**The World of Columbus and Sons** Beautiful Feet Books, Inc. **The World of Columbus and Sons. Illustrated by the Author The Catalogue of Shipwrecked Books Christopher Columbus, His Son, and the Quest to Build the World's Greatest Library** Scribner This impeccably researched and "adventure-packed" (The Washington Post) account of the obsessive quest by Christopher Columbus's son to create the greatest library in the world is "the stuff of Hollywood blockbusters" (NPR) and offers a vivid picture of Europe on the verge of becoming modern. At the peak of the Age of Exploration, Hernando Colón sailed with his father Christopher Columbus on his final voyage to the New World, a journey that ended in disaster, bloody mutiny, and shipwreck. After Columbus's death in 1506, eighteen-year-old Hernando sought to continue—and surpass—his father's campaign to explore the boundaries of the known world by building a library that would collect everything ever printed: a vast holding organized by summaries and catalogues; really, the first ever database for the exploding diversity of written matter as the printing press proliferated across Europe. Hernando traveled extensively and obsessively amassed his collection based on the groundbreaking conviction that a library of universal knowledge should include "all books, in all languages and on all subjects," even material often dismissed: ballads, erotica, news pamphlets, almanacs, popular images, romances, fables. The loss of part of his collection to another maritime disaster in 1522, set off the final scramble to complete this sublime project, a race against time to realize a vision of near-impossible perfection. "Magnificent...a thrill on almost every page" (The New York Times Book Review), The Catalogue of Shipwrecked Books is a window into sixteenth-century Europe's information revolution, and a reflection of the passion and intrigues that lie beneath our own insatiable desires to bring order to the world today. **the World of Columbus and Sons Hernando Colon's New World of Books Toward a Cartography of Knowledge** Yale University Press The untold story of the greatest library of the Renaissance and its creator Hernando Colón This engaging book offers the first comprehensive account of the extraordinary projects of Hernando Colón,

son of Christopher Columbus, which culminated in the creation of the greatest library of the Renaissance, with ambitions to be universal--that is, to bring together copies of every book, on every subject and in every language. Pérez Fernández and Wilson-Lee situate Hernando's projects within the rapidly changing landscape of early modern knowledge, providing a concise history of the collection of information and the origins of public libraries, examining the challenges he faced and the solutions he devised. The two authors combine "meticulous research with deep and original thought," shedding light on the history of libraries and the organization of knowledge. The result is an essential reference text for scholars of the early modern period, and for anyone interested in the expansion and dissemination of information and knowledge.

**A People's History of the United States 1492-Present** Harper Collins Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

**The Last Voyage of Columbus Being the Epic Tale of the Great Captain's Fourth Expedition, Including Accounts of Swordfight, Mutiny, Shipwreck, Gold, War, Hurricane, and Discovery** Little, Brown The Year is 1500. Christopher Columbus, stripped of his title Admiral of the Ocean Seas, waits in chains in a Caribbean prison built under his orders, looking out at the colony that he founded, nurtured, and ruled for eight years. Less than a decade after discovering the New World, he has fallen into disgrace, accused by the royal court of being a liar, a secret Jew, and a foreigner who sought to steal the riches of the New World for himself. The tall, freckled explorer with the aquiline nose, whose flaming red hair long ago turned gray, passes his days in prayer and rumination, trying to ignore the waterfront gallows that are all too visible from his cell. And he plots for one great escape, one last voyage to the ends of the earth, one final chance to prove himself. What follows is one of history's most epic -- and forgotten -- adventures. Columbus himself would later claim that his fourth voyage was his greatest. It was without doubt his most treacherous. Of the four ships he led into the unknown, none returned. Columbus would face the worst storms a European explorer had ever encountered. He would battle to survive amid mutiny, war, and a shipwreck that left him stranded on a desert isle for almost a year. On his tail were his enemies, sent from Europe to track him down. In front of him: the unknown. Martin Dugard's thrilling account of this final voyage brings Columbus to life as never before--adventurer, businessman, father, lover, tyrant, and hero.

**Will The Sunday Times Bestselling Autobiography** Random House The Instant Sunday Times Bestseller The Instant #1 New York Times Bestseller PRAISE FOR WILL 'The best memoir I ever read' Oprah Winfrey 'If you read one book this year, make it this one' Jay Shetty 'Incredible' Idris Elba 'The book is awesome. So candid and considered...fascinating' Chris Evans 'A triumph...really inspiring, so well written, vulnerable and deep. I highly recommend it' Mindy Kaling 'It's fantastic...very moving' Zoe Ball 'Incredibly honest...inspiring' Greg James 'A wild ride' New York Times 'Raw, comedic, inspirational' GQ One of the most dynamic and globally recognized entertainment forces of our time opens up fully about his life, in a brave and inspiring book that traces his learning curve to a place where outer success, inner happiness, and human connection are aligned. Along the way, Will tells the story in full of one of the most amazing rides through the worlds of music and film

that anyone has ever had. Will Smith's transformation from a fearful child in a tense West Philadelphia home to one of the biggest rap stars of his era and then one of the biggest movie stars in Hollywood history, with a string of box office successes that will likely never be broken, is an epic tale of inner transformation and outer triumph, and Will tells it astonishingly well. But it's only half the story. Will Smith thought, with good reason, that he had won at life: not only was his own success unparalleled, his whole family was at the pinnacle of the entertainment world. Only they didn't see it that way: they felt more like star performers in his circus, a seven-days-a-week job they hadn't signed up for. It turned out Will Smith's education wasn't nearly over. This memoir is the product of a profound journey of self-knowledge, a reckoning with all that your will can get you and all that it can leave behind. Written with the help of Mark Manson, author of the multi-million-copy bestseller *The Subtle Art of Not Giving a F\*ck*, Will is the story of how one exceptional man mastered his own emotions, written in a way that can help everyone else do the same. Few of us will know the pressure of performing on the world's biggest stages for the highest of stakes, but we can all understand that the fuel that works for one stage of our journey might have to be changed if we want to make it all the way home. The combination of genuine wisdom of universal value and a life story that is preposterously entertaining, even astonishing, puts Will the book, like its author, in a category by itself. 'Bracingly honest, vivid and compelling ... how an average talent became the biggest movie star in the world' *The Times* 'The Hollywood star's autobiography is full of indiscretions, drug-fuelled escapades and terrible parenting. Who could ask for more?' *Telegraph* 'It's not every day a Hollywood A-lister like Will Smith writes his life story - and there are certainly some eye-popping revelations' *Sun* 'Candid ... digs into the life events which fine-tuned Smith's weapons-grade charisma and steely determination' *Observer* 'I absolutely loved it...no holds barred...I felt as if Will Smith was talking to me. It's a testament to him and to his family' *Lorraine Kelly*

Filled with suspense, unlikely coincidences, wrenching tragedies and marvellous flights of lyricism and

erudition, the novel carries the reader effortlessly along with Marco's search - for love, for his unknown father, and for the key to the elusive riddle of his origins and his fate. 'Clever: very. Surprising: always - Auster is a master.' The Times **The Song of Achilles** A&C Black SHORTLISTED FOR THE ORANGE PRIZE FOR FICTION 2012 Greece in the age of heroes. Brilliant and trenchant, witty and wise, Fallen Idols is a book you will adore, devour, and talk about to everyone you know. Hesitate no longer; buy this book.' Suzannah Lipscomb, author, award-winning historian and broadcaster 'Like all the best historians von Tunzelmann uses the past to explain what the hell is going on today. She does so with a flair, her signature mix of scholarship and succinctness that is so compelling. If you want to make sense of the statues debate, and the coming culture war over our history, this is where you need to start.' Dan Snow 'A timely, sparkling and often hilarious book.' Michael Wood In 2020, statues across the world were pulled down in an extraordinary wave of global iconoclasm. From the United States and the United Kingdom to Canada, South Africa, the Caribbean, India, Bangladesh, and New Zealand, Black Lives Matter protests defaced and hauled down statues of slaveholders, Confederates, and imperialists. Edward Colston was hurled into the harbour in Bristol, England. Robert E. Lee was covered in graffiti in Richmond, Virginia. Christopher Columbus was toppled in Minnesota, beheaded in Massachusetts, and thrown into a lake in Virginia. King Leopold II of the Belgians was set on fire in Antwerp and doused in red paint in Ghent. Winston Churchill was daubed with the word 'racist' in London. Statues are one of the most visible - and

controversial - forms of historical storytelling. The stories we tell about history are vital to how we, as societies, understand our past and create our future. So whose stories do we tell? Who or what defines us? What if we don't all agree? How is history made, and why? **FALLEN IDOLS** looks at twelve statues in modern history. It looks at why they were put up; the stories they were supposed to tell; why those stories were challenged; and how they came down. History is not erased when statues are pulled down. If anything, it is made. **Abraham Lincoln's World** Beautiful Feet Books, Inc. A historical survey of Europe, Asia, Africa, and the Americas during the lifetime of Abraham Lincoln, examining people, places, and events which gave color to the world of the nineteenth century. **Titans of History The Giants Who Made Our World** Hachette UK NEW EDITION - FEATURING UPDATED INTRODUCTION AND NEW CHAPTERS The giant characters of history - from Mozart to Michelangelo, Shakespeare to Einstein, Henry VIII to Hitler, Catherine the Great to Margaret Thatcher, Jesus Christ to Genghis Khan - lived lives of astonishing drama and adventure, debauchery and slaughter, but they also formed our world and will shape our future. In this eclectic and surprising collection of short and entertaining life stories, Simon Sebag Montefiore introduces his choice of kings, empresses, sultans and conquerors, as well as prophets, explorers, artists, actresses, courtesans and psychopaths. From the ancient times, via crusades and world wars, up to the 21st century, this accessible history introduces readers to the titans who changed the world: the characters we should all know, and the stories we should never forget. **Monsters We Met Man's Battle with Prehistoric Animals** Homo sapiens began to explore the world beyond Africa only 100,000 years ago. These people were not primitive cavemen, but as intelligent as ourselves. Thousands of years before Cook or Columbus, they pioneered a route from Africa through Eurasia to Australia, northern Europe, the Americas, and ultimately the shores of remote islands such as New Zealand. What our ancestors found was not the planet that we know today, but instead a prehistoric world ruled by giant animals, 'monsters' that had risen from the ashes of the dinosaurs. **Monsters We Met** tells the greatest untold story of our species: how humans discovered all the continents and met Earth's extraordinary megafauna - enormous lizards, horse-sized bears, terrible cats, colossal birds and lumbering plant-eaters. In the first review of its kind, and drawing on the latest research from science, archaeology and anthropology, this book sets out to answer some vital questions. Did we battle with megafauna for control of Earth, or did they disappear for other reasons? Why does one animal, Homo sapiens, dominate our world today, and at what cost? And what is the message from prehistory for us now? **Each Kindness** Penguin WINNER OF A CORETTA SCOTT KING HONOR AND THE JANE ADDAMS PEACE AWARD! **Each kindness makes the world a little better** This unforgettable book is written and illustrated by the award-winning team that created *The Other Side* and the Caldecott Honor winner *Coming On Home Soon*.
