MANDINGO

This is the original uncut, unedited, uncensored and unabridged Denlinger's 1957 version of Mandingo, a sensational novel based on the Antebellum Period of American history before the Civil War. Not a word has been cut out. Although fictional, this book is based on established historical facts. No less an authority than President Thomas Jefferson wrote, " A] woman who brings a child every year is more profitable than the best man. What she produces is an addition to the capital, while his labors disappear in mere consumption." The novel takes place in 1832 on Falconhurst, a fictional plantation in Alabama. This book was the first of a series of fictional works, including plays, movies and TV shows by various authors, all of which take place at Falconhurst. In the movie version, Mede, the male slave whose job it is to impregnate the female slaves (a good job), is played appropriately by Ken Norton, who was World Heavyweight Boxing Champion in 1978, defeating Muhammad Ali. In the movie version, he is ordered to fight another slave and, of course, wins.

MONDO MANDINGO

THE FALCONHURST BOOKS AND FILMS

In 1957, the novel "Mandingo" stunned readers with its lurid, unforgettable tale of Falconhurst--a pre-Civil War slave-breeding plantation where unspeakable acts of sex and brutality took place everyday between the masters and slaves. Over the next three decades, "Mandingo" sold millions of copies worldwide and spawned thirteen official sequel books as well as dozens of paperback imitators. The big-budget movie version of 1975 was one of the biggest hits of the year, as well as one of the most reviled films of all time. Now, for the first time, the complete history of the bizarre "Mandingo" phenomenon is told, including: the life of the eccentric author Kyle Onstott and the scandalous true stories that inspired him; the two writers who continued the Falconhurst series; and the background of the disastrous Broadway adaptation. Also covered extensively (including deleted scenes and alternate cuts) is the making of the "Mandingo" film and the production of the sequel, "Drum," as well as several other "slavesploitation" and "spaghetti Mandingo" movies. "Mondo Mandingo: The Falconhurst Books and Films" is exhaustively researched and contains dozens of rare illustrations and photographs plus exclusive, candid interviews with director Richard Fleischer, actor Ken Norton, and many others.

LILLI THE WITCH AT VAMPIRE CASTLE**THE PLANTATION [EBOOK - BIBLIOBOARD]**

In the days of pre-Civil War slavery--the unforgettable novel of a shocking portion of our American heritage. The time was not all magnolia blossoms and crinolines. It was more than romance and splendor. It was debauchery and slavery, gambling tables and dens of iniquity. It was murder and forgiveness. It was all the great contradiction of life in a golden era...

MANDINGO**ROMAN****OPENING WEDNESDAY AT A THEATER OR DRIVE-IN NEAR YOU****THE SHADOW CINEMA OF THE AMERICAN '70S**

Bloomsbury Publishing USA "Movie criticism's Dostoyevsky . . . Taylor reveals a national identity forged from the innocence we claim to have lost but never had in the first place." --Steve Erickson, author of *Zeroville* When we think of '70s cinema, we think of classics like *The Godfather*, *Taxi Driver*, and *The Wild Bunch* . . . but the riches found in the overlooked B movies of the time, rolled out wherever they might find an audience, unexpectedly tell an eye-opening story about post-Watergate, post-Vietnam America. Revisiting the films that don't make the Academy Award montages, Charles Taylor finds a treasury many of us have forgotten, movies that in fact "unlock the secrets of the times." Celebrated film critic Taylor pays homage to the trucker vigilantes, meat magnate pimps, blaxploitation "angel avengers," and taciturn factory workers of grungy, unartful B films such as *Prime Cut*, *Foxy Brown*, and *Eyes of Laura Mars*. He creates a compelling argument for what matters in moviemaking and brings a pivotal American era vividly to life in all its gritty, melancholy complexity.

SLAVERY & RACE IN AMERICAN POPULAR CULTURE

Univ of Wisconsin Press Spanning more than three centuries, from the colonial era to the present, Van Deburg's overview analyzes the works of American historians, dramatists, novelists, poets, lyricists, and filmmakers -- and exposes, through those artists' often disquieting perceptions, the cultural underpinnings of American current racial attitudes and divisions. Crucial to Van Deburg's analysis is his contrast of black and white attitudes toward the Afro-American slave experience. There has, in fact, been a persistent dichotomy between the two races' literary, historical, and theatrical representations of slavery. If white culture-makers have stressed the "unmanning" of the slaves and encouraged such stereotypes as the Noble Savage and the comic minstrel to justify the blacks' subordination, Afro-Americans have emphasized a counter self-image that celebrates the slaves' creativity, dignity, pride, and assertiveness.
