**A Perilous Path The Misguided Foreign Policy of Barack Obama, Hillary Clinton and John Kerry** [Simon and Schuster](#)

*Exposing the moral and strategic deficits of the Obama, Clinton and Kerry approach to world affairs, A Perilous Path takes a close look at American history, while at the same time providing fresh, thought-provoking analysis. It calls for renewal of the best American foreign policy traditions, which emphasize "peace through strength" and human rights. Anne R. Pierce tells the fascinating story of Obama administration foreign policy and illustrates its disturbing consequences. She shows that President Obama and his Secretaries of State expended more effort in improving relations with dictatorships than in strengthening ties with democracies or encouraging ideas of freedom. With meticulous research, Pierce documents the administration's decisions and discusses its worldview. She reveals vital information regarding Hillary Clinton's tenure as Secretary of State, providing a cautionary account of what we can expect from a Clinton presidency. Whoever becomes president, A Perilous Path offers a moral and strategic compass for both policymakers and the public. A Perilous Path will make a substantial contribution to the discussion about America's proper role in the world. This book is a must read for everyone concerned about the current state of the world, and interested in charting a better course.*

**Hillary Clinton America's Most Influential Female Politician** [Britannica Educational Publishing](#) *Influential lawyer, first lady of Arkansas and then the United States, senator for New York, and U.S. secretary of state*—Hillary Clinton has been an influential figure in American politics for over three decades. This biography aimed at the lower elementary market presents Hillary's achievements and policies in a simple, easy-to-grasp manner. If her history proves anything, she'll remain a key political figure in the years to come. Hillary Clinton just released her memoir *Hard Choices*, and many consider her to be the frontrunner for the 2016 Democratic presidential nomination—making a biography that explains her platform to lower elementary readers key in the coming years.

**Alter Egos Obama's Legacy, Hillary's Promise and the Struggle over American Power** [Random House](#) *A Financial Times book of the year 'a first draft of the history of the Obama years' Financial Times 'full of compelling narrative and telling anecdotes' Sunday Times 'well-researched and engaging' The Financial Times 'outstanding' Washington Post 'one of the best reporters working in Washington today' Jane Mayer 'incredibly important... timely and deeply revelatory' Kai Bird 'vivid, page-turning' Michael Beschloss As Donald Trump becomes the new American president, we are on the point of a major debate about America's role in the world. Barack Obama and Hillary Clinton were rivals who became partners for a time, trailblazers who shared a common sense of their historic destiny but different instincts about how to project power. While Obama and Hillary tussled over foreign policy questions, their relationship has created the context that Trump will inherit. Mark Landler, White House correspondent for the New York Times, offers a deeply reported, first-hand account of the Obama administration and gives us a different way to think about the relationship between Obama and Hillary that shaped the US over the last eight years. With all the sweep of a grand history, enlivened by an insider's access, dozens of interviews, and breaking news, ALTER EGOS is essential reading for anyone seeking to understand these two supremely ambitious figures, and the storm-tossed world of modern politics.*

**Democratic Party United States Senators Barack Obama, Hillary Rodham Clinton, Ted Kennedy, Joe Biden, John F. Kennedy, Al Gore, George McGovern, Harr** [Booksllc.Net](#) *Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 207. Chapters: Barack Obama, Hillary Rodham Clinton, Ted Kennedy, Joe Biden, John F. Kennedy, Al Gore, George McGovern, Harry S. Truman, Mike Gravel, Lyndon B. Johnson, John Kerry, Jon Corzine, Andrew Johnson, Happy Chandler, Robert F. Kennedy, Robert Byrd. Excerpt: Barack Hussein Obama II (; born August 4, 1961) is the 44th and current President of the United States. He is the first African American to hold the office. Born in Honolulu, Hawaii, Obama is a graduate of Columbia University and Harvard Law School, where he was president of the Harvard Law Review. He was a community organizer in Chicago before earning his law degree. He worked as a civil rights attorney in Chicago and taught constitutional law at the University of Chicago Law School from 1992 to 2004. He served three terms representing the 13th District in the Illinois Senate from 1997 to 2004, running unsuccessfully for the United States House of Representatives in 2000. In 2004, Obama received national attention during his campaign to represent Illinois in the United States Senate with his victory in the March Democratic Party primary, his keynote address at the Democratic National Convention in July, and his election to the Senate in November. He began his presidential campaign in 2007, and in 2008, after a close primary campaign against Hillary Rodham Clinton, he won sufficient delegates in the Democratic party primaries to receive the presidential nomination. He then defeated Republican nominee John McCain in the general election, and was inaugurated as president on January 20, 2009. Nine months later, Obama was named the 2009 Nobel Peace Prize laureate. He was re-elected president in November 2012, defeating Republican nominee Mitt Romney. He is the first Democrat since Franklin D. Roosevelt to win two presidential elections with a majority of the popular... **Every Day is Extra** *The Observer Book of the Year Every Day Is Extra is John Kerry's personal story. The title comes from a saying he and his buddies had in Vietnam. A child of privilege, Kerry went to private schools and Yale, then enlisted in the U.S. Navy during the Vietnam War. He commanded river patrols - swift boats - and was highly decorated, but he discovered that the truth about what was happening in Vietnam was different from what the government was reporting. He returned home disillusioned, became active against the war, and testified in Congress as a 27-year-old veteran who opposed the war. Kerry served as a prosecutor**

in Massachusetts, then as Massachusetts lieutenant governor, and was elected to the Senate in 1984. His friendship with the Kennedy family gave him valuable contacts, but he earned his victory by campaigning hard. He would be re-elected four times. Kerry's service in the Senate was distinguished. Unlike most senators, who travel on foreign junkets for "fact-finding missions," Kerry travelled to the Philippines and based on what he learned, helped to orchestrate the peaceful transition from Ferdinand Marcos to the duly elected Corazon Aquino government. He played an active role in the BCCI and Iran-Contra matters. In 2004 he ran for president against the incumbent, George W. Bush and came within one state - Ohio - of winning. In *Every Day Is Extra* he explains why he chose not to contest widespread voting irregularities in Ohio, fearing that after the 2000 election went to the U.S. Supreme Court, another challenge would undermine confidence in the voting system. Kerry returned to the Senate, endorsed Barack Obama over Hillary Clinton in 2008, and when Clinton resigned in 2012 to run for the presidency, Kerry was confirmed as Secretary of State. In that position he tried - and like all his predecessors, failed - to find peace between Israel and the Palestinian Authority (he is critical of both sides but especially Prime Minister Netanyahu); dealt with the Syrian civil war and the rise of ISIS; negotiated the Iran nuclear deal; and signed the Paris climate accord. This is a personal book, sometimes angry, sometimes funny, always moving. Secretary Kerry will describe some of the remarkable events of his life, such as discovering that his paternal grandfather committed suicide - something his father never told him - and that this grandfather was Jewish, not Irish (he changed his name to Kerry from Kohn, and also converted to Catholicism). His account of his experiences in Vietnam is riveting. His failed first marriage left a wound that never completely healed, but his second marriage, to Teresa Heinz, widow of a Senate colleague, has been an anchor in his life. He tells wonderful stories about the Kennedys and especially about Senate colleagues Ted Kennedy and John McCain. His story of his first real meeting with John McCain, another Vietnam veteran, is one of the most moving stories in the book; his respect for McCain is genuine and inspiring. *Every Day Is Extra* shows readers how arduous it is to run for president and how demanding the role of secretary of state is. Readers of this book, whatever their political persuasion, will come away grateful that we have public servants who are prepared to spend their lives in service to their country. They will also come away with a new appreciation of John Kerry, a man often portrayed as aloof and stiff, but as this book reveals, funny, warm, and dedicated.

**Trust Betrayed Barack Obama, Hillary Clinton, and the Selling Out of America's National Security** Simon and Schuster Ex-Navy SEAL sniper Scott Taylor served his country for eight years. Taylor finally came home after he was injured during Operation Iraqi Freedom. Years later, he became outraged when he discovered that the Obama administration was leaking sensitive intelligence information for political gain. Now Scott Taylor is speaking out. Having served as a sniper in the same region of Iraq as American Sniper author Chris Kyle, Taylor knows first-hand how high the stakes are. From the bungling of Benghazi to the rise of ISIS, the White House has betrayed the trust of American forces. It's time President Obama and his administration were finally held accountable.

**Alter Egos Hillary Clinton, Barack Obama, and the Twilight Struggle Over American Power** Random House The deeply reported story of two supremely ambitious figures, Barack Obama and Hillary Clinton—archrivals who became partners for a time, trailblazers who share a common sense of their historic destiny but hold very different beliefs about how to project American power In *Alter Egos*, veteran New York Times White House correspondent Mark Landler takes us inside the fraught and fascinating relationship between Barack Obama and Hillary Clinton—a relationship that has framed the nation's great debates over war and peace for the past eight years. In the annals of American statecraft, theirs was a most unlikely alliance. Clinton, daughter of an anticommunist father, was raised in the Republican suburbs of Chicago in the aftermath of World War II, nourishing an unshakable belief in the United States as a force for good in distant lands. Obama, an itinerant child of the 1970s, was raised by a single mother in Indonesia and Hawaii, suspended between worlds and a witness to the less savory side of Uncle Sam's influence abroad. Clinton and Obama would later come to embody competing visions of America's role in the world: his, restrained, inward-looking, painfully aware of limits; hers, hard-edged, pragmatic, unabashedly old-fashioned. Spanning the arc of Obama's two terms, *Alter Egos* goes beyond the speeches and press conferences to the Oval Office huddles and South Lawn strolls, where Obama and Clinton pressed their views. It follows their evolution from bitter rivals to wary partners, and then to something resembling rivals again, as Clinton defined herself anew and distanced herself from her old boss. In the process, it counters the narrative that, during her years as secretary of state, there was no daylight between them, that the wounds of the 2008 campaign had been entirely healed. The president and his chief diplomat parted company over some of the biggest issues of the day: how quickly to wind down the wars in Iraq and Afghanistan; whether to arm the rebels in Syria; how to respond to the upheaval in Egypt; and whether to trust the Russians. In Landler's gripping account, we venture inside the Situation Room during the raid on Osama bin Laden's compound, watch Obama and Clinton work in tandem to salvage a conference on climate change in Copenhagen, and uncover the secret history of their nuclear diplomacy with Iran—a story with a host of fresh disclosures. With the grand sweep of history and the pointillist detail of an account based on insider access—the book draws on exclusive interviews with more than one hundred senior administration officials, foreign diplomats, and friends of Obama and Clinton—Mark Landler offers the definitive account of a complex, profoundly important relationship. As Barack Obama prepares to relinquish the presidency, and Hillary Clinton makes perhaps her last bid for it, how both regard American power is a central question of our time. Advance praise for *Alter Egos* "A superb journalist has brought us a vivid, page-turning, and revelatory account of the relationship between Barack Obama and Hillary Clinton, as well as of their statecraft. *Alter Egos* will make a signal contribution to the national debate over who should be the next American president."—Michael Beschloss, bestselling author of *Presidential Courage* "Mark Landler, one of the best reporters working in Washington today, delivers an inside account of Hillary Clinton's relationship with Barack Obama that brims with insight and high-level intrigue. It's both fun to read and eye-opening."—Jane Mayer, bestselling author of *Dark Money: The Hidden History of the Billionaires Behind the Rise of the Radical Right*

**Power in Words The Stories behind Barack Obama's Speeches, from the State House to the White House** Beacon Press Whatever his ratings, Obama remains personally popular, widely acknowledged for his soaring oratory. His words were one of the lasting legacies of his presidential campaign and are proving to be among his most effective governing weapons. In *Power in Words*, distinguished historian and civil rights activist Mary Frances Berry and former presidential speechwriter Josh Gottheimer introduce Obama's most memorable speeches, from his October 2002 speech against the war in Iraq and his November 2008 election-night victory speech to "A More Perfect Union," his March 2008 response to the Reverend Wright controversy, and lesser-known but revealing speeches, such as one given in Nairobi, Kenya, in August 2006. For each speech, Berry and Gottheimer add a rich introduction that includes political analysis, provides insight and historical context, and features commentary straight from the speechwriters themselves—including Jon Favreau, Obama's chief

speechwriter, and several other Obama campaign writers. Compelling and enduring, *Power in Words* delivers the behind-the-scenes account of Obama's rhetorical legacy and is a collection to relish for years to come. **Renegade The Making of Barack Obama** Random House During his presidential campaign, Barack Obama himself told veteran political reporter Richard Wolffe, 'You'll get more access than anyone else', and *Renegade* is his unique story of how a political newcomer with no money and an outsider's name grew into the world's most powerful leader. But it is also a uniquely intimate portrait of the person behind the iconic posters and the man codenamed 'Renegade' by his Secret Service protectors. Wolffe portrays an historic candidate and his - until now - inscrutable character and campaign in untold, stunning detail, from his university lecturer's office in Iowa to the Oval Office in Washington. With unprecedented access, gained over a dozen exclusive interviews with Obama, Wolffe shares with us his front row seat. We fly on the candidate's plane and ride in his bus on an odyssey across a country in crisis; we stand next to him at a bar on the night he secures the nomination; and feel the tension backstage as he delivers his convention speech to a stadium crowd and a transfixed TV audience. *Renegade* is not just an election epic but is also an insightful biography of the new President of the United States. **A long Time Coming** Gramedia Pustaka Utama "Dalam ""A Long Time Coming"" , yang ditulis oleh Evan Thomas, Newsweek menyajikan kisah mendalam tentang pemilihan presiden Amerika 2008 yang bersejarah. Narasi menarik ini menampilkan bangkitnya Barack Obama, kembalinya John McCain, pertarungan panjang antara Obama dan Hillary Clinton, kemunculan Sarah Palin yang mengguncang, dan perjalanan akhir Obama menuju kemenangan. Narasi ini menawarkan gambaran mendetail tentang Clinton, McCain, dan Obama selama mereka bertarung, melewati saat-saat penuh frustrasi dan keraguan serta pertengkaran dengan keluarga dan penasihat mereka. Narasi ini mengungkapkan konflik dalam kampanye Clinton yang berantakan, keputusan McCain untuk mengubah strategi kampanye, juga cara Obama menjadikan dirinya pemimpin kampanye terbesar dan terbaik dalam sejarah politik Amerika." **The Battle for the White House from Bush to Obama Volume II Nominations and Elections in an Era of Partisanship** Springer Anthony Bennett guides us through the events of the four elections of the 21st century, showing how this era of partisanship has reshaped not only presidential nominations and elections, but the American presidency and politics itself. **All Eyes on U.s. And Yes We Can** AuthorHouse **A YEAR IN MY PAJAMAS WITH PRESIDENT OBAMA, The Politics of Strange Bedfellows** Halli Casser-Jayne **Hillary Is the Best Choice Ten Top Historical Voting Patterns That Show Americans Are Ready to Pick a Woman President** iUniverse *Hillary Is the Best Choice* presents a more balanced view of politics. To start with, politics is neither good nor bad. It is neutral. It can either go good or bad depending on the politicians who are involved. For the first time in American presidential politics, for example, we have a woman candidate. In previous elections, when only men were presidential contenders, the tendency to play "dirty" was always a great temptation. With Hillary Clinton, Democratic Senator from New York and our country's former First Lady, as one of the current leading presidential aspirants, it is our hope that the old pattern of negativity will be replaced by a new pattern of political civility. Politics can be a clean activity. And elections, especially presidential ones, ought to be a matter of choosing the better of two goods (when an independent or third party candidate is running, it will be a matter of choosing the best of three). **Barack Obama** Dorling Kindersley Ltd Presents biographical information about President Barack Obama, covering his upbringing and early life in Hawaii and Indonesia, efforts in Chicago as a community organizer, and first several months in the Oval Office, with photographs and event timelines. **Vote for Me The Long Road to the White House** UNSW Press The 2008 campaign for President of the USA has attracted more attention and prompted more people to get out and vote in caucuses and primaries than any other. It has also been kind of crazy: the initial line-up of contenders were a black man, a woman, an Italian-American, a POW held in solitary confinement for years, a millionaire Mormon, a Latino, a bass guitar playing former preacher and a Vegan who has seen a UFO. *Vote for Me* reveals what it takes to become president of the biggest democracy of them all. Written by Australian journalist and News Radio presenter John Barron, who happens to be a US politics junkie, *Vote for Me* is a fascinating, funny and, at times frightening, look at the way the USA picks its President. **Navigating the Contradictions of America An Immigrant's Odyssey** Xlibris Corporation The 1492 Christopher Columbus stumbled upon these shores in his search for a route to the spice islands of the far East. Since then different waves of immigrants have followed suite from other parts of the world and for different reasons. Each generation of immigrants has had its own share of encounters with the landscape, climate and peoples. *Navigating America's Contradictions* is a travelogue of an immigrant from Cameroon in Africa, a modest attempt to explore some aspects of life in America after September 11, meeting people, trying to bridge the digital divide and looking for employment. The author compares experiences in today's America with past experiences both here and in his native Cameroon, drawing similarities, highlighting differences and attempting to dig below the surface for an explanation of some of the observations. **Every Day Is Extra** Simon & Schuster An instant New York Times bestseller, John Kerry's revealing memoir offers "a detailed record of an important life...frank, thoughtful, and clearly written...A bittersweet reminder of what the country once demanded of its leaders" (The New York Times Book Review). *Every Day Is Extra* is John Kerry's candid personal story. A Yale graduate, Kerry enlisted in the US Navy in 1966, and served in Vietnam. He returned home highly decorated but disillusioned, and he testified powerfully before Congress as a young veteran opposed to the war. Kerry was elected to the Senate in 1984, eventually serving five terms. In 2004 he was the Democratic presidential nominee and came within one state—Ohio—of winning. He succeeded Hillary Clinton as Secretary of State in 2013. In that position he tried to find peace in the Middle East; dealt with the Syrian civil war while combatting ISIS; and negotiated the Iran nuclear deal and the Paris climate agreement. "In these pages Kerry shows remarkable honesty, depth, even spirituality...There is remarkable poignancy—not the usual currency of the career politician and the country's top diplomat" (The Boston Globe). A witness to some of the most important events of our recent history, Kerry tells wonderful stories about colleagues Ted Kennedy and John McCain, as well as President Obama and other major figures. He writes movingly of recovering his faith while in the Senate, and how he deplores the hyper-partisanship that has infected Washington. *Every Day Is Extra* "draws back the curtain on a life you thought you knew, but turns out to be a bit different...A surprisingly personal book" (The Washington Post) that shows Kerry for the dedicated, witty, and authentic man that he is and provides forceful testimony for the importance of diplomacy and American leadership to address the increasingly complex challenges of a more globalized world. **Political Power: Hillary Clinton** Bluewater Productions *StormFront* is pleased to present a unique venture in the history of comic books, a follow-up biography featuring Secretary of State Hilary Clinton. Undoubtedly historic, Hillary Clinton's life has had a major impact on politics over the last 20 years. Rather than focusing on her beginnings as the first comic did, this issue will focus on the events that led to her being picked for her current position of power, Secretary of State in the Obama Administration. **The Huffington Post Complete Guide to Blogging** Simon and Schuster The editors of The Huffington Post -

- the most linked-to blog on the web -- offer an A-Z guide to all things blog, with information for everyone from the tech-challenged newbie looking to get a handle on this new way of communicating to the experienced blogger looking to break through the clutter of the Internet. With an introduction by Arianna Huffington, the site's cofounder and editor in chief, this book is everything you want to know about blogging, but didn't know who to ask. As entertaining as it is informative, *The Huffington Post Complete Guide to Blogging* will show you what to do to get your blog started. You'll find tools to help you build your blog, strategies to create your community, tips on finding your voice, and entertaining anecdotes from HuffPost bloggers that will make you wonder what took you so long to blog in the first place. The Guide also includes choice selections from HuffPost's wide-ranging mix of top-notch bloggers. Among those who have blogged on HuffPost are Barack Obama, Hillary Clinton, Larry David, Jane Smiley, Bill Maher, Nora Ephron, Jon Robin Baitz, Steve Martin, Lawrence O'Donnell, Ari Emanuel, Mia Farrow, Al Franken, Gary Hart, Barbara Ehrenreich, Edward Kennedy, Harry Shearer, Nancy Pelosi, Adam McKay, John Ridley, and Alec Baldwin.

**The Obama Code A Cross-Curricular Look into the Lives of U.S. Presidents** [Lorenz Educational Press](#) This imaginative cross-curricular resource is the perfect way to reinforce basic grammar skills as well as introduce the study of United States presidents to your class. A short biography is included for each featured president that contains secret, embedded information. Students must study the biography and crack the code to answer a set of worksheet questions. It is within these hidden codes that students will practice spelling, punctuation, pronouns, analogies, and a variety of other valuable language arts skills.

**Standing in the Secretary of State's Shoes** [Cavendish Square Publishing, LLC](#) What does a secretary of state do? Find out the responsibilities of the secretary of state in *A Day in the Secretary of State's Shoes*.

**Barack Obama: Voices from the Grave** [Xlibris Corporation](#) "Why is Obama chosen for this journey? Why is America chosen for this journey? Author, Chii Ughanze-Onyeagocha opens your mind to the answers to these questions as "HE" UNVEILS THAT AFRICA IS INDEED A LAND OF MYSTERIES."

**Politics Is a Joke! How TV Comedians Are Remaking Political Life** [Routledge](#) Does late night political humor matter? Are late-night comedians merely entertaining, or do they have the power to influence the way we think about politics and politicians? *Politics Is a Joke!* situates late night comedy in the historical context of political humor and demonstrates how the public turn to this venue for political information, and are in turn affected by it. Using exclusive data collected by the Center for Media and Public Affairs, the authors conduct a detailed and exhaustive analysis of political jokes on late night TV shows dating back to 1992 in order to pinpoint the main targets and themes of late-night comedy. *Politics Is a Joke!* uses a wide range of examples, from jokes about politicians' physical appearance and sex scandals to jokes about Congress and even the news media, to assess and understand the impact of political humor on political institutions, politicians and their policies and behavior. Engagingly written with analysis of jokes from comedians like Jay Leno, Conan O'Brien, Jon Stewart and Stephen Colbert, *Politics is a Joke!* is essential reading for anyone who wants to understand the crucial role late night comedy plays in our political universe - and anyone who enjoys a good laugh.

**Barack Obama Voice of Unity, Hope, and Change** [iUniverse](#) Traces the life and times of the senator from Illinois and 2008 Democratic nominee for president through his youth, education, and adult careers as organizer, educator, and politician.

**Killing the Deep State The Fight to Save President Trump** [Humanix Books](#) The truth behind how well-funded hard-left extremists, the mainstream media, and Obama/Clinton holdovers in the government bureaucracy have combined with clandestine forces within the US intelligence apparatus - the "Deep State" -- to block and undermine Trump's every move. At 2:45 a.m. ET on Nov. 8, 2016, television networks announced to a stunned nation that Pennsylvania's 20 electoral had gone for Donald Trump, making him the president-elect of the United States, defying all odds in a surreal victory that sent the Deep State into an immediate sense of panic. By dawn on Nov. 9, 2016, the Deep State forces that expected Hillary Clinton to continue the leftist politics of Barack Obama were already planning Donald Trump's demise. What emerged from the hard left was a political strategy calculated to block Donald Trump from being inaugurated, and if that failed, to make sure Donald Trump would not long serve out his term as 45th President of the United States. Investigative journalist and conspiracy expert Jerome Corsi goes into shocking detail about how this Deep State or Shadow Government secretly wields power in Washington, and why the Deep State is dangerous - capable of assassinating Trump, if efforts to impeach him or to force him to resign fail. Corsi will also define a three-point strategy Trump -- as a political independent, opposed both by Democratic Party enemies and GOP establishment -- must employ to stay in office and have a chance of a successful first term in office.

**Obama's Challenge to China The Pivot to Asia** [Routledge](#) This book explores U.S.-China relations, the most important bilateral relationship in the world, under the leadership of President Barack Obama. Obama took office just as China's rise to global power accelerated; his decisions set the stage for a new era in U.S.-China relations. In Part I, the book outlines Barack Obama's own personal worldview and the backgrounds of the advisors that made up his China team, including Hillary Clinton, Robert Gates, John Kerry, and Susan Rice. Part II chronologically details the major events in U.S.-China relations from 2009 to 2014, including such high-profile cases as Obama's first China visit, the 'Pivot to Asia', the story of blind lawyer Cheng Guangcheng, Xi Jinping's rise to power, and Edward Snowden's revelations on U.S. cyberespionage. Part III switches back to a topical organization, addressing Sino-U.S. relations and interactions with regards to various issues: economics, military relations, climate change, human rights, and multilateral cooperation in regional and international organizations such as the APEC, G20 and the United Nations. Finally, the book ends with timely suggestions for how to improve the U.S.-China relationship and ensure a peaceful future.

**Contenders and Pretenders** [iUniverse](#) "There can not be true democracy unless women's voices are heard." -Hillary Clinton "I don't doubt the sincerity of my Democratic friends, and they should not doubt ours." -John McCain "There's not a liberal America and a conservative America. There's the United States of America." -Barack Obama "In choosing a President, we really don't choose a Republican or Democrat, a conservative or liberal. We choose a leader." -Rudy Giuliani "No matter how hard the loss, defeat might serve as well as victory to shake the soul and let the glory out." -Al Gore "America cannot continue to lead the family of nations around the world if we suffer the collapse of the family here at home." -Mitt Romney "I believe America's best days are ahead of us because I believe the future belongs to freedom, not to fear." -John Kerry "In every election in American history both Parties have their cliches. The Party that has the cliches that ring true wins." -Newt Gingrich

The race for President, 2008, is on. Rey Thomas, political analyst and Editor-In-Chief of *The Thomas Political Report*, examines the Democrat and Republican Contenders and Pretenders. Just one can win. Who will it be?

**Dangerous Doctrine How Obama's Grand Strategy Weakened America** [University Press of Kentucky](#) Much like Margaret Thatcher and Ronald Reagan, President Barack Obama came to office as a politician who emphasized conviction rather than consensus. During his 2008 presidential campaign, he pledged to transform the role of the United States abroad. His ambitious foreign policy goals included a global climate treaty, the peaceful withdrawal of American military forces from Iraq and Afghanistan, and a

new relationship with Iran. Throughout Obama's tenure, pundits and scholars have offered competing interpretations of his "grand strategy," while others have maintained that his policies were incoherent or, at best, ad hoc. In *Dangerous Doctrine*, political scientist Robert G. Kaufman argues that the forty-fourth president has indeed articulated a clear, consistent national security policy and has pursued it with remarkable fidelity. Yet Kaufman contends that President Obama has imprudently abandoned the muscular internationalism that has marked US foreign policy since the end of World War II. Drawing on international relations theory and American diplomatic history, Kaufman presents a robust critique of the Obama doctrine as he situates the president's use of power within the traditions of American strategic practice. Focusing on the pivotal regions of Europe, the Middle East, and Asia, this provocative study demonstrates how current executive branch leadership threatens America's role as a superpower, weakening its ability to spread democracy and counter threats to geopolitical order in increasingly unstable times. Kaufman proposes a return to the grand strategy of moral democratic realism, as practiced by presidents such as Harry S. Truman, Ronald Reagan, and George W. Bush, with the hope of reestablishing the United States as the world's dominant power. **Barack Obama President of the United States**

**Teacher Created Materials** This inspiring biography tells about the life of the 44th President of the United States, Barack Obama. Readers will learn about Obama's childhood in Hawaii and Indonesia, his time as president of the Harvard Law Review, his dream of becoming a community organizer, and his journey from State Senator to the very first African American President of the United States. Through lively photos of Obama and his family and interesting facts about his political campaigns and ideas, readers will be inspired and engaged from cover to cover! A glossary and index are featured to aid in better understanding of the content and vocabulary.

**Religion, Race, and Barack Obama's New Democratic Pluralism** **Routledge** Contrary to popular claims, religion played a critical role in Barack Obama's 2008 election as president of the United States. Religion, race, and gender entered the national and electoral dialogue in an unprecedented manner. What stood out most in the 2008 presidential campaign was not that Republicans reached out to religious voters but that Democrats did—and with a vengeance. This tightly edited volume demonstrates how Obama charted a new course for Democrats by staking out claims among moderate-conservative faith communities and emerged victorious in the presidential contest, in part, by promoting a new Democratic racial-ethnic and religious pluralism. Comprising careful analysis by leading experts on religion and politics in the United States, Gastón Espinosa's book details how ten of the largest segments of the American electorate voted and why, drawing on the latest and best available data, interviews, and sources. The voting patterns of Mainline Protestants, Evangelicals, Catholics, Jews, Muslims, and seculars are dissected in detail, along with the intersection of religion and women, African Americans, Latinos, and Asian Americans. The story of Obama's historic election is an insightful prism through which to explore the growing influence of religion in American politics. **Off Script An Advance Man's Guide to White House**

**Stagecraft, Campaign Spectacle, and Political Suicide** **St. Martin's Press** Donald Trump won election as the 45th President of the United States by studying American political stagecraft and learning what helped previous candidates succeed and doomed others to failure. A figure on the periphery of campaigns for decades, he glided down the Trump Tower escalator on June 16, 2015, declared his candidacy and took his place, permanently, as an actor in the country's greatest spectacle. Twenty-eight years earlier, at the dawn of what Josh King calls "The Age of Optics" in *OFF SCRIPT: An Advance Man's Guide to White House Stagecraft, Campaign Spectacle and Political Suicide*, Trump began to position himself for his eventual run for the Oval Office. Pictured at the foot of that same gilded escalator, he posed at the foot of that same escalator for a cover story profile in *TIME* magazine. "This Man May Turn You Green With Envy—Or Just Turn You Off," read the first part of *TIME*'s headline in January 1989. "Flaunting It is the Game, and TRUMP is the name," the headline concluded. The cover story came just after Massachusetts Governor Mike Dukakis lost in a landslide to Vice President George H.W. Bush, in part because Dukakis made the disastrous decision to ride in an M1A1 Abrams tank in Sterling Heights, Michigan less than two months before the election. Why did Dukakis make that ride, and why was it so deadly? Indeed, in each election that followed, why did George Bush, Bob Dole, Al Gore, John Kerry, John McCain and Mitt Romney make similar mistakes that cost them dearly at the polls? These are the questions that Josh King answers in *OFF SCRIPT*. King, who served as Director of Production in Bill Clinton's White House and later was host of SiriusXM Satellite Radio's long-running "Polioptics: The Theater of Politics," brings readers on a wild ride over the last thirty years of the Age of Optics, from Ronald Reagan's mastery of image to Barack Obama's "Vanilla Presidency" to, ultimately, the faceoff between Hillary Clinton and Trump. As one of the White House's most creative "advance men," skilled at employing the tools to tell help tell the president's daily story, and creating the scenes that the media can't resist turning into news packages and front page photos, King pulls back the curtain on the behind-the-scenes alchemy of political stagecraft. King's personal account, in-depth interviews, and detail-rich stories, and his unique angle on what drives headlines, makes news, and wins elections will serve as an indispensable companion to those keeping a close eye on the Trump presidency. **Presidential Campaign**

**Communication The Quest for the White House** **Polity** Major textbook introduction to the ways that the people of the US use the process of human communication to select their Presidents. Looks at the function and effects of talk about American presidential politics in everyday life. **Barack Obama 6-Pack President of the United States**

**Teacher Created Materials** This inspiring biography tells about the life of the 44th President of the United States, Barack Obama. Readers will learn about Obama's childhood in Hawaii and Indonesia, his time as president of the Harvard Law Review, his dream of becoming a community organizer, and his journey from State Senator to the very first African American President of the United States. Through lively photos of Obama and his family and interesting facts about his political campaigns and ideas, readers will be inspired and engaged from cover to cover! A glossary and index are featured to aid in better understanding of the content and vocabulary. This 6-Pack includes six copies of this title and a lesson plan. **Axis of Influence How Credibility and Likeability Intersect to Drive Success**

**Morgan James Publishing** Lovas and Holloway explore those qualities that people find likable and trustworthy and show readers how to systematically improve how others perceive them. **Barack Obama and the Future of American Politics** **Routledge** Many Americans believe Barak Obama represents a hopeful future for America. But does he also reflect the American politics of the past? This book offers the broadest and best-informed understanding on the meaning of the "Obama phenomenon" to date. Paul Street was on the ground throughout the Iowa campaign, and his stories of the rising Obama phenomenon are poignant. Yet the author's background in American political history allows him to explore the deeper meanings of Obama's remarkable political career. He looks at Obama in relation to contemporary issues of class, race, war, and empire. He considers Obama in the context of our nation's political history, with comparisons to FDR, JFK, Bill Clinton, and other leaders. Street finds that the Obama persona, crafted by campaign consultants and filtered through dominant media trends, masks the "change" candidate's adherence to long-prevailing power structures and party

doctrines. He shows how American political culture has produced misperceptions by the electorate of Obama's positions and values. Obama is no magical exception to the narrow-spectrum electoral system and ideological culture that have done so much to define and limit the American political tradition. Yet the author suggests key ways in which Obama potentially advances democratic transformation. Street makes recommendations on how citizens can productively respond to and act upon Obama's influence and the broader historical and social forces that have produced his celebrity and relevance. He also lays out a real agenda for change for the new presidential administration, one that addresses the recent failures of democratic politics. **Presidential Leadership and National Security The Obama Legacy and Trump Trajectory** Routledge This book assesses the foreign policy legacy of the Obama administration through the lens of national security and leadership. Timely, accessible chapters authored by leading scholars of presidential and international politics cover White House-Cabinet relations; Congress and War Powers; challenges including the Iran nuclear deal, ISIS, and the closing of Guantanamo Bay; drone strikes; the New Cold War with Russia; and the ways in which the Obama foreign policy legacy shaped the 2016 presidential election. In particular, the book explores the philosophical basis of counter-terrorism strategy in the Obama administration and traces how precepts differed from the administration of George W. Bush. More generally, the book contributes to an understanding of the distinctive interplay between the formal, constitutional powers of the president and the use of informal, executive powers in the quest for peace and security. Finally, the book surveys the challenges that Donald J. Trump faces in the transition to the new presidential administration. **Politics Is a Joke** Tate Publishing I don't approve of political jokes. I've seen too many of them get elected. Democracy means that anyone can grow up to be president and anyone who doesn't grow up can be vice president. Q: What's the difference between an IRS agent and a mosquito? A: One is a bloodsucking parasite; the other is an insect. Dear World, Please stop freaking out about 2012. Our calendar ends there because the Spanish invaded our country and we got a little busy. Okay? Sincerely, The Mayans Are you tired of the political mud-slinging, dinner-time phone calls, and never-ending ads on TV telling you why you should vote for candidate A and not for candidate B? If you have the campaign-season blues, Sandy Rozelman has just the cure you're looking for! Politics is a Joke is a compilation of political jokes sure to make you laugh away your blue (or red) state. Tackling hot-button issues of recent political campaigns, these jokes will have both sides of the aisle laughing all the way to the polling booth. Politics Is A Joke is the finest compendium of political humor to come down the pike in a long, long time. It's a must for fans of both full fledge folly and freedom. Hilarious! Michael Heaton, Minister of Culture, The Cleveland Plain Dealer **The Obama Nation** Simon and Schuster In this thoroughly researched and documented book, the #1 New York Times bestselling co-author of Unfit for Command: Swift Boat Veterans Speak Out Against John Kerry explains why the extreme leftism of an Obama presidency would leave the United States weakened, diminished and divided, why Obama must be defeated -- and how he can be. Barack Obama stepped onto the national political stage when the then-Illinois State senator addressed the 2004 Democratic National Convention. Soon after Obama was elected to the U.S. Senate, author Jerome Corsi began researching Obama's personal and political background. Scrupulously sourced with more than 600 footnotes, The Obama Nation is the result of that research. By tracing Obama's career and influences from his early years in Hawaii and Indonesia, the beginnings of his political career in Chicago, his voting record in the Illinois legislature, his religious training and his adoption of Christianity through to his recent involvement in Kenyan politics, his political advisors and fundraising associates and his meteoric campaign for president, Jerome Corsi shows that an Obama presidency would, in his words, be "a repeat of the failed extremist politics that have characterized and plagued Democratic Party politics since the late 1960s." In this stunning and comprehensive new book, the reader will learn about: Obama's extensive connections with Islam and radical politics, from his father and step-father's Islamic backgrounds, to his Communist and socialist mentors in Hawaii and Chicago, to his long-term and close associations with former Weather Underground heroes William Ayers and Bernadette Dohrn -- associations much closer than heretofore revealed by the press. Barack and Michelle's 20-year-long religious affiliation with the black-liberation theology of former Trinity United Church of Christ Reverend Jeremiah Wright, whose sermons have always been steeped in a rage first expressed by Franz Fanon, Stokely Carmichael and Malcolm X, a rage that Corsi shows has deep meaning for Obama. Obama's continuing connections with Kenya, the homeland of his father, through his support for the candidacy of Raila Odinga, the radical socialist presidential contender who came to power amid Islamist violence and church burnings. Obama's involvement in the slum-landlord empire of the Chicago political fixer Tony Rezko, who helped to bankroll Obama's initial campaigns and to purchase of Barack and Michelle's dream-home property. The background and techniques of the Obama campaign's cult of personality, including the derivation of the words "hope" and "change." Obama's far-left domestic policy, his controversial votes on abortion, his history of opposition to the Second Amendment, his determination to raise capital-gains taxes, his impractical plan to achieve universal health care, and his radical plan to tax Americans to fund a global-poverty-reduction program. Obama's naïve, anti-war, anti-nuclear foreign-policy, predicated on the reduction of the military, the eradication of nuclear weapons and an overconfidence in the power of his personality, as if belief in change alone could somehow transform international politics, achieve nuclear-weapons disarmament and withdrawal from Iraq without adverse consequences, for us, for the Iraqis or for Israel. Meticulously researched and documented, The Obama Nation is the definitive source for information on why and how Barack Obama must be defeated -- not by invective and general attacks, but by detailed arguments that are well-researched and fact-based. **Alter ego's Hillary Clinton, Barack Obama en hun verborgen strijd om de Amerikaanse macht** Overamstel Uitgevers Mark Landler werkte ruim zes jaar als Witte Huis-correspondent voor The New York Times. In Alter ego'sportretteert hij de twee boeiendste figuren in het machtigste land ter wereld en beschrijft hij hoe de aankomende aardverschuiving in de Amerikaanse buitenlandse invloed na de verkiezingen bepalend zal zijn voor het komende decennium. Het boek is gebaseerd op een groot aantal persoonlijke gesprekken en interviews met zowel Obama als Clinton, geroddeld uit Air Force One en geïmproviseerde beleidsuitspraken. Alter ego's kijkt mee met de speeches, de discussies in de Situation Room en de lunches aan een picknicktafel waar Obama en Clinton met hun opties worstelden. Hun relatie groeide voorzichtig van politieke rivaliteit via koele beleefdheid naar iets wat veel wegheeft van vriendschap. De lezer krijgt een inkijkje in de kringen van adviseurs, vrienden en volgelingen van Obama en Clinton - mensen die er niet of nauwelijks in slaagden hun ambities te dwarsbomen of de bittere nasleep van de gedenkwaardige democratische voorverkiezingen in 2008 te boven te komen. Landler beschrijft de rivaliteit tussen deze twee pioniers, die zich beiden bewust zijn van hun historische bestemming maar de manier waarop Amerika zich als grootmacht in de wereld dient te manifesteren fundamenteel anders benaderen. Alter ego's is verplicht leesvoer voor iedereen die de nalatenschap van Barack Obama of de belofte van Hillary Clinton wil begrijpen.
