Ring of Death

Famous Kerry Murders

Random House To all appearances, Kerry is an idyllic tourist destination. Yet scratch beneath its scenic surface and the sordid secrets of the county known as 'the Kingdom' flow free like blood . . . Some of the most notorious murders in the history of Ireland have taken place in Kerry, including a two-day orgy of slaughter perpetrated by state forces during the Civil War. Another is the case of two farmers fighting over a patch of land not big enough to accommodate a picnic blanket, resulting in a killing that inspired the play and film *The Field*. The county's most infamous case was the discovery of a baby stabbed to death on a beach, with another infant's body found during the subsequent investigation. To this day, the identities of the children, their mothers and the murderer remain a mystery, but the case led to the government setting up a tribunal to investigate the Gardaí and how they had handled the inquiry. In *Ring of Death*, true-crime writer Anthony Galvin explores the bloody history of Kerry and the many fascinating murder cases that have occurred in the county over the past century.

Murder in the Raw (Ring Around Rosa)

My Midnight Years

Surviving Jon Burge's Police Torture Ring and Death Row

Chicago Review Press Ronald Kitchen was 21, on his way to buy milk for his four-year-old, when he was picked up by the Chicago police, brutally tortured, and coerced to confess to five counts of heinous murder. He spent 22 years in prison, 13 of those on death row. Kitchen was only one of the many victims of Jon Burge and his notorious Midnight Crew—118 others have come forward so far. Kitchen cofounded the Death Row 10 from his maximum security cellblock and fought together with those men to expose the grave injustices that led to their wrongful convictions. The Death Row 10 appeared on nationwide media and, with the help of lawyers and activists outside, were instrumental in turning the tide against the death penalty in Illinois. Kitchen was finally exonerated in 2013 and filed a high profile lawsuit against the Chicago Police Department, Jon Burge, Mayor Richard Daley, and the Cook County state's attorney. Largely absent from the current social justice narratives are the testimonies of the victims themselves. Kitchen is a survivor who has turned his suffering into a powerful public cause. The atrocities of the Midnight Crew have been brought to light through Kitchen's work and are now part of the discussion as the nation engages in an unprecedented conversation about racism.

A Killing on Ring Jaw Bluff

The Great Recession and the Death of Small Town Georgia

The rise and fall of twentieth-century Georgia's rural population—a foreshadowing of modern economic issues A Killing on Ring Jaw Bluff recounts the rise and fall of Georgia's rural population as told through the story of Charles Graves Rawlings. His life followed that of cotton-based agriculture after the Civil War and along with it the rise and fall of Georgia's small towns. From modest beginnings as a liveryman, he acquired nearly 40,000 acres of land, as well as a bank, a railroad, and diverse other businesses. By 1920, he was one of the state's wealthier men, with a loving wife and family, and powerful political connections. Five years later he was facing a sentence of life in prison for his role in the alleged murder of his first cousin, Gus Tarbutton. The growth of wealth in rural Georgia during the first two decades of the twentieth century was dramatic, as was the economic crash that accompanied and followed the so-called Great Recession of 1920-21. While the rest of the nation recovered rapidly, transitioning to the era of the Roaring Twenties, the rural South remained mired in social and financial despair. The forces that led to this economic whipsaw were multiple, including the loosening of credit and inflation that accompanied and followed World War I, the effective monetization of cotton as a commodity, the competition for labor from the industrialized North, and the bubble in cotton prices that burst in 1920. Although the boll weevil arrived in the state in 1915, it was only in 1921 that the pest began to severely affect the cotton crop. By then other economic forces were in play, relegating the role of the weevil to that of delivering a final blow to an already moribund economy. This is the story of rural Georgia that foreshadowed our own day, our own story.

Death and Life in the Boxing Ring

Bonnier Publishing Ltd. 'There's a kindness in beating a man badly, and that kindness is based on correctness,' Chris Eubank March 2016: boxer Chris Eubank Jr punches his opponent, Nick Blackwell, into a coma. Blackwell dies momentarily, before being brought back to life. He remains in a coma for seven days. The boxing world is thrown into turmoil. In his corner, Junior's dad, Chris Sr., had been imploring his son to aim for the body. Was this a coach making a tactical change? Or was this a former boxer pleading with his son to show mercy? Twenty five years previously it had been Chris Sr. who had left his opponent Michael Watson with severe brain damage following a brutal encounter. Elliot Worsell was ringside, reporting as part of Blackwell's camp with exclusive access to both dressing rooms. A lifelong boxing fan and experienced journalist, what Worsell saw left him questioning himself and his sport. Blackwell survived, but in Dog Rounds Worsell goes in search of the men who have killed in the ring. In spending time with these pariahs, as well as taking some of them back to the venue in which their tragedy occurred, Worsell uncovers a story that is raw, unflinching and extraordinary. Dog Rounds asks, should these men feel culpable when tragedy occurs in the ring? Should they carry the burden? Should they be apologetic? And it asks, what is our responsibility as spectators, cheerleaders and rubbernecks?

The Angel Makers

Arsenic, a Midwife, and Modern History's Most Astonishing Murder Ring

HarperCollins The Angel Makers is a true-crime story like no other—a 1920s midwife who may have been the century's most prolific killer leading a murder ring of women responsible for the deaths of at least 160 men. The horror occurred in a rustic farming enclave in modern-day Hungary. To look at the unlikely lineup of murderesses—village wives, mothers, and daughters—was to come to the shocking realization that this could have happened anywhere, and to anyone. At the center of it all was a sharp-minded village midwife, a “smiling Buddha” known as Auntie Suzy, who distilled arsenic from flypaper and distributed it to the women of Nagyrév. “Why are you bothering with him?” Auntie Suzy would ask, as she produced an arsenic-filled vial from her apron pocket. In the beginning, a great many used the deadly solution to finally be free of cruel and abusive spouses. But as the number of dead bodies grew without consequence, the killers grew bolder. With each vial of poison emptied, a new reason surfaced to drain yet another. Some women disposed of sickly relatives. Some used arsenic as “inheritance powder” to secure land and houses. For more than fifteen years, the unlikely murderers aided death unfettered and tended to it as if it were simply another chore—spooning doses of arsenic into soup and wine, stirring it into coffee and brandy. By the time their crimes were discovered, hundreds were feared dead. Anonymous notes brought the crimes to light in 1929. As a skillful prosecutor hungry for justice ran the investigation, newsmen from around the world—including the New York Times—poured in to cover the dramatic events as they unfolded. The Angel Makers captures in expertly researched detail the entirety of this harrowing story, from the early murders to the final hanging—the story of one of the most sensational and astonishing murder rings in all of modern history.

Oscar Wilde and a Game Called Murder

A Mystery

Simon and Schuster The second witty installment in an astonishingly authentic historical mystery series featuring detective Oscar Wilde and his partner in crime, Arthur Conan Doyle It's 1892, and Wilde is the toast of London, riding high on the success of his play Lady Windemere's Fan. While celebrating with friends at a dinner party he conjures up a game called "murder" that poses the question: Who would you most like to kill? Wilde and friends -- including Arthur Conan Doyle, Bram Stoker, and poet Robert Sherard (the novel's narrator) -- write the names of their "victims" on pieces of paper and choose them one by one. After leaving the party, Wilde scoffs at the suggestion that he may have instigated a very dangerous game indeed.... The very next day, the game takes an all-too-sinister turn when the first "victim" turns up dead. Soon Wilde and his band of amateur detectives must travel through the realms of politics, theatre, and even boxing to unearth whose misguided passions have the potential to become deadly poisons...not only for the perpetrator of the seemingly perfect crimes but also for the trio of detectives investigating them. Richly atmospheric and as entertaining as Wilde himself, this book is the second in a series destined to delight mystery readers and fans of historical fiction alike.

The Devil's Wedding Ring

U of Minnesota Press On Midsummer Eve in 1985, a young folklore researcher disappears from the village of Eidsborg in the Telemark region of Norway. Exactly thirty years later, the student Cecilie Wiborg goes missing. She too had been researching the old, pagan rituals associated with the 13th-century Eidsborg stave church. And then Knut Abrahamsen, a former police officer from the area, is found drowned in the nearby Tokke River, a presumed suicide since his pockets were filled with stones. Hearing of the death of his former colleague and friend, private investigator Max Fjellanger feels compelled to leave his long-time home in Florida and return to his native Norway to attend Knut's funeral. Even though they haven't spoken in more than three decades, Max is not convinced that Knut killed himself. There are details about the circumstances of his death that just don't add up. And there seems to be a link to the case of the missing researcher in Telemark, which the two of them had worked together—until threats from a corrupt sheriff put an end to the investigation and to Max's career on the police force. This time Max is determined to find out the truth. Reluctantly he finds himself drawn into a dark universe in which ancient superstitions, religious cults, and sinister forces are still very much alive. And the stave church, with its famed wooden statue of Saint Nikuls, is at the center of it all. Finding an unlikely partner in Tirill Vesterli—a university librarian and single mother who is obsessed with crime novels—Max is plunged into a menacing world of ghostly monks, severed pigs' heads, and mythic rites, all somehow connected to Midsummer Eve, which is fast approaching. As Max and Tirill quickly learn, it's a misconception that the past is past—the truth is that it's never over. This is award-winning crime novelist Vidar Sundstøl at his best, spinning a tale that is taut with suspense and steeped in Norwegian culture, past and present.
