With his reputation in the gutter and no prospects, he will face a choice regarding how he intends to blaze his path through the game.*

Even as the group grapples with these changes, they notice that something is stirring up the native undead around the city, although the source of this strange influence is uncertain. One thing is clear, however. Jason might have evolved, but his enemies have adapted with him. If the Twilight Throne is to survive, the group must grow stronger and Jason must learn to control his newfound abilities. Otherwise, the darkness may very well claim them all.*

The authors provide rituals, meditations, and rites of passage to help us meet our personal and planetary challenges with grace, wisdom, and love. The shamanic initiations provided are invoked, directly experienced, and transformed into embodied wisdom that awakens consciousness and illumines the intelligence of the heart. Scully and Star Wolf focus their rituals on 26 of the primary divine entities that preside over the ancient mysteries whose roots are in Old Kingdom and pre-historic Egypt. This fresh interpretation of ancient mysteries unites the energies of Thoth and Anubis to guide us through the current cycle of Earth changes and to help us remember who we really are at heart. Through these passages, Anubis lives up to his ancient title as the Opener of the Way, and Thoth as the Architect of Higher Learning. Together they evoke their power to unite heart and mind in the sacred marriage that brings transformation, renewal, and the awakening of consciousness.

## The Age of Aquarius

# Understanding the Meaning of the New World Changes and How God Wants Us to Live Our Spiritual Awakening

**22 Lions** *All secret societies know that the world is currently crossing between realities, in which energy will certainly manifest in a new and completely different form, forcing us to rethink our values and priorities in life. As we move from the Age of Pisces to the Age of Aquarius many questions come to mind. What should we expect? What can we do about it? How can we be ready? What is the fate of human spirituality? What will be the new religion? And how can we fit ourselves within such new order of things? This book promises to answer these questions and many more based on an extended research of sources emerging from different religions and political views. From one side of the spectrum you will see how gnosticism, and societies with very peculiar beliefs, such as Rosicrucianism, Freemasonry and Scientology are perfectly capable of explaining this new phenomena with accuracy, and even though we don't necessarily need to address any of them to focus our*

attention on the main current of thought shared or others with a similar background. From another side, we can easily analyze what prominent anarchists have been trying to show us regarding the possibilities for democracy when extended to its limits, the individual gifted with full responsibility for his own fate. And all this, surely, can also be compartmented inside what astrology have always knew since its creation, since Man started using it to predict the future. With such variety of principles and values in mind, this book merges the core observations into easily applicable psychological reasons associated with our spirituality and natural predisposition for beauty and love. The commencing of a new worldwide social order, a new chapter in human history called the Aquarian dispensation, will lead us to challenges that are unavoidable, both in a personal as well as social and global scale. But, ultimately, it will show you the prospect of an approaching Golden Age of abundance and far much more happiness, along with more magic, innovation and creativity. We are now at the precipice of a new age of spiritual awakening, promising mighty accomplishments in the arts and sciences, while penetrating the minds of many with unique and uplifting ideas that benefit us all as one in health, wealth, wisdom and relationships.

## Standing Between the Gates of Heaven and the Precipice of Hell

### A Doctor's Experience With the After Life

**Createspace Independent Pub** *The reader is in for a very different and yes, special type of memoir in Ted Homa's new book. Not only are the intimate details and personal testimony of both reconversion and rebirth of both spiritual nature present in the author's clear friendly voice, but also a continual definitive undeniable statement is underscored allowing observers to think about what it true. God never forgets you, though you may forget Him. This quick flowing hard to put down read is an awakening. As the reader will agree it is well worth rereading-pondering situations in our lives that drive us away from faith and then acknowledging angels that walk among us, hopefully allowing a coming home to the Father. Teddy's story is so moving that one cannot help but be astonished at God's underpinning coincidences documented throughout the chronicle. Bouncing off each page are messages of inner soul speaking, searching and finally finding salvation. This private catharsis serves as a touching revelation and sometimes unbelievable account of the healing process, confirming God's intended plan for mankind. "Standing Between the Gates of Heaven and the Precipice of Hell-a doctor's experience with the afterlife," provides a template of spiritual encouragement to all fortunate to read this personal journal.' ## Between the World and Me

**Text Publishing** *Winner, Kirkus Prize for Non-Fiction, 2015 In the 150 years since the end of the Civil War and the ratification of the Thirteenth Amendment, the story of race and America has remained a brutally simple one, written on flesh: it is the story of the black body, exploited to create the country's foundational wealth, violently segregated to unite a nation after a civil war, and, today, still disproportionately threatened, locked up and killed in the streets. What is it like to*

*inhabit a black body and find a way to live within it? And how can America reckon with its fraught racial history? Between the World and Me is Ta-Nehisi Coates' attempt to answer those questions, presented in the form of a letter to his adolescent son. Coates shares with his son the story of his own awakening to the truth about history and race through a series of revelatory experiences: immersion in nationalist mythology as a child; engagement with history, poetry and love at Howard University; travels to Civil War battlefields and the South Side of Chicago; a journey to France that reorients his sense of the world; and pilgrimages to the homes of mothers whose children's lives have been taken as American plunder. Taken together, these stories map a winding path towards a kind of liberation—a journey from fear and confusion, to a full and honest understanding of the world as it is. Masterfully woven from lyrical personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me offers a powerful new framework for understanding America's history and current crisis, and a transcendent vision for a way forward. Ta-Nehisi Coates is a national correspondent for the Atlantic and the author of the memoir The Beautiful Struggle. Coates has received the National Magazine Award, the Hillman Prize for Opinion and Analysis Journalism, and the George Polk Award for his Atlantic cover story 'The Case for Reparations'. He lives in New York with his wife and son. 'Coates offers this eloquent memoir as a letter to his teenage son, bearing witness to his own experiences and conveying passionate hopes for his son's life...this moving, potent testament might have been titled Black Lives Matter.' Kirkus Reviews 'I've been wondering who might fill the intellectual void that plagued me after James Baldwin died. Clearly it is Ta-Nehisi Coates. The language of Between the World and Me, like Coates' journey, is visceral, eloquent and beautifully redemptive. And its examination of the hazards and hopes of black male life is as profound as it is revelatory. This is required reading.' Toni Morrison 'Extraordinary...Ta-Nehisi Coates...writes an impassioned letter to his teenage son—a letter both loving and full of a parent's dread—counselling him on the history of American violence against the black body, the young African-American's extreme vulnerability to wrongful arrest, police violence, and disproportionate incarceration.' David Remnick, New Yorker 'A searing meditation on what it means to be black in America today...as compelling a portrait of a father-son relationship as Martin Amis's Experience or Geoffrey Wolff's The Duke of Deception.' New York Times 'Coates possesses a profoundly empathetic imagination and a tough intellect...Coates speaks to America, but Australia has reason to listen.' Monthly 'Heartbreaking, confronting, it draws power from understatement in dealing with race in America and the endless wrong-headed concept that whites are somehow entitled to subjugate everyone else.' Capital 'In our current global landscape it's an essential perspective, regardless of your standpoint.' Paperboy 'Impactful and poignant.' Reading With Jenna*
