We live in a world of vivid colors, and color marks our psychological and social existence. But for all color's inescapability, we don't know much about it. Now authors David Scott Kastan and Stephen Farthing offer a fresh and imaginative exploration of one of the most intriguing and least understood aspects of everyday experience. Kastan and Farthing, a scholar and a painter, respectively, investigate color from numerous perspectives: literary, historical, cultural, anthropological, philosophical, art historical, political, and scientific. In ten lively and wide-ranging chapters, each devoted to a different color, they examine the various ways colors have shaped and continue to shape our social and moral imaginations. Each individual color becomes the focal point for a consideration of one of the extraordinary ways in which color appears and matters in our lives. Beautifully produced in full color, this book is a remarkably smart, entertaining, and fascinating guide to this elusive topic. *Negotiation Genius How to Overcome Obstacles and Achieve Brilliant Results at the Bargaining Table and Beyond Bantam* From two leaders in executive education at Harvard Business School, here are the mental habits and proven strategies you need to achieve outstanding results in any negotiation. Whether you've "seen it all" or are just starting out, Negotiation Genius will dramatically improve your negotiating skills and confidence. Drawing on decades of behavioral research plus the experience of thousands of business clients, the authors take the mystery out of preparing for and executing negotiations—whether they involve multimillion-dollar deals or improving your next salary offer. What sets negotiation geniuses apart? They are the men

and women who know how to: •Identify negotiation opportunities where others see no room for discussion •Discover the truth even when the other side wants to conceal it •Negotiate successfully from a position of weakness •Defuse threats, ultimatums, lies, and other hardball tactics •Overcome resistance and “sell” proposals using proven influence tactics •Negotiate ethically and create trusting relationships—along with great deals •Recognize when the best move is to walk away •And much, much more This book gets “down and dirty.” It gives you detailed strategies—including talking points—that work in the real world even when the other side is hostile, unethical, or more powerful. When you finish it, you will already have an action plan for your next negotiation. You will know what to do and why. You will also begin building your own reputation as a negotiation genius. *The Polygraph and Lie Detection National Academies Press*

The polygraph, often portrayed as a magic mind-reading machine, is still controversial among experts, who continue heated debates about its validity as a lie-detecting device. As the nation takes a fresh look at ways to enhance its security, can the polygraph be considered a useful tool? *The Polygraph and Lie Detection* puts the polygraph itself to the test, reviewing and analyzing data about its use in criminal investigation, employment screening, and counter-intelligence. The book looks at: The theory of how the polygraph works and evidence about how deceptiveness—and other psychological conditions—affect the physiological responses that the polygraph measures. Empirical evidence on the performance of the polygraph and the success of subjects’ countermeasures. The actual use of the polygraph in the arena of national security, including its role in deterring threats to security. The book addresses the difficulties of measuring polygraph accuracy, the usefulness of the technique for aiding interrogation and for deterrence, and includes potential alternatives—such as voice-stress analysis and brain measurement techniques.

The Winner's Curse Paradoxes and Anomalies of Economic Life Simon and Schuster Winner of the Nobel Memorial Prize in Economic Sciences Richard Thaler challenges the received economic wisdom by revealing many of the paradoxes that abound even in the most painstakingly constructed transactions. He presents literate, challenging, and often funny examples of such anomalies as why the winners at auctions are often the real losers—they pay too much and suffer the “winner's curse”—why gamblers bet on long shots at the end of a losing day, why shoppers will save on one appliance only to pass up the identical savings on another, and why sports fans who wouldn't pay more than \$200 for a Super Bowl ticket wouldn't sell one they own for less than \$400. He also demonstrates that markets do not always operate with the traplike efficiency we impute to them.

Preventing Tobacco Use Among Youth and Young Adults A Report of the Surgeon General U.S. Government Printing Office NOTE: NO FURTHER DISCOUNT FOR THIS PRINT PRODUCT -- OVERSTOCK SALE -- Significantly reduced list price This Surgeon General's Report details the causes and the consequences of tobacco use among youth and young adults by focusing on the social, environmental, advertising, and marketing influences that encourage youth and young adults to initiate and sustain tobacco use. This is the first time tobacco data on young adults as a discrete population have been explored in detail. The report also highlights successful strategies to prevent young people from using tobacco. This three volume set includes the following items: A booklet containing highlights from the 2012 Surgeon General's report on tobacco use among youth and teens ages 12 through 17 and young adults ages 18 through 26. This booklet provides an overview of tobacco use within this targeted age group. The second booklet is an Executive Summary with two messages. One message from for Kathleen Sebelius, Secretary of Health and Human Services and a second message from Howard Koh, Assistant Secretary of Health and contains a brief introduction to the set and summary and conclusions for each chapter contained in the final volume. The final volume contains over 800 pages of documentation, interwoven with text and data addressing the adverse health consequences of tobacco use by children and young adults. It includes research on a variety of topics, including nicotine addiction, trends in cigarette smoking among young adults, trends in smokeless tobacco use and cigar smoking over time, genetic factors in tobacco use among youth, and mass media influence on smoking to this age group to name a few. This third volume is rich with table data research findings to support the Surgeon General's concerns with America's use and tobacco. Pharmaceuticals, Corporate Crime and Public Health Edward Elgar Publishing The pharmaceutical industry exists to serve the community, but over the years it has engaged massively in corporate crime, with the public footing the bill. This readable study by experts in medicine, law, criminology and public health documents the pr

Considering Marijuana Legalization Insights for Vermont and Other Jurisdictions Rand Corporation Marijuana legalization is a controversial and multifaceted issue that is now the subject of serious debate. In May 2014, Vermont Governor Peter Shumlin signed a bill requiring the Secretary of Administration to produce a report about various consequences of legalizing marijuana. This resulting report provides a foundation for thinking about the various consequences of different policy options while being explicit about the uncertainties involved.

Coercive Control The Entrapment of Women in Personal Life Oxford University Press Drawing on cases, Stark identifies the problems with our current approach to domestic violence, outlines the components of coercive control, and then uses this alternate framework to analyse the cases of battered women charged with criminal offenses directed at their abusers.

The Congressional Globe Fostering Integrity in Research National Academies Press The integrity of knowledge that emerges from research is based on individual and collective adherence to core values of objectivity, honesty, openness, fairness, accountability, and stewardship. Integrity in science means that the organizations in which research is conducted encourage those involved to exemplify these values in every step of the research process. Understanding the dynamics that support—or distort—practices that uphold the integrity of research by all participants ensures that the research enterprise advances knowledge. The 1992 report *Responsible Science: Ensuring the Integrity of the Research Process* evaluated issues related to scientific responsibility and the conduct of research. It provided a valuable service in describing and analyzing a very complicated set of issues, and has served as a crucial basis for thinking about research integrity for more than two decades. However, as experience has accumulated with various forms of research misconduct, detrimental research practices, and other forms of misconduct, as subsequent empirical

research has revealed more about the nature of scientific misconduct, and because technological and social changes have altered the environment in which science is conducted, it is clear that the framework established more than two decades ago needs to be updated. *Responsible Science* served as a valuable benchmark to set the context for this most recent analysis and to help guide the committee's thought process. *Fostering Integrity in Research* identifies best practices in research and recommends practical options for discouraging and addressing research misconduct and detrimental research practices. *Cases in Intelligence Analysis Structured Analytic Techniques in Action* CQ Press In their Second Edition of *Cases in Intelligence Analysis: Structured Analytic Techniques in Action*, accomplished instructors and intelligence practitioners Sarah Miller Beebe and Randolph H. Pherson offer robust, class-tested cases studies of events in foreign intelligence, counterintelligence, terrorism, homeland security, law enforcement, and decision-making support. Designed to give analysts-in-training an opportunity to apply structured analytic techniques and tackle real-life problems, each turnkey case delivers a captivating narrative, discussion questions, recommended readings, and a series of engaging analytic exercises. *Corcoran Gallery of Art American Paintings to 1945* Hudson Hills Press This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.
