---

### WHO WAS CHRISTOPHER COLUMBUS?

---

*Penguin Offers insight into the historical events that prompted Columbus' efforts to establish new trade routes to the Indies, his struggles to obtain financial support for his voyages, and the important discoveries that caused him to become known as the "Great Admiral of the Seas."*

---

### THE DIARIO OF CHRISTOPHER COLUMBUS'S FIRST VOYAGE TO AMERICA, 1492-1493

---

*University of Oklahoma Press This definitive edition of Columbus's account of the voyage presents the most accurate printed version of his journal available to date. Unfortunately both Columbus's original manuscript, presented to Ferdinand and Isabella along with other evidence of his discoveries, and a single complete copy have been lost for centuries. The primary surviving record of the voyage-part quotation, part summary of the complete copy-is a transcription made by Bartolome de las Casas in the 1530s. This new edition of the Las Casas manuscript presents its entire contents-including notes, insertions, and canceled text-more accurately, completely, and graphically than any other Spanish text published so far. In addition, the new translation, which strives for readability and accuracy, appears on pages facing the Spanish, encouraging on-the-spot comparisons of the translation with the original. Study of the work is further facilitated by extensive notes, documenting differences between the editors' transcription and translation and those of other transcribers and translators and summarizing current research and debates on unanswered current research and debates on unanswered questions concerning the voyage. In addition to being the only edition in which Spanish and English are presented side by side, this edition includes the only concordance ever prepared for the Diario. Awaited by scholars, this new edition will help reduce the guesswork that has long plagued the study of Columbus's voyage. It may shed light on a number of issues related to Columbus's navigational methods and the identity of his landing places, issues whose resolution depend, at least in part, on an accurate transcription of the Diario. Containing day-by-day accounts of the voyage and the first sighting of land, of the first encounters with the native populations and the first appraisals of his islands explored, and of a suspenseful return voyage to Spain, the Diario provides a fascinating and useful account to historians, geographers, anthropologists, sailors, students, and anyone else interested in the discovery-or in a very good sea story. Oliver Dunn received the PH.D. degree from Cornell University. He is Professor Emeritus in Purdue University and a longtime student of Spanish and early history of Spanish America. James E. Kelley, Jr., received the M.A. degree from American University. A mathematician and computer and management consultant by vocation, for the past twenty years he has studied the history of European cartography and navigation in late-medieval times. Both are members of the Society for the History of Discoveries and have written extensively on the history of navigation and on Columbus's first voyage, Although they remain unconvinced of its conclusions, both were consultants to the National Geographic Society's 1986 effort to establish Samana Cay as the site of Columbus's first landing.*

### A LIFE FROM BEGINNING TO END

---

[Createspace Independent Publishing Platform](#) *Christopher Columbus Everyone knows who Christopher Columbus is, and everyone knows what he discovered and what he is famous for. Who, really, is this man, so shrouded in mystery? Columbus would tell you he was inspired by God to make his voyages, and it takes a brave soul indeed to sail out into the ocean blue where no one has gone before. Inside you will read about... - Early Life - The Silk Road and Beyond - Columbus' Quest for a Voyage - First Voyage - Second Voyage - Third and Fourth Voyages - Governor of the Indies And much more! In this eBook, you'll find out all about this most remarkable of men. You will uncover why he thought it so important to never give up on his dream, and how impossible his struggles became with each voyage he made. What was it like to sail over the edge of the ocean? This was a voyage not just anyone could undertake. It was the bravery and the brilliance of a man like Christopher Columbus who would make his dream come true and inspire a world to follow him.*

---

## THE FOUR VOYAGES OF CHRISTOPHER COLUMBUS

---

[Penguin UK](#) *No gamble in history has been more momentous than the landfall of Columbus's ship the Santa Maria in the Americas in 1492 - an event that paved the way for the conquest of a 'New World'. The accounts collected here provide a vivid narrative of his voyages throughout the Caribbean and finally to the mainland of Central America, although he still believed he had reached Asia. Columbus himself is revealed as a fascinating and contradictory figure, fluctuating from awed enthusiasm to paranoia and eccentric geographical speculation. Prey to petty quarrels with his officers, his pious desire to bring Christian civilization to 'savages' matched by his rapacity for gold, Columbus was nonetheless an explorer and seaman of staggering vision and achievement.*

---

*Twenty-First Century Books* A biography of Christopher Columbus with emphasis on how historians have worked and are still working to find out the truth about his life and discoveries.

---

---

### **THE LIFE OF CHRISTOPHER COLUMBUS FROM HIS OWN LETTERS AND JOURNALS**

---

---

*1st World Publishing* This book contains a life of Columbus, written with the hope of interesting all classes of readers. His life has often been written, and it has sometimes been well written. The great book of our countryman, Washington Irving, is a noble model of diligent work given to a very difficult subject. And I think every person who has dealt with the life of Columbus since Irving's time, has expressed his gratitude and respect for the author. According to the custom of biographers, in that time and since, he includes in those volumes the whole history of the West India islands, for the period after Columbus discovered them till his death. He also thinks it his duty to include much of the history of Spain and of the Spanish court. I do not myself believe that it is wise to attempt, in a book of biography, so considerable a study of the history of the time. Whether it be wise or not, I have not attempted it in this book. I have rather attempted to follow closely the personal fortunes of Christopher Columbus, and, to the history around him, I have given only such space as seemed absolutely necessary for the illustration of those fortunes.

*Chicago Review Press* An NCSS Notable Social Studies Trade Book for Young People Christopher Columbus is one of the most famous people in world history, yet few know the full story of the amazing, resourceful, and tragic Italian explorer. *Christopher Columbus and the Age of Exploration for Kids* portrays the "Admiral of the Ocean Seas" neither as hero nor heel but as a flawed and complex man whose significance is undeniably monumental. Kids will gain a fuller picture of the seafarer's life, his impact, and the dangers and thrills of exploration as they learn about all four of Columbus's voyages to the New World, not just his first, as well as the year that Columbus spent stranded on the island of Jamaica without hope of rescue. Students, parents, and teachers will appreciate the in-depth discussions of the indigenous peoples of the New World and of the consequences of Columbus's voyages—the exchange of diseases, ideas, crops, and populations between the New World and the Old. Fun hands-on activities illuminate both the nautical concepts introduced and the times in which Columbus lived. Kids can: Tie nautical knots Conduct a blanket (silent) trade Make a compass Simulate a hurricane Take nautical measurements And much more

**CHRISTOPHER COLUMBUS**

---

**EXPLORER AND COLONIZER OF THE NEW WORLD**

---

*The Rosen Publishing Group, Inc* *The true legacy of Christopher Columbus is much more complex than the familiar myth of him as the celebrated founder of the New World. On his voyages to islands in the Caribbean, he killed and enslaved many native people and was even arrested in Spain for his tyrannical governance of the lands he still believed to be the Indies. This resource takes a critical look at Columbus's actions, their implications for colonization and cross-cultural exchange, and their lasting impact on today's world.*

---

*Martino Fine Books* *2011 Reprint of the 1920 Edition. Illustrated by Cosgrove. Full facsimile of the original edition, not reproduced with Optical Recognition Software. This is the actual log of Christopher Columbus as copied out by his companion, Bartholomew Las Casas. Besides being authentic source material about the voyage and the core of the Columbus legend, this journal has all the day-by-day enchantment of a long sea voyage with all the drama of a small ship steering into the unknown-the first pelican, a crab in the seaweed, a branch of roseberries and a carved log found floating in the water, mutterings of mutiny and the constant watch for signs of land. John Cosgrove, the illustrator, adds to the book on every page with pictures of whales and riggings, compasses and charts, which are both decorative and accurate pictorial footnotes to the log.*

## **CHRISTOPHER COLUMBUS AND THE AGE OF EXPLORATION FOR KIDS**

---

### **WITH 21 ACTIVITIES**

---

*Chicago Review Press* While all kids know something about Christopher Columbus, few know the full story of this amazing, resourceful, and tragic man of history. *Christopher Columbus and the Age of Exploration for Kids* takes a comprehensive, nuanced, and inclusive approach to Columbus, placing him in the context of the explorations that came before, during, and after his lifetime and portraying the “Admiral of the Ocean Seas” neither as hero nor heel but as a flawed and complex man whose significance is undeniably monumental. Providing kids, parents, and teachers with a fuller picture of the seafaring life and the dangers and thrills of exploration, the book details all four of Columbus’s voyages to the New World, not just his first, and describes the year that Columbus spent stranded on the island of Jamaica without hope of rescue. A full chapter is devoted to painting a more complex portrait of the indigenous peoples of the New World and another to the consequences of Columbus’s voyages—the exchange of diseases, ideas, crops, and populations between the New World and the Old. Engaging crosscurricular activities such as taking nautical measurements, simulating a hurricane, making an ancient globe, and conducting silent trade elucidate both nautical concepts introduced and the times in which Columbus lived. Ronald Reis is the technology department chair at Los Angeles Valley College and the award-winning author of sixteen nonfiction books for young adults on subjects as varied as African Americans and the Civil War and Simón Bolívar.

### **CHRISTOPHER COLUMBUS, HIS SON, AND THE QUEST TO BUILD THE WORLD'S GREATEST LIBRARY**

---

*Scribner* This impeccably researched and “adventure-packed” (*The Washington Post*) account of the obsessive quest by Christopher Columbus’s son to create the greatest library in the world is “the stuff of Hollywood blockbusters” (*NPR*) and offers a vivid picture of Europe on the verge of becoming modern. At the peak of the Age of Exploration, Hernando Colón sailed with his father Christopher Columbus on his final voyage to the New World, a journey that ended in disaster, bloody mutiny, and shipwreck. After Columbus’s death in 1506, eighteen-year-old Hernando sought to continue—and surpass—his father’s campaign to explore the boundaries of the known world by building a library that would collect everything ever printed: a vast holding organized by summaries and catalogues; really, the first ever database for the exploding diversity of written matter as the printing press proliferated across Europe. Hernando traveled extensively and obsessively amassed his collection based on the groundbreaking conviction that a library of universal knowledge should include “all books, in all languages and on all subjects,” even material often dismissed: ballads, erotica, news pamphlets, almanacs, popular images, romances, fables. The loss of part of his collection to another maritime disaster in 1522, set off the final scramble to complete this sublime project, a race against time to realize a vision of near-impossible perfection. “Magnificent...a thrill on almost every page” (*The New York Times Book Review*), *The Catalogue of Shipwrecked Books* is a window into sixteenth-century Europe’s information revolution, and a reflection of the passion and intrigues that lie beneath our own insatiable desires to bring order to the world today.
