The Brahma Kumaris as a 'Reflexive Tradition'

Responding to Late Modernity

Routledge This title was first published in 2002. Drawing on primary research on the Brahma Kumaris World Spiritual University, a millenarian New Religious Movement of Indian origin, this book examines the status of tradition in the contemporary world through a critical engagement with the recent social theory of Anthony Giddens on the emergence of a post-traditional society. Wallis examines both the ways in which forms of tradition not only persist but also flourish in the contemporary world and also the manner in which such traditions are drawn on and (re)created by individuals in their ongoing construction of self-identity. Illuminating some of the difficulties encountered when social theory is applied to 'the real world', this book also offers a way of theorising about the status of contemporary religiosity that does not refer directly to the notion of secularisation.

Understanding the Brahma Kumaris

Dunedin Academic Press Ltd The Brahma Kumaris are a new spiritual tradition. The movement now has over 450,000 adherents world-wide in more than 100 countries. In this book Frank Whaling seeks to understand the Brahma Kumaris. As with all spiritual traditions, the Brahma Kumaris are different, bewildering, fascinating in their newness and in their complexity. The Brahma Kumaris began in 1936 in Hyderabad in the Sind province of India. A millionaire diamond merchant named Lekhraj Khubchand began to have visions at the age of around sixty. They led him to start meetings in his own home which were attended mainly by women. This was the beginning of the Brahma Kumaris. Dada Lekhraj, as he became affectionately known, used his fortune to set up a trust composed of eleven youngish women. One of the young women, who became known as Om Radhe, became the leader of the new movement, whilst Dada Lekhraj remained a key figure. Following the Partition, the Brahma Kumaris moved to Mount Abu in Rajasthan in India and this remains their headquarters. Through phenomenology the author attempts to 'get inside' the Brahma Kumari tradition and to see that tradition from the inside. Phenomenology involves firstly putting one's own world-view aside in order to understand the world-view of others. Applying 'epoche', to avoid bias, and 'empathy', to engage sympathetically, the objective of this study is to understand, as far as is possible, from within. Titles in Understanding Faith are intended as first readers for students of comparative religion and as basic source books of essential information about the major world faiths in the 21st century for those who seek to understand this aspect of influence on our lives today.

Happiness Unlimited

Amaryllis - an imprint of Manjul Publishing House In these enlightening and eye-opening conversations, the renowned spiritual mentor, Sister BK Shivani reveals how to create a life of joy, contentment and bliss, because we all have the choice and the power to do so. According to her, the reason why there is so little happiness in the world is dependency. Happiness is not dependent on 'anything' or 'anyone', or found 'anywhere'. We keep delaying our happiness until things are just right in our life. We think we will be happy in the future and then wonder why we are not happy now. Happiness is only possible when we are able to accept everyone as they are, at every moment, in every situation. This book is a medium for the awakening and acceptance of self-responsibility. Helping us choose our thoughts and feelings aligned with our true nature of purity, peace and love. To make us shift from asking to sharing; from holding on to letting go; from expectations to acceptance; from the past and the future to being in the now. Happiness is a 'decision', not a 'consequence'.

7 Day Course - Brahma Kumaris

Brahma Kumaris The study or recitation of sacred texts for one week continuously is considered in India to be of special sanctity and of great spiritual merit. Here, it is customary for the religious-minded people to arrange for one-week recitation of a scripture, styling it as 'Shrimad Bhagwat Week' or 'The Gita Week'. It would be worthwhile to know how and when this practice or tradition of holding seven-day religious congregations for reading out the legends or scriptures started. It is sincerely hoped that by hearing, reading, recapitulating and practising this Knowledge and Yoga in the aforesaid manner, man would attain purity, peace and bliss and would feel himself a highly blessed and lucky person.

Thought for Today

Positive Thoughts for a Peaceful Mind and Contented Life

More and more attention is being paid to diet and exercise these days. It's all about the importance of keeping the body healthy, and even the government supports this as it sees how neglect in these areas leads to more illness in the longer term, and higher costs in running the national health sector. Paradoxically, the more attention is being paid to the physical aspects of the human being, less time and attention seems to be paid to spiritual well being. With Thought for Today we have a ready made collection of 'meals for the mind' and a 'daily exercise plan' for thoughts. Using seven themes: Contentment, Peace, Love, Power, Knowledge, Purity, Mercy, this little book allows the reader to dip in depending on the mood of the moment. Within each chapter theme, there are 40 to 50 thoughts given in the form of directive statements on the attitudes and outlook we can usefully bring to situations. A welcome addition is at the beginning of each theme, we have a page that defines the quality and reminds us of why it is we aspire to develop it within us. Something that is useful when enthusiasm may wane a little, particularly when the demands of the day can mean we drift away from this alternative form of nourishment! Begin every day with a thought from this little book. If mornings are rushed, then let it live in your pocket or bag, - a well thumbed book (as this can become) is an indispensable friend.

2-In-1 Biography of God Almighty & Deity Brahma

Partridge Publishing This book is basically for every human being on earth to know about the relationship between the God Almighty (the Supreme Soul) and we human beings who came on earth as deities, hence the need of two-in-one biographies have been written simultaneously. This is the authors thesis, which has been written for the information of all. It is not a compulsion or forcing anyone to adopt to this but to make them realize of the reality that cannot be known without the help of the God Almighty, who is our spiritual godfather. This is an effort by the author to bring forth the true information about God Almighty, which has remained hidden for the past eighty-two years, and now it is time to bring it to the fore.

Dadi Janki A Century of Service

Prabhat Prakashan Dadi Janki; the unusual subject of this biography; presides over a unique global spiritual empire run and led by women. Born in 1916 into a traditional Hindu family; she was expected to follow the standard pattern for Indian women of the day; which was to succumb to an arranged marriage at the earliest possible opportunity and then disappear from view. But she had other ideas. Since the age of two; she has only ever wanted to connect to one being; and that is God. She never sought nor desired any other relationship and she managed to escape her unwanted marriage in order to dedicate her life to spiritual study; service and contemplation. She joined the Brahma Kumaris; then in its infancy; in 1937; and for many years; ran centres in India. In the early 1970s; the decision was taken to try and introduce the movement to the West and Dadi Janki arrived in London with no real idea how she would do it. Her task was made especially difficult as she arrived not speaking any English; with no money; no influence and nowhere to live. But with God as her constant companion; she never gave up and within 20 years of being in London; had established the Brahma Kumaris as a respected; influential; worldwide organization. This is the story of how she did it.

Peace and Purity

The Story of the Brahma Kumaris, A Spiritual Revolution

HCI In 1936, a 60-year-old businessman in India had visions of a new world order of peace, love and truth. Such was the strength of his message that he drew a gathering of several hundred people, most of whom were women. Just over sixty years later, this obscure group, the Brahma Kumaris (BK) has become a highly respected worldwide movement with over 5,000 centers in 102 countries. The organization runs high-level conferences, a state-of-the-art hospital, retreat centers and courses for managers, healthcare workers, corrections officers, teachers and other professionals. It has also gained consultative status at the United Nations and is renowned for practical yet imaginative global campaigns such as the Million Minutes of Peace Appeal. This fascinating book recounts the early beginnings of the Brahma Kumaris in the Sind region of India and the persecution they faced as their religious and social message went against mainstream Hindu thought. Peace and Purity tracks the expansion of the group worldwide through the sixties, seventies and eighties when the group had become so important that it often focused on achieving peace on a political rather than spiritual level. Author Liz Hodgkinson describes how this unique organization headed by women has gradually attracted many thousands of people from all backgrounds to get involved in its teachings. The book concludes with several BK scholars answering questions of faith.

Mystic at the Edge

A Western Woman Coloured by Asia

Full of spiritual wisdom and insights, Mystic at the Edge is a book you can pick up at any time to uplift, enlighten, and encourage you. The first part spans Maureen Chen's life from growing up in 'White' Australia, marrying her Chinese husband, travelling through Asia in search of an ashram where they could pursue the teachings of Buddha; he to become a monk, and her a nun, onto Europe and back to Australia through Asia once again. In Australia, Maureen and Tom come across the Brahma Kumaris and begin to follow their teachings. They end up returning to Asia where Maureen opens and sustains a number of Brahma Kumaris Meditation Centres in various countries. In parts two and three Maureen shares deep and meaningful explorations and contemplations on practical spirituality and how her spiritual philosophy and lifestyle interface with wider world views. Entertaining yet powerful, and perhaps at times challenging, Mystic at the Edge shows that spirituality is not about being flaky, counter-cultural, or religious. Spirituality is a natural calling in all of us to practice being who we really are and support each other in making a better world.

Feeling Great

Creating a Life of Optimism, Enthusiasm and Contentment

Simon and Schuster Why do we lose our ability to feel great? And what is 'feeling great' anyway? Is it really possible to feel great in today's world where every day there is some new crisis or disorder? Some new upheaval or unexpected negativity? Where violence is rife? Is feeling great out of place or insensitive to the reality of many people's lives? In this treasure of a book, Janki, Vegso and Johnson call on their decades of spiritual study and practical experience to answer these and other essential questions. You will learn what it really means to 'feel great' - and it might not be what you expect. You will discover that feeling great is not about having a good time for a few hours, or having money to spend. It's about putting your life in order and remembering who you really are. It's about practicing the four keys revealed in this book—enthusiasm, optimism, contentment, and respect—then learning how to start acquiring and applying them. Janki and Vegso's rich descriptions of the sticking points we encounter on our journey through life demonstrate how we can recover our ability to truly feel great - not as a temporary indulgence, but as a lasting state of being. Now is the time to start feeling great, and this uplifting book shows you how easy it can be.

On the Margins of Religion

Berghahn Books Focusing on places, objects, bodies, narratives and ritual spaces where religion may be found or inscribed, the authors reveal the role of religion in contesting rights to places, to knowledge and to property, as well as access to resources. Through analyses of specific historical processes in terms of responses to socio-economic and political change, the chapters consider implicitly or explicitly the problematic relation between science (including social sciences and anthropology in particular) and religion, and how this connects to the new religious globalisation of the twenty-first century. Their ethnographies highlight the embodiment of religion and its location in landscapes, built spaces and religious sites which may be contested, physically or ideologically, or encased in memory and often in silence. Taken together, they show the importance of religion as a resource to the believers: a source of solace, spiritual comfort and self-willed submission.

Values for a Better World

Brahma Kumaris Every sane person on earth would like the present-day world-conditions to improve substantially because, looking at the total picture of the world, one finds that there are thousand times more thorns and thistles than roses or raspberries. Leaders, in many fields, have tried, in many ways, to enhance the quality of life but the hopes and aspirations of a vast majority of the humankind have been belied. Various kinds of remedies have been applied or tried but, of late, it has become almost the united voice of all that Moral, Social and Human Values are the ultimate and the much-needed remedy.

Journey Into Inner Space

BK Publications We are pleased to announce publication of Journey Into Inner Space, a treasure chest of wisdom that draws on science, great literature, and spiritual understanding to reveal the journey of the soul. This innovative Brahma Kumaris production is more than a conventional book. It has artwork that "comes alive" using a technology called Augmented Reality. Animations of the images, accompanied by a spoken commentary, convey the essence of each chapter. We hear the renowned actor and director Clarke Peters narrate new understandings linking science and spirit, giving us a glimpse of our divinity. And the journey closes with a meditation led by Sister Jayanti, one of the world's most experienced teachers of Raja Yoga, gently guiding us towards our own, personal inner space. Combining ancient and modern wisdom, the Journey offers both an explanation and an experience of what is meant by the inner life, the world of the spirit or soul, as compared with the physical world around us. 'Journey Into Inner Space' is both important and timely in sharing the rapid convergence of leading-edge science and spirituality. This new story, based on the latest scientific discoveries at all scales of existence and within many fields of research, is revealing that mind and consciousness aren't something we have - but rather what we and the whole world are. As well as being illustrated with beautiful artwork, the book offers an Augmented Reality feature that allows the reader to experience the essence of its message through animations and spoken commentaries. In showing that the physical realm is the manifestation of a deeper, unified, informational and intentional reality, the Journey confirms meaning and purpose to our existence, and that of our entire Universe.' - Dr Jude Currihan, cosmologist and author of The Cosmic Hologram In my own journey through life I have been fortunate to be guided at various stages by wise and compassionate people who were able to show me that one is moved to act at various levels in one's consciousness. At several 'lower' levels of consciousness one's urgent priority is to survive and fight or flee and then, one might mature, using intellect and logic to work out what is out there. However there is a deeper and yet higher path to the good life and bliss. The short, concise, animated book 'Journey into Inner Space' is a delightful introduction to this path and shows that human wisdom knows this from science, art and spirituality. I have had a long association with Business and Politics and have found that when acting from this holistic understanding, one acts with more compassion and inclusivity and everything one tries to do is for the benefit of all beings for all time. This is the only way the Planet and our species will survive. 'Journey into Inner Space' helps one to experience this. Lord Andrew Stone Parliamentarian, London U.K. "Each of us journeys towards God on our chosen path. As we come nearer the Holy One, words that easily cause division become less important and increasingly, instead of picturing God as external to us, we sense God's presence in the silence of the heart. We recognise that we and all others are 'eternal beings whose true nature is peace, love and happiness.' "At whatever stage you are on your journey, this easy-to-read book will help you to explore your inner space more deeply." - Rev Dr Marcus Braybrooke, President, World Congress of Faiths
