A WILD PURSUIT

NUMBER 3 IN SERIES

Hachette UK It is whispered behind the fans of London's dowagers and in the corners of the fashionable ballrooms that scandal follows wilfully wild Lady Beatrix Lennox wherever she goes. Three years earlier, the debutante created a sensation by being found in a distinctly compromising position. Now the ton has branded her as unmarriedable, her family has called her a vixen, and Beatrix sees no reason not to go after what - and who - she wishes. And she wants Stephen Fairfax-Lacy, the handsome Earl of Spade. Beatrix, with her brazen suggestions and irresistibly sensuous allure, couldn't be more different from the earl's ideal future bride. Yet Beatrix brings out a wildness in him that he has tried to deny for far too long. Still, he's not about to play love's game by Lady Beatrix's rules. She may be used to being on top in affairs of the heart, but that will soon change.

THE PURSUIT OF KNOWLEDGE UNDER DIFFICULTIES [BY G.L. CRAIK]. CONTINUATION

THE ETHICS OF KILLING ANIMALS

Oxford University Press, USA While it is generally accepted that animal welfare matters morally, it is less clear how to morally evaluate the ending of an animal's life. It seems to matter for the animal whether it experiences pain or pleasure, or enjoyment or suffering. But does it also matter for the animal whether it lives or dies? Is a longer life better for an animal than a shorter life? If so, under what conditions is this so, and why is this the case? Is it better for an animal to live rather than never to be born at all? The Ethics of Killing Animals addresses these value-theoretical questions about animal life, death and welfare. It also discusses whether and how answers to these questions are relevant for our moral duties towards animals. Is killing animals ever morally acceptable and, if so, under what conditions? Do animals have moral rights, such as the right to life and should they be accorded legal rights? How should our moral duties towards animals inform our individual behavior and policy-making? This volume presents a collection of contributions from major thinkers in ethics and animal welfare, with a special focus on the moral evaluation of killing animals.

RELENTLESS PURSUIT

MY FIGHT FOR THE VICTIMS OF JEFFREY EPSTEIN

Gallery Books This is the definitive story of the case against Jeffrey Epstein and the corrupt system that supported him, told in thrilling detail by the lawyer who has represented Epstein's victims for more than a decade. In June 2008, Florida-based victims' rights attorney Bradley J. Edwards was thirty-two years old and had just started his own law firm when a young woman named Courtney Wild came to see him. She told a shocking story of having been sexually coerced at the age of fourteen by a wealthy man in Palm Beach named Jeffrey Epstein. Edwards, who had never heard of Epstein, had no idea that this moment would change the course of his life. Over the next ten years, Edwards devoted himself to bringing Epstein to justice, and came close to losing everything in the process. Edwards tracked down and represented more than twenty of Epstein's victims, shined a light on his shadowy network of accomplices, and uncovered the scope of his sexually exploitative organization, which reached into the highest levels of American society. Edwards gives his riveting, blow-by-blow account of battling Epstein on behalf of his clients, and provides stunning details never shared before. He explains how he followed Epstein's criminal enterprise from Florida, to New York, to Europe, to a Caribbean island, and, in the process, became the one person Epstein most feared could take him down. Epstein and his cadre of high-priced lawyers were able to manipulate the FBI and the Justice Department, but despite making threats and attempting schemes straight out of a spy movie, Epstein couldn't stop Edwards, his small team of committed lawyers, and, most of all, the victims, who were dead-set on seeing their abuser finally put behind bars.

ONE MAN'S VOYAGE IN PURSUIT OF FREEDOM

Fernhurst Books Limited Martyn Murray was finding modern life, with all its restrictions and controls, suffocating. Following years of soul-searching, his father's death triggered him into opening the old logbooks and charts to retrace the sailing trips they had once shared together. He determined to revisit those waters and bring home the freedom of the seas. Falling in love with an old ketch in Ireland, he bought and restored her enough to sail back to Scotland. Over the next two summers he cruised Scotland's Western Isles, with one goal: to reach St Kilda - the remotest part of the British Isles, 40 miles from the Outer Hebrides. During his cruising he considered the islanders and their sense of freedom - often restricted by absentee landlords and officialdom. He railed against bureaucracy and commercial enterprise restricting the yachtsman's ability to roam free. For parts of his journey he was joined by the beguiling Kyla; a rare, independent spirit who both excited and frustrated Martyn. But much of Martyn's voyaging was undertaken alone, encountering a variety of places, situations and characters along the way. He attempted his long-awaited sail out to St Kilda through the teeth of a storm, believing that achieving this feat would bring him the freedom and clarity that he craved. What he came up against was far more testing and turbulent than the tides and gales of the North Atlantic. As he sailed back to the mainland things fell into place: a sense of achievement in completing the arduous voyage alone, but - most of all - an understanding of who he is, clarity on his relationship with Kyla and a real sense of his own freedom.
