One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich." **Cuore** [Franklin Classics](#) *This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. Yandian then goes on to explore, verse-by-verse, several other themes including the walk of maturity, the reality of authority, and the importance of faith.
