The father of modern hairdressing, his slick sharp cutting took the fashion world by storm and reinvented the hairdressers' art. Before Vidal Sassoon, a trip to the hairdressers meant a shampoo and set or a stiffly lacquered up-do that would last a week - or more. After Vidal Sassoon, hair was sleek, smooth and very, very stylish. Along with his lifelong friend and partner in style, Mary Quant, who he first met in 1957 and who to this day sports a Sassoon-style geometric bob, he styled the 1960s. As memorable as the mini - be it car or skirt - he is one of the few people who can genuinely be described as iconic. His memoirs are as rich in anecdote as one might hope and full of surprising and often moving stories of his early life - his time at the Spanish & Portuguese Jewish Orphanage in Maida Vale, fighting Fascists in London's East End and fighting in the army of the fledgling state of Israel in the late Forties. And then there's the extraordinary career, during which he cut the hair of everyone who was anyone, launched salons all over the world, founded the hairdressing school that still bears his name and became a global brand, with Vidal Sassoon products on all our bathroom shelves. **BASIC HAIR CUT VIDAL SASSOON WAY The American Beauty Industry Encyclopedia** ABC-CLIO *This is the first encyclopedia to focus exclusively on the many aspects of the American beauty industry, covering both its diverse origins and its global reach. * More than 100 entries cover many facets of the American beauty industry * Over 40 contributors provide a variety of perspectives * Some three dozen photographs capture various aspects of this pervasive industry * Includes a chronology and a selected bibliography* **ABC Cutting Hair the Sassoon Way Encyclopedia of Hair A Cultural History** Greenwood Publishing Group *Describes the cultural, historical, and scientific aspects of hairdressing and hairstyling throughout history. **Matter: Material Processes in Architectural Production** Routledge Combining essays from both practice and academia, this book includes some of the most significant projects and thoughts on materiality from the last decade. It was the Dawning of the Age of Aquarius. Everyone was trying to find themselves, look out for number one, and make peace at any price. The fear of Sputniks, invasions from Mars, and fallouts topped the list of things scaring the hell out of everybody. Music changed from country and folk to rockabilly to rock-and-roll by Elvis the pelvis. Then, there was sweet soul music, the British Invasion and disco. Hairdos went from French twists, Beehives, and Barrel Curls to the Flip, just in time for everyone to flip out, tune in, and turn on. The big blue, Valium, soon calmed the wave of high anxiety that was suddenly upon us. You know the old saying about the 60s...If you remember the 60s, then you weren't there. Enjoy, it's a keeper! Also included are a few poems and little life lessons we should learn to make this world a better place. **Aitch: A Life in Colour Conversations with my hair stylist** Troubador Publishing Ltd We've all chatted with our hair stylist. But how often do our conversations reveal extraordinary stories of a life full of colour, glamour and drama? A Life in Colour tells the remarkable story of Aitch Peters, a leading international hair stylist, through a series of conversations with his client Jill King, at the Sassoon salon in the City of London. Through their conversations - lively, funny and at times shocking - Aitch's inspirational story is told, from his humble beginnings in Dominica to a life of creativity, glamour and adventure. As Aitch styles Jill's hair, his experiences, thoughts and creative inspirations are explored and brought vividly to life. Aitch's career began when he walked through the doors of the Sassoon Academy in 1973. From there he rose to become a creative director in London, Munich and Los Angeles. His celebrity clients have included everyone from Mariah Carey, Faye Dunaway, Jody Watley, Tracey Ullman, Whoopi Goldberg and Nicolas Cage, to the Reverend Jesse Jackson and the First Lady of the Philippines. He's worked with leading photographers including David Bailey, Annie Leibovitz, Lord Lichfield and Terry O'Neil, and his work has featured in Italian Vogue, Harpers & Queen and Tatler magazine. The book also describes the relationship between hair stylist and client. While Aitch and Jill appear to be the most unlikely of couples, they gradually come to appreciate the parallels in their lives and values. This innovative biography will appeal to those in the world of hairdressing, people who enjoy fashion, beauty and glamour, and anyone intrigued by an unusual story. **Upper Cut Highlights of My Hollywood Life** Simon and Schuster Shampoo meets You'll Never Eat Lunch In This Town Again in a rollicking and riveting memoir from the woman who for decades styled Hollywood's most celebrated players. **Vidal Sassoon How One Man Changed the World with a Pair of Scissors** Rizzoli Publications A captivating look at the career of social and style revolutionary Vidal Sassoon. A visionary hairstylist who became a household name, Vidal Sassoon was an instrument of change during the cultural shifts of the 1960s. Inspired by Bauhaus architecture, Sassoon's career took off with the Nancy Kwan bob in 1963, followed by the boyish five-point haircut that blurred class and sexual distinctions in the unisex era. These low-maintenance styles signaled liberation from the constraints of the past and led to a mix of social strata in his Bond Street salon as both ladies and shoppirls had their hair trimmed side by side. His singular and iconic haircuts for tastemakers such as Grace Coddington and Mia Farrow charted a new course for ideals of feminine beauty. Combining fashion photography, candid snapshots, and recollections by Sassoon and members of his artistic circle, such as David Bailey, Terence Donovan, and Mary Quant, this book is a fascinating look at one man's driven efforts to transform style and the radical changes wrought by progressive fashion. **The Elephants in My Backyard A Memoir** Simon and Schuster Rajiv Surendra (the rapping mathlete from Mean Girls) read Life of Pi, discovered it was being adapted into a major motion picture, and embarked on a ten-year journey to land the role of a lifetime - but this is not a journey of goals and victories, this is a story of obsessively pursuing a dream, overcoming failure, and finding meaning in life. As their increasingly wild, untamed manes grew, to the horror of parents everywhere, they set off a cultural revolution as the most tangible symbol of the Sixties' psychedelic dream of peace, love and playful rebellion. In the midst of this epochal change was Leslie Cavendish, hairdresser to the Beatles and some of the greatest stars of the music and entertainment industry. But just how did a fifteen-year-old Jewish school dropout from an undistinguished North London suburb, with no particular artistic talent or showbusiness connections, end up literally at the cutting edge of Sixties' fashion in just four years? His story - honest, always entertaining and inspiring - parallels the meteoric rise of the Beatles themselves, and is no less astounding. **Fantasy Femmes of Sixties Cinema Interviews with 20 Actresses from Biker, Beach, and Elvis Movies** McFarland Elvis Presley musicals, beach romps, biker flicks, and alienated youth movies were some of the most popular types of drive-in films during the sixties. The actresses interviewed for this book (including Celeste Yarnall, Lana Wood, Linda Harrison, Pamela Tiffin, Deanna Lund, Diane McBain, Judy Pace, and Chris Noel) all made their mark in these genres. These fantastic femmes could be found either twisting on the shores of Malibu, careening down the highway on a chopper, being serenaded by Elvis, or taking on the establishment as hip coeds. As cult figures, they contributed greatly to that period of filmmaking aimed at the teenage audience who frequented the drive-ins of America. They frolicked, screamed, and danced their way into B-movie history in such diverse films as Eve, Teenage Millionaire, The Girls on the Beach, Dr. Goldfoot and the Bikini Machine, Three in the Attic, Wild in the Streets, and Paradise, Hawaiian Style. This book is a celebration of the actresses' careers. They have for the most part been overlooked in other publications documenting the history of film. Fantasy Femmes addresses their film and television careers, focusing on their view of the above genres, their candid comments and anecdotes about their films, the people they worked with, and their feelings in general regarding their lives and the choices they made. Based on the industry's leading certification from the Digital Marketing Institute (DMI), this book presents an innovative methodology for successful digital marketing: start with the customer and work backwards. A campaign is only effective as it is reflective of the consumer's wants, needs, preferences, and inclinations; the DMI framework provides structured, implementable, iterative direction for getting it right every time. The heart of the framework is a three-step process called the 3i Principles: Initiate, Iterate, and Integrate. This simple idea translates into higher engagement, real customer interaction, and multichannel campaigns that extend even into traditional marketing channels. The evolution of digital marketing isn't really about the brands; it's about consumers exercising more control over their choices. This book demonstrates how using this single realization as a starting point helps you build and implement more effective campaigns. Get inside the customer's head with deep consumer research Constantly improve your campaigns based on feedback and interactions Integrate digital activities across channels, including traditional marketing Build campaigns based on customer choice and control Digital marketing turns traditional marketing models on their heads. Instead of telling the customer what to think, you find out what they already think and go from there. Instead of front-loading resources, you continually adjust your approach based on real interactions with real customers every day. Digital marketing operates within its own paradigm, and The Art of Digital Marketing opens the door for your next campaign. **Strengthening Forensic Science in the United States A Path Forward** National Academies Press Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. Strengthening Forensic Science in the United States: A Path Forward provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. Strengthening Forensic Science in the United States gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators. **Switched On Women Who Revolutionized Style in the 60's** Simon and Schuster "Sixties counter-culture led to a revolution in fashion so profound that its contemporary influence remains unparalleled.
